Floods Chase Hundreds In Three States

By The Associated Press

Rivers fed with melting snows have flooded areas of three Upper Midwest states, taking the life of a second Minnesotan and forcing hundreds to evacuate their homes.

Students joined other volunteers at Sioux City, Iowa, to rush construction of a sandbag dike for protection against the rising Big Sioux River.

This was the flood situation today in Minnesota, Iowa and South Dakota:

—Minnesota: The state counted its second flood drowning victim Tuesday when Bernard Knudson, 60, of Kinbrae, fell into Heron Lake while poling ice from the supports of a railroad trestle. Earlier, Thomas Bieraugel, 18, of New Ulm, drowned while canoeing on a flooded river.

Many highways in the state were covered with water and some were closed. Officials evacuated 35 families at Dawson on Lac Qui Parle River where water was 7½ feet above flood stage; 14 families were taken out of Windom and another 200 were expected to leave; 7 were evacuated at Jackson.

—Iowa: 350 persons were evacuated at Cherokee on the Little Soux River and another 6 families at Akron. The Big Sioux River was expected to crest at a record 15 feet above flood stage at Sioux City on Thursday.

—South Dakota: The weather bureau reported a record flood crest swirling down the Big Sioux in the southeastern part of the state. Most of the town of Renner and parts of Dell Rapids were evacuated Tuesday night.

In Wisconsin the flood threat was eased as snow in the Northwoods melted slower than anticipated. Levee and sandbag work continued along the Mississippi itself where cresting will threaten several towns later this month.

Gov. Warren P. Knowles toured the Mississippi Tuesday and said he was "pleased and delighted" with preparations. Officials said the La Crosse area alone is investing $185,000 in levee work that could prevent $12 million damage.

In Sioux City, Iowa, high school and college coeds worked alongside Navy veterans Tuesday night as floodlights illuminated the dark swirling waters of the Big Sioux.

"We're here to help. So what if we're girls," said a student nurse from St. Vincent's Academy of Nursing.

"It's kind of fun, but I'm getting tired," said a Riverside High School girl from Sioux City.

One of her male classmates said he "was about bushed. I've been filling and throwing these damn sandbags for about 12 hours."

However he voiced the opinion of most of the students who were building a three-foot sandbag dike in the north edge of the city when he said he would stay all night "if they need me."

Some students returned from Easter vacation early in order to help with the dike, which protects an essentially low income area of the city.

Egyptian And Israeli Guns Again Duel Across Canal

U.N. Cease-Fire Stilled First Clash Along Waterway

By The Associated Press

Egypt said a second artillery duel flared across the Suez Canal late Tuesday, nine hours after a U.N. cease-fire stilled Egyptian and Israeli guns along the waterway.

The first duel lasted five hours; an Egyptian communique estimated Israeli losses at 40 killed and wounded, but the Israelis said four of their soldiers were wounded.

An Egyptian communique said the Israelis began firing across the canal again at 10:45 p.m., and the duel continued for an hour and a half.

"The enemy concentrated his fire at the Suez port of Taufik and south of Bitter Lake," Cairo Radio reported. "The Israelis tried to resume fighting in view of their huge losses in earlier clashes, but our forces responded immediately and silenced the enemy positions. There were no casualties among our forces."

The broadcast said fires were raging at Mousa Oasis, from where the Israelis allegedly began firing.

The Suez hostilities were preceded Tuesday by a Jordanian rocket attack on Elath, Israel's gateway through the Gulf of Aqaba to East Africa and the Far East, and a retaliatory air raid by Israeli jets on Aqaba, Jordan's only port.

The fighting provided a gloomy backdrop for talks between President Nixon and King Hussein of Jordan, who began a three-day visit to Washington Tuesday. Hussein spoke about the "explosive situation" and warned that time is running out.

'As Soon As Possible'

Officers' Return Due At Wellsville

Full police protection once more appears near for the city of Wellsville.

This is the word from Atty. William J. Telzrow Jr., representing the officers in wage negotiations with Council.

Telzrow pointed out that Patrolman James McMahon reported for duty Tuesday at 4 p.m. and that the remainder of the men are expected to be back on the job "as soon as possible."

—:—

TELZROW, in a statement, said the first reaction of the police "was anger and a determination to strike back," but said that "after much soul - searching" the welfare of the residents of Wellsville was placed ahead of personal feelings.

He said police department representatives were "angered and disappointed" at Council's "reckless accusation" that they were engaged in irresponsible and dishonest activity in connection with wage negotiations.

"Council consistantly has recognized the fact that the police were underpaid and yet at the second meeting of the parties Council proposed a solution which could have resulted in less money for the policemen than they would receive for last year," the statement continued.

Telzrow declared that in view of the later 10 per cent raise "it is obvious that Council's first offer was not in good faith and it was at this point that we were forced to take our cause to the public, and we did release accurate information to the press."

Grand Jurors Launch Work On 50 Cases

13 Women, 2 Men Sworn In; 39 Due To Testify Today

LISBON — Thirteen women and two men comprise the Columbiana County Grand Jury sworn in this morning by Judge Raymond S. Buzzard in Common Pleas Court.

The panel began work immediately with Prosecuting Atty. J. Warren Bettis and Assistant Richard Clark. Thirty - nine witnesses have been called to testify in 10 cases today.

More than 40 cases will be considered. The prosecutor told the court the investigations will require about one week.

Judge Buzzard appointed as foreman Richard T. Speidel of Hanoverton RD 1, vice president of the Farmers National Bank of Salem. The other jurors are:

Iris J. Capehart, Ailene K. Galloway, Lucille Wright and Virginia I. Osborn of East Liverpool, Jean Crowell and Tamer L. Riddle of Lisbon, Olive Biery of Columbiana, Dorothy Thompson of East Palestine, Eileen Lowmiller of Minerva RD and Minnie Cope, Thelma Talbot, Virginia Limestahl and John H. Eddy of Salem.

Ilma Cartwright of East Palestine is the alternate.

Arson Eyed As Cause Of Barn Blaze

SUMMITVILLE — An arson investigation is under way in connection with the destruction of a Wayne Township barn by fire early this morning.

Flames broke out before midnight in the large 40-by-50-foot structure along Township Rd. 754 (Hull Rd.) about four miles east of here. The barn, located on what was known as the Norman Benner farm, is owned by Bill Davis of Sebring.

The blaze first was spotted by the family of Mr. and Mrs. Donald Smail and Joseph Smail, who reside in the house on the tract. Mrs. Smail said the whole interior of the barn was aflame at the time.

Franklin Township firemen were summoned at 12:10 a.m. and just prior to their arrival at 12:23, the roof of the structure collapsed, Constable Forrest Young said.

The department stood by, wetting down and saving a nearby garage, some pine trees and a corn crib.

Tops of some trees in a thick woods across the road ignited from aprks and the West Point Fire Department and the Forestry Service were called to assist. The Foresty Service sent a truck along with a plane which was used to observe if any other area of the deep woods caught fire. Firemen were able to wet down the trees to prevent any spread.

The barn contained about 600 bushel of oats, some 4,000 bales of hay, a hay mower conditioner and wagon, all owned by Joseph Hruby of Wayne Township and Steve Hruby of near Millport, brothers. There was some insurance coverage.

Davis owned some beef cattle which roamed in and out of the barn and which were fed at 5:30 p.m. yesterday. Davis said he would not know if any perished until he checked the herd later today.

Young, who remained at the scene until 6 a.m. today, said the blaze apparently was set deliberately.

Two Claimed By Sewer Gas At Lead Plant

MONACA — Sulphur dioxide poisoning has been blamed for Tuesday's deaths of two St. Joseph Lead Co. employes.

The bodies of John L. Kaufold Jr., 34, of 302 6th Ave., New Brighton, and James Lee Sheline, 21, of Park IV Apts., Beaver, were found at 3 p.m. in a sewer manhole on the company's grounds in Potter Township.

The men, technical trainees, were running full measure tests on sewage flow.

Ralph L. Riviere, Beaver County coroner, attributed the deaths to asphyxiation. A company spokesman said a full investigation will be conducted.

Board Members React

OEA Report Gets Varied Responses

Reaction of school authorities and teachers to Tuesday's report on East Liverpool's faculty and administration dissension problems is mixed, but generally favorable and with indications that some action will be or has been taken on recommendations.

The Professional Rights and Responsibilities Commission of the Ohio Education Association submitted 19 recommendations stemming from a four - day investigation of the schools in February.

Board President Samuel Brown said, "I know the board will study and give much weight to each and every recommendation. This is a very important document — along with the elements of the Sebold report passed earlier — and all concerned should study them individually and collectively before arriving at decisions."

Supt. Paul Blair said Tuesday that he wanted to make an evaluation of the entire report. "I have noted that there are certain statements that I would question. There are also statements with which I agree. I feel there are helpful suggestions in the report which in time we will be able to implement."

—:—

BLAIR SAID this morning he had nothing further to comment at this time.

Assistant Supt. Carl Pellini said yesterday that basically it was an excellent report but that

Another Fire Strikes Plant At Laughlin's

Damage Estimated At $12,000 From Blaze Early Today

Damage was estimated at $12,000 from a smoldering - type blaze early this morning in the packing department at Plant 2 of the Homer Laughlin China Co. in Newell.

Fire Chief Earl Flesch said the blaze was only about 20 feet from where fire on March 23 caused an estimated $250,000 damage.

New empty cartons stored in the plant the past few days were destroyed by today's blaze.

Flesch said firemen again were hampered by heavy, dense smoke, but were able to locate the center of the blaze faster than the one last month.

Thirteen Newell volunteers answered the call at 7 and were on the scene for two hours.

Robert Wells, superintendent, said the plant was shut down today. Flesch said some smoke remained in the building, forcing a halt to the work.

Newell volunteers also were called Tuesday at 2:20 p. m. to extinguish a grass fire near Plant 8. Grass and brush were burned and a door on a utility shed was scorched, Flesch said.

Enemy Fooled By Silhouettes

Hail Of Machinegun Fire Kills 47 Reds In Vietnam

SAIGON (AP) — A company of North Vietnamese troops moving toward Saigon from the southwest apparently mistook the silhouettes of American armored cars for the huts of peasants and walked into a death trap.

Forty-seven of the estimated 75 enemy soldiers died Tuesday night under a hail of machinegun fire from the four armored personnel carriers, military spokesmen said.

No U.S. casualties were reported.

The North Vietnamese were moving through open rice paddies about 18 miles southwest of Saigon, apparently confident that they could escape detection because there was no moon.

The enemy troops passed by a listening post several hundred yards from the main body of the mechanized infantry company from the U.S. 9th Infantry Division. The outpost radioed to the main unit that about 75 enemy troops were moving toward the armored personnel carriers.

"They apparently figured that since there was no moon they wouldn't be caught," said a 9th Division officer. "The silhouettes of the armored tracks

Pupils Get The 'Gate'

MONROEVILLE, Pa. (AP) — When pupils returned to Gateway High School after Easter vacation they were met at the door by teachers who examined girls' hemlines and boys' sideburns.

Several of the 1,920 pupils were sent home Tuesday for wearing "microminiskirts" or sideburns "too long."

British Flight-Test Supersonic Airliner

BRISTOL, England (AP) — The British Concorde supersonic airliner, which is expected to cut flying time across the Atlantic in half, flew for the first time today and was judged excellent.

The maiden flight of the gleaming, droop-snout Concorde 002 flew 50 miles from the airfield of her British builder to a Royal Air Force base in 22 minutes. The identical French Concorde made its first flight five weeks ago.

Institute Cites Guidelines

Use Of Artificial Heart Questioned In Karp's Case

WASHINGTON (AP) — The National Heart Institute wants to know whether guidelines fixed for federally financed research were violated by the use of an artificial heart in an attempt to save the life of Haskell Karp.

Kept alive by the mechanical substitute for 65 hours, Karp, 47, of Skokie, Ill., then received a human heart from a Massachusetts woman but died Tuesday in a Houston hospital after developing pneumonia and kidney failure.

The Institute has spent about $30 million of government funds developing artificial circulation devices since 1965.

A spokesman said Dr. Michael DeBakey was being asked to say whether the heart used on Karp resulted from research carried on under a program at Baylor University under DeBakey's direction.

If so, said Dr. Theodore Cooper, Institute director, its use was subject to the federal guidelines.

The surgery on Karp was performed by Dr. Denton A. Cooley. In a copyright story, the New York Daily News quoted him as saying:

"I don't have to clear my operations through them. The operations I do are designed to save a person's life.

"This was the purpose of my effort with Mr. Karp. He would have been dead Friday afternoon if I hadn't operated. It was a desperate effort to save his life."

Alexander Quits EOC Post, Attacks Nixon

WASHINGTON (AP) — Clifford L. Alexander Jr. resigned today as chairman of the Employment Opportunities Commission and denounced the Nixon administration's attitudes on enforcing equal job opportunities.

Alexander, 39, who held the job for two years, came under fire last month from Senate Republican Leader Everett M. Dirksen, who said the EOC chief had harassed firms.

In his resignation, Alexander noted Dirksen threatened to have him fired for "vigorous enforcement" of equal job opportunities and that the White House had announced he would be replaced.

Bill Seeks Broader Powers For Regents

COLUMBUS, Ohio (AP) — A bill introduced in the House Tuesday night would give broader powers to the Ohio Board of Regents in its control of state universities.

Reps. Mark C. Shinnerer R-49 Lakewood and Fred B. Hadley R-1 Pioneer, introduced the measure. Schinnerer said it is a substitute for his earlier bill which would have required university professors to work at least a 40-hour week, including 15 hours in classroom instruction.

ANN LANDERS

Low Forehead Dooms Girl

By Ann Landers

Dear Ann Landers: I'm a girl 16. I have no self-respect, no confidence, no future to look forward to. Why? Because I have a low forehead.

Three years ago a couple of my girl friends started to tell me how to wear my hair so my low forehead wouldn't be so noticeable. They suggested bangs, but it didn't help much.

I still felt like the ugliest girl in town, no matter where I went. I also felt like the dumbest, because people with low foreheads, according to the reading I've done, are slow learners and have low I.Q.'s.

The first thing I notice about a person is his forehead. The groovy kids always have high foreheads. The losers have low foreheads. Like mine.

Please tell me what to do about this lousy break in life. Am I doomed? — KID SISTER OF ZORBA.

-:-

Dear Kid: It is not true that people with high foreheads are more intelligent than people with low foreheads. This myth is in the same category as the theory that closely spaced eyes are a sign of sneakiness and a receding chin indicates weak character and a lack of initiative.

Since your low forehead is making you so miserable, I suggest that you discuss it with your parents and ask permission to go to a dermatologist. He might recommend a hair removal expert. It's possible to have your forehead "raised" by altering your hairline.

Billing Time

Dear Ann: My mother is in her mid-50s. She's in good health and works as a registered nurse. Dad works part-time. They get behind in their bills now and then but who doesn't?

The problem is this: I'm happily married to a nice guy. We are both 27. We have two preschoolers and only one income. There are many things we need, but we are careful and manage to get by okay.

My mother keeps telling me that, according to the law, children must support their parents. Last month she handed me two bills. One was a payment on their new TV. The other was an overdue repair bill from the garage. They have two cars.

I managed to pay the bills out of the money I put away for emergencies. My husband was mad and let me know it.

If Mom and Dad were old or sick and couldn't work, I'd happily take care of them, but they make more money than my husband and are causing trouble in our marriage. Please help me. — STRAPPED.

-:-

Dear Strapped: In some states the laws says children must feed and shelter parents if they are old and sick. I know of no law, however, that says children must pay garage bills and make TV payments for parents who have an income.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Midland Legion Picks Delegates

Delegates for the American Legion state convention were elected at a meeting of Midland Post 481 Monday.

They include: Pat Cody, executive committee; Paul Rice; Robert Dick, deputy commander, 26th district; Truman Rodfong, service officer, and Steve Crano, post commander, Joe Mulach, Woodrow Pflugh and Mark Pike were named alternates.

Following elections in June, the new commander also will attend the convention. In the event one of the delegates is elected as commander, one of the alternates will attend. The convention will be July 16-20 in Pittsburgh.

Don and Ron Prentice were named as managers of the Legion baseball team. Discussion was held on the annual Midland Invitational track meet May 7, sponsored by the Legion.

Donations were approved for the Western Beaver post - prom event, station WQED and the building program for Legion headquarters at Harrisburg. Crano and Dick attended the funeral of Tony Rica, department sergeant - at - arms, Monday in Harrisville.

All World War I veterans are urged to attend the 50th anniversary dinner Saturday at the post home. They will be honored and receive gifts. Reservations for the dinner still are being accepted.

The next meeting will be April 21 at the post.

Election Plans Being Made By 2-County Group

The Hancock - Brooke Mental Health Society is preparing for its election with the naming of a nominating committee.

Mrs. E. M Clubb Jr. is chairman, assisted by Mrs. W. V. Archer Jr. and Mrs. Lowell Austin.

The group's next meeting will be May 1.

During the last meeting, Mrs. Bernice Gist, guidance director, discussed the utilization by Brooke schools of the two-county mental health service.

Mrs. Gist explained that although students have been provided quality education, the Brooke schools could not finance psychological and psychiatric services for the emotionally disturbed and mentally ill students.

She stressed that for the past 2½ years "the service has provided invaluable service for these students and has served to help teachers and parents become better informed about mentally - disturbed children."

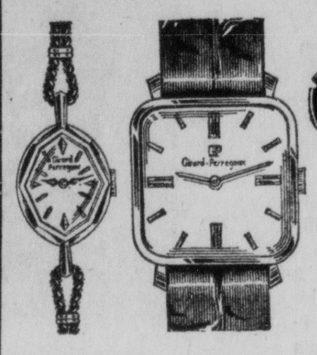

Mrs. Audrey Litman, president, announced that the board of directors for the service is awaiting information from the West Virginia State Department of Mental Health and the National Institute of Mental Health, Regional Health Center at Charlottsville, Va., regarding the mental health service continuing as a local facility to serve the residents of the two counties rather than being included in the proposed five-county Northern Panhandle Mental Health Center, Inc.

Mrs. Harold Borza, financial secretary, announced 61 memberships and recent donations received from the New Cumberland Elementary Parent-Teacher Association, Weirton Woman's Club, St. Elizabeth Guild, St. Thomas Church and the Chester Intermediate and Junior High schools Parent-Teacher Association.

Mistletoe prefers members of the pine family, but occasionally grows on oak, sycamore and mesquite.

An amendment bcomes effective as a part of the Constitution upon the date of ratification by the state making up the necessary three - fourths required by the Constitution.

King Gives Talk To Rotary Club

"I find dedication in our young people today, I like working with the Kent State branch and I like working with the community of East Liverpool," Richard Q. King, director of the branch, told fellow Rotary members during the noon luncheon Tuesday at the Travelers Hotel.

King was graduated from Steubenville High School and entered Muskingum College in 1942. He attended Oberlin College one year while in the service and following his discharge in 1945 went back to Muskingum.

He received his bachelor's degree from Muskingum and his master's degree from the Ohio State University.

In 1962, he was working for the Mansfield board of education, the Ohio State University branch in Mansfield and as an instructor at Ashland College.

King pointed out the Mansfield branch grew from 195 students to 1,152 and the the East Liverpool branch is also growing.

Carl Pelini, president, announced that the program being planned for April 29 will be based on "Law and Order".

The U.S. government established Sequoia National Park in 1890.

2 Priority Recommendations

Two key recommendations offered by the Professional Rights and Responsibilities commission in its study of the city schools apply to the citizens of this community.

The PRR group took the board of education, administrators and the East Liverpool Teachers Association to task on certain matters, and it pointed the way to changes in policy — some new, some offered before — which cannot help but be beneficial to the proper operation of the school system in the future.

But the community itself was urged first, to approve the renewal of the two school levies without which the education process in East Liverpool must eventually grind to a halt, and secondly, to evaluate the board members and at election time, choose candidates who have a total awareness of student needs and their own responsibilities.

"It is the prerogative of the community to decide if it wants board members dedicated to winning athletic contests and making money for the athletic department; or if it wants a board to set policy for a smoothly-operating, sound educational program. It must make its wishes clearly known."

Hopefully, the present board of education will consider the latest recommendations, which to us seem reasonable and logical, and adopt them. It is the board's full responsibility to revise the administrative and athletic structure and policies, and to follow the non-interference practices set by law.

But the citizens of East Liverpool must recognize their own duties in continuing to finance the school operations and in naming the board members to do the proper job in making sure the schools are operating as they should.

Citizens have to meet their first obligation May 6, and the second next November.

A Golden Opportunity

Now, perhaps more so than in any recent period, the Western powers, and the United States in particular, have an opportunity to move diplomatically in such a way as to achieve a detente in Europe.

Undoubtedly due to the growing power struggle within the Communist world between the Soviet Union and Red China, Soviet leaders are believed to be launching an effort to mollify European Reds and at the same time reduce the tensions between East and West.

The Communist proposal for an all-European parley aimed at the dissolution of the Warsaw Pact and the North Atlantic Treaty Organization is seen as part and parcel of this effort.

HOW BEST TO RESPOND to this Communist initiative is the puzzle perplexing the Western governments.

The fact that Russia is in trouble in many ways greatly strengthens the diplomatic hand of the Allies. Yet, if they make the wrong moves, they can scuttle any agreements before they are completed.

Diverse opinions exist as to whether Russia really wants expanded social and political ties between Western and Eastern European states.

Some leaders are convinced Russia is ready for greater contacts with the West. They point to the multiplying trade contacts such as the new agreement between the East German Chamber of Commerce and the confederation of British Industry, Hungary's adoption of the French process for color television, Polish contracts with Britain for industrial supplies valued at $9 million and talks between Italy and Russia on hte establishment of a Moscow-Rome air route.

Leaders of the opposite view contend that a powerful group in the Politburo opposes any increase in political or social ties with West Germany because of the effect on that nation's neighbors in East Europe.

They also argue that both the Russian army and police are opposed to any political moves that would tend to weaken the Soviet Union's control in Eastern Europe.

Communists themselves have described the current broad ideological offensive designed to pacify dissident European Communist parties as much softer in tone and content than previous policy declarations on Europe.

THEY CITE, AS AN EXAMPLE, the 1966 Warsaw Pact declaration which demanded dissolution of NATO and the 1967 declaration which demanded outright recognition of East Germany's Communist regime.

Neither demand is made in the current platform for a dialogue issued last month in Budapest, Hungary.

The obstinacy of Czechoslovakia in resisting complete subjugation to the Russian will and the defiance of Romania, supported by Yugoslavia, plus the disapproval expressed by Western Communist parties regarding Russia's suppression of Czechoslovakia also are believed partially responsible for forcing the Kremlin to adopt the low-key platform.

It appears a golden opportunity for Western diplomats to exercise the greatest diplomatic

The War On Cancer

Cancer continues to take its tragic toll of human lives despite large-scale efforts to find its Achilles heel. But the dread disease's reign of terror may be drawing to an end.

Medical science has attempted to destroy the cancer cells in many ways with varying degrees of success. The most acceptable methods currently being used include surgery, hormone therapy, drugs and radiation.

But all of these are hard on the patient and some produce adverse effects sometimes more dangerous than the cancerous tumor itself.

RECENT RESEARCH reports indicate, however, that two other techniques are being used experimentally with considerable success. The one method simply starves the cancer cells to death while the other heats it to death. Both seem to work.

The scientists plan to heat up the entire body with artificial fevers and at the same time use anticancer drugs for a double punch at the malignant cells. Cooperative research has disclosed that heating the blood supply to the arms and legs of patients to 107 degrees Fahrenheit causes the disappearance of cancers in some patients.

To starve the cancer cells, thus interfering with their growth and metabolism, researchers put a cancer patient on a special diet which denies the diseased cells vital nourishment.

As long as the patients adhered to the diet there was a reversal of the cancer cells' growth but when they abandoned the diet there was a recurrence of the malignancies.

Neither cancer-fighting concept, heat or starvation, is new. But modern scientists have obtained much more encouraging results with both methods than earlier medical scientists.

WE NOW KNOW how to produce fevers more efficiently and we also can do a better job of starving cells. For we have discovered the eight amino acids which are the vital building blocks of life, without which there can be no growth and reproduction of tissue.

There still are problems to be solved with both techniques but the advances being made are extremely encouraging. Scientists haven't defeated cancer yet but they certainly have it on the run.

Nifty Gadget

Call it automation, call it computerization or whatever you like, the result of an invention by a woman engineer is bound to be greeted happily by the women in America's kitchens.

And probably be efficiency-minded, economy-oriented males as well.

Mrs. Barbara W. Stephenson of Silver Spring, Md., an electronics engineer, has been granted a patent for a kitchen calculator. The device enables the cook, male or female, to convert any recipe to serve the actual number of diners present.

If a recipe calls for two and half cups of flour for five people but seven are expected for dinner, a pointer on the calculator will show that the necessary quantity will be three and a half cups. The nifty invention also can convert pounds to ounces and quarts to cups.

Mrs. Stephenson has tested a number of prototypes in her own kitchen and knows her calculator works. Now she is looking for a manufacturer.

Odds are good that millions of American housewives are hoping she finds one soon.

Happiness Is Music

Music in America is healthy.

Tastes run from classical to big-beat rock to Broadway show tunes. This adds unto a $2-billion a year business for the music industry.

The $2 billion is divided about equally between retail sales of records and combined sales of musical instruments, instrument accessories, instructional aids and sheet music.

All Americans do not like the same kind of music, but nearly everyone likes some kind and that is what makes people in the industry so happy.

Everybody knows about the deafening modern beat favored by the younger generation and the infatuation with electronically produced sounds but figures back up those who say interest is growing in other types of music, too.

Here are some recent statistics:

The number of symphony orchestras in the nation has tripled in 30 years and now stands at 1,500.

There are at least 1,000 opera-performing groups and their number is rising.

Americans spent $600 million in 1967 for theater, opera and concert admissions.

Another encouraging trend in the field is the attention music is getting in American education.

Formal music instruction for credit is standard in the education system. As a result there are more than 70,000 bands and orchestras in the nation's public and parochial schools while at least 500 colleges and universities have programs leading to a bachelor of music or higher.

At least in musical America there seems to be something for everybody including the performers, the listeners and the businessmen.

VICTOR RIESEL

HHH And Labor Look To '72'

NEW YORK — They were the losers. So last Tuesday they ate hamburgers in the second floor private dining room at "21," where you can't get past the door unless you have that Chateaubriand look. It wasn't the money. It was the principle.

Victor Riesel

There was enough concentated finance in the band of 50 to 60 lunchers to buy herds of Black Angus — for not the least of those at the hour-long closed door conference here were the Kennedy's Steve Smith, multimillionaire movie magnate Arthur Krim, ex-Ambassador Robert F. Wagner, and a smart sprinkling of the city's leading politicized manufacturers.

They were the old crowd with a new hurrah. They had come at the invitation of Professor Hubert H. Humphrey, who displayed a facile oratorical ability to lead his party, even after the deluge.

Representing the proletariat were ex-shorts-top Lou Stulberg, president of the state's biggest union, the Ladies Garment Workers, and silver-haired powerhouse, sleepless Harry Van Arsdale, leader of the city's 1.2 million-member Central Labor Council.

THEY DID NOT COME to bury their party but "to unite" it. In the words of one guest at the off-the-record luncheon — one of the swiftest working parleys on record — they did not discuss Lyndon Johnson, nor was he represented, "because we talked of the future and not the past."

There were those who came away from the National Cathedral last Monday feeling there was bitterness between the two men of the old "team." Some noted that the former president had scarcely spoken to the former vice president at the funeral services for Gen. Eisenhower. They had merely nodded grimly to each other.

Behind closed doors at Club 21, Mr. Humphrey was gay, ebullient and knew all his guests by their first names — well, nearly all. The postelection melancholy has disappeared in the past few weeks. It was a cheery HHH who got up after the hamburgers had been downed. It was a new Humphrey. He spoke briefly. This was the beginning of the '70 and '72 campaigns. He pleaded for party unity, knowing well that the organization in this pivotal state has been ripped into jagged fragments.

What is the role now of the Democratic Party, he asked. What must it do to regain standing with the people in the coming national elections? He spoked of advocating good legislation; and of not fighting President Nixon merely for fighting's sake; and of being a tough opposition but still giving the new administration a chance to prove and show itself.

Then Mr. Humphrey introduced Democratic National Committee chairman Senator Fred Harris, who was there with acting treasurer Patrick J. O'Connor, a Minneapolis-Washington attorney and ally of the 1968 candidate

THE OKLAHOMAN said he had come to get ideas and was not pitching for funds, though this was the original money crowd which had solidified around Hubert Humphrey in the psychedelic days after Chicago. Mr. Harris added that he wanted to meet with the party's prominent personalities. He wanted to get to know them. He wanted to get "things" into motion so the party doesn't get into the campaigns at the very last minute.

"The idea is to perpetuate the liberal forces in the Democratic Party," averred Mr. Harris.

He too spoke of strong opposition to Mr. Nixon, but added that it would not hit out at the President merely to be in opposition. His listeners, really the liberal power structure of the "Eastern establishment," thought the Western senator had spoken "very constructively."

The lunchers were pros among pros. They read the cast of characters clearly. To many of them it appeared that, had there been any current ally of Lyndon Johnson at the table, he would have been the loneliest man in the paneled dining room.

THE TALK OF "liberal and constructive" legislation particularly pleased the influential labor men there. Mr. Stulberg, leader of almost 500,000 needle workers in garment shops across this nation, has his organizational heart set on raising the hourly minimum wage from $1.60 to $2. The Democrats could make this possible. After all, they control both houses. If the "party" pushed this through, President Nixon would be positioned. It would be the first tough confrontation. A veto would bring down on him the collective wrath of American labor, while to sign such a bill would antagonize his supporters — his power base in the Republican Party and in the electorate.

For Mr. Van Arsdale, an ever-effacing ally of AFL-CIO President George Meany, the shorter work week's the thing. Actually "Van," a national electrical brotherhood leader, is for a four-hour day. But for the moment, he'll compromise on a 35-hour statutory week at 40 hours pay.

And in New York, he wears George Meany's ample mantle. He and Mr. Stulberg are the labor leaders who helped Hubert Humphrey carry this often make-or-break state.

And they did not come to lunch merely to munch hamburgers. They came to tell Mr. Humphrey — as did most of the others — that he could be their leader — perhaps even their candidate — again. And they were not unaware that Steve Smith, who really has a Chateaubriand look, also was eating hamburger at the table.

This will be the pattern for similar "secret" sessions from coast to coast from now on.

DAVID LAWRENCE

Individual Rights Paradox

WASHINGTON — Does everybody — except those citizens who protest against labor-union rules — have an inherent right to be protected by the Constitution?

This question now is raised because of a decision just rendered by a 7-1 vote of the Supreme Court of the United States which upholds the imposition of fines on certain union members who desired to increase their machine production above the quotas prescribed by the labor union.

An existing statute on labor-management relations says a union cannot force an individual to engage in "concerted activities" ordered by a union. But the court this week declared, in effect, that workers who are already members of a union cannot depart from the rules fixed by the union.

THE DECISION HANDED DOWN by the Supreme Court flatly asserts that the National Labor Relations Board was justified in approving the right of a union to fine its members if they violate a union rule in accepting cash immediately from an employer for any work done in excess of a certain ceiling.

Justice White, in rendering the opinion of the court, pointed out that the rule was not really a means of setting production quotas and that disagreement arose as to whether extra work should be paid for immediately or should be used as a credit in case the individual didn't do as well in the future.

This controversy, the court indicated, is something on which the unions and employers should negotiate an agreement. The real issue in the current case was whether a bonus could be immediately paid and if the worker might accept it from the management.

Justice White expressed the court's view as follows:

"If the company wants to require more work of its employes, let it strike a better bargain. The labor laws as presently drawn will not do so for it."

The court said it considered the subject was a "legitimate" matter for negotiation with the employer by the union. The opinion didn't say that all union rules are valid, and contended that they must not impair the policy already defined in the laws passed by Congress, one of which specifically affirms that an individual has a "right to refrain from engaging in concerted activities."

It would appear, then, that the worker has the privilege of leaving the union if he doesn't like its rules. But, in this case, the protesting workers were apparently not free to resign from the union without being penalized.

For the union had the kind of contract with the employer which is known as an "agency-shop" agreement. It specifies that if workers cease to be members of the union, they must nevertheless pay the union a service fee.

The Supreme Court, in another important ruling in the so-called Allis-Chalmers case two years ago, held that unions were justified in imposing fines if any members decided to cross picket lines. The court said this wasn't any "restraint" within the meaning of the law.

The principle now is supplemented with a ruling that, if an individual works harder than ordered by the union — even though the employer doesn't forbid it — the union can penalize the employe.

WHILE THE SUPREME COURT doesn't often move away from basic individual rights, it is paradoxical to find that, when protesting citizens demonstrate and interfere with street traffic, thus impairing the rights of other citizens, the creation of a disturbance is merely classified as "free speech."

When an employe wishes to work more productively, however, and earn additional money under the system of so-called "free enterprise," the court says he must first get permission from the labor union.

Also, an employer who would like to give him a cash bonus is not privileged to do it because, according to the new ruling, this is something which requires the consent of the union.

So it's a difficult thing nowadays to say where constitutional rights begin or end. And many people may wonder what's become of the doctrine of individual initiative.

New Officers Selected During Quota Meeting

Mrs. Juanita Clendenning was elevated to the presidency of the Quota Club during its meeting Tuesday night with Miss Gladys DeBolt of W. 4th St.

Other officers named are: Mrs. Jean Stoddard, first vice president; Mrs. John Hayes, second vice president; Mrs. Margaret Locke, recording secretary; Mrs. Marie Hays, corresponding secretary, and Mrs. Ethel Webb, treasurer.

The slate was presented by the nominating committee—Mrs. Marie Hays, Miss Phyllis Crook and Miss Mildred McGregor.

—:—

INSTALLATION will take place during the birthday anniversary dinner May 27 at the Country Club.

Miss Selma Ladzinske, president, introduced Mrs. Lilyan Miller of Akron, governor of the 6th District, who conducted the annual inspection.

Along with several reports from international, Mrs. Miller listed her objectives for the district clubs centered along service areas. She encouraged personal projects and total involvement of membership. She said her personal awards will be presented in the large and small club categories.

Gifts were presented Mrs. Miller and Mrs. Madeline Camera, secretary - treasurer of District 6.

The club allocated $100 for the Thomas Dixon Memorial Fund at Westgate School.

After Miss Crook reported on requests of Dr. William Weidner, who conducts the local speech and hearing clinic at Westgate School, the club allocated $43 for needed equipment and materials.

—:—

THE CLUB will be represented at the meeting of the Civic Improvement Committee April 16 in the conference rooms of the Ohio Valley Gas Co. Plans will be mapped up for the annual spring cleanup.

Miss DeBolt distributed material on Ohio's parks and recreation areas.

Refreshments were served 20 at a buffet table covered with a green cloth overlaid with white embroidered organdy. A long nest of straw dotted with Easter novelties and centered with a basket formed the decorative note. Miss Ladzinske poured at the silver service.

Dr. Weidner will speak at the next session April 22 with Mrs. Mary Daily of Harding Ave.

City Trucker Unhurt When Coil Topples

A city man escaped injury Monday after his semi rig left the highway, toppling a 7-ton coil onto Route 68 west of Midland.

Thomas Hebron, 31, of 1106 Avondale Dr., told Ohioville police he swerved his rig into the ditch to avoid an oncoming car that was attempting to pass another.

As he tried to bring the truck back on the highway a chain broke, causing the coil to roll off. The coil was removed by a crane and placed on another truck to be taken back to the Crucible Steel Division of Colt Industries.

Ohioville Police Chief Bernard Zlatovich is continuing the investigation.

WORLD ALMANAC FACTS

The reason for right- or left-handedness is unknown. Ten per cent of mankind is left-handed. In ancient times left-handedness was considered evil as shown by the Latin word for left-sinister. Wealthy Romans stationed slaves at doors to make sure guests entered with their right foot first, thereby avoiding bad luck associated with the left.

Turnpike Slated

FRANKFORT, Ky. (AP) — The Kentucky Turnpike Authority has approved construction of four new toll roads, extending 254 miles and costing an estimated $374 million.

Arrange cooked broccoli spears and sliced cooked chicken or turkey in a shallow baking dish; cover with undiluted condensed cream of chicken soup; sprinkle generously with grated cheese and paprika. Bake in a hot oven for about half an hour.

Promotion Work Planned For Economic Development

LISBON — An economic development promotion program is tentatively scheduled for May 19 in the Lisbon area for 100 leaders from Columbiana County communities.

The Economic Development Committee of the Regional Planning Commission decided to set up the meeting Monday night at the Courthouse. O. A. Naragon of Salem, chairman, was in charge.

J. L. Morrissey, RPC director, discussed the importance of the commission's regional plan and outlined the 13 segments of it and the value of each.

He said the economic study segment outlines a program to undergird the county as a unit. He cited the advantages of such a unit over the individual communities trying to compete against each other.

Morrissey discussed a program to increase the industrial economy, pointing out "we are losing industries that should be in Columbiana County so we can give opportunities to our 18-to-30-year-olds who are now going elsewhere to work."

Paul Brittain of East Palestine reviewed some experiences in other areas, particularly Beaver Falls, and said favorable progress resulted from them.

Morrissey said the present need is for "a little more political stability" and more "regional confidence in our villages and cities." "Only by forgetting our differences and planning ahead for the future can people stop this day-by-day uncertainty," he concluded.

Student Group Suspended After Kent U. Disorder

KENT, Ohio (AP)—Warrants were issued for five students and the Students for a Democratic Society chapter was suspended at Kent State University in the wake of a clash with university police by SDS demonstrators Tuesday.

A freshman, George D. Gibeault of North Randall, a Cleveland suburb, was arrested Tuesday night, university police reported.

The other four named in warrants were not identified immediately.

The warrants on charges of assault and battery apparently stemmed from an attempt by some 50 demonstrators to force their way past campus police guarding the administration building.

Dr. Robert E. Matson, vice president for student affairs, said the SDS chapter and seven students were suspended.

He accused the demonstrators of assault and battery against campus police and said they had disrupted an English class in Satterfield Hall.

Moore Aide Dies From Damage To Lungs In Fire

CHARLESTON (AP) — Conrad Hardman, special assistant to Gov. Arch Moore Jr., died this morning in a Charleston hospital from smoke damage to his lungs caused in a weekend apartment fire.

The 55-year-old Hardman died at 4:20 a.m., the hospital said.

Dr. John Hash said heavy black smoke produced from smoldering foam rubber furniture in Hardman's apartment coated the victim's lungs, preventing oxygen from reaching his brain.

Nixon Again Huddles With Security Unit

WASHINGTON (AP) — President Nixon called a second straight meeting of the National Security Council today as he prepared to send his ambassador to Saigon back to the war zone after two weeks of high-level discussions.

Purpose of Nixon's meeting with his top diplomatic, military and intelligence aides was not announced, but sessions of the council on successive days is somewhat unusual.

Press secretary Ronald L. Ziegler said before Tuesday's session that the rapid-fire meetings would consider two topics. He declined to say what they were.

Nixon met with Ellsworth Bunker, U. S. ambassador to Saigon, after Tuesday's session. Bunker will be returning to his post probably by the end of the week or early next week after a top-level review of Vietnam policy that began in California March 23.

Despite indications that Vietnam was one of the subjects before the council, the two meetings also came during a period of unusual foreign affairs activity in the capital.

Nixon met Tuesday with Jordan's Kig Hussein, a pro-Western Arab leader who fears another outbreak of war in the tense Middle East.

Hussein, in the United States for three days of talks, said on arrival he had no plan to settle the Arab-Israeli dispute, but did have some "ideas to put forth."

Foreign ministers of the North Atlantic Treaty Organization also began arriving today for the opening Thursday of a two-day conference.

Nixon hosted Hussein at a stag White House dinner Tuesday night. But in the midst of a day devoted mainly to foreign affairs he found time for an important domestic move—pumping $9 million into an interim program to help 20 riot ravaged cities clean up and repair damage.

The President also directed the Department of Housing and Urban Development to speed up more than $200 million in additional assistance for programs already approved or in the pipeline to assist these and other riot-torn communities.

Shafer Makes TV Plea For Income Tax

PHILADELPHIA (AP) — Gov. Shafer, in a statewide television appeal, has asked for a Pennsylvania income tax to help finance his record general fund budget this year.

"Either we are willing to pay for mental health, for education, for new industry and jobs, for the dozens of necessary things included in our budget, or we are not," Shafer said Tuesday night.

The governor pleaded his case in a half-hour program originating in the WFIL studios here.

Shafer, noting he was putting his 10-year political career on the line in supporting the tax, said additional tax sources were needed to finance his $2.52 billion budget. The proposed budget is a half billion dollars more than the current one.

Shafer's appeal drew fire from four state representatives —two Democrats and two Republicans—in a television interview in Scranton.

Reps. Kenneth Lee of Dushore, a former speaker of the House, and Paul G. Ruane, of Shamokin, the Republicans, and John Wansacz of Old Forge, and Franklin Curry of Sunbury, the Democrats, all voiced disapproval in the interview at WDAU-TV.

The representatives agreed there's fat in the budget that could be trimmed, so a state income tax would not be required. The four also said the House remained solidly opposed to Shafer's budget plans.

Midland Men Fined In Disorderly Case

Two Midland men were fined $10 each on a disorderly conduct charge at a hearing Tuesday before Justice of the Peace Steve Germusa.

Henry Kirby of Ohio Ave. and Joe Slappy of 4th St. allegedly were involved in a scuffle in the vicinity of 4th St. last week. Another charge against Kirby on violation of the Uniform Firearms Act was dropped.

Michael Gallagher, 18, of McKees Rocks will receive a hearing at 10 a.m. Saturday on charges of shooting with intent to kill. Gallagher was charged by Industry Patrolman Roy Hohnshell following a shooting in Industry in October 1967 in which Edward Stowers of Industry was wounded.

The DOCTOR Says

Don't Blame Vitamin E For Itching

Q — Taking vitamin E daily has given me such relief from the arthritis in my fingers but could this vitamin cause a severe itching on my arms? I am also taking Salutensin for high blood pressure.

Dr Brandstadt

A — Recent studies indicate that vitamin E eliminates the side effects fom taking the cortisonelike drugs. It would not cause your itching, but the Saluensin might.

Q — How long should I continue to take mephenesin and Butazolidin for arthritis? Which is better for arthritic pain—an infrared heat lamp or an ice can? Is cranberry juice of any value for arthritis? Will walking make my arthritis worse?

A — Have your physician work out the smallest maintenance dose of mephenesin that helps you, then continue to take it indefinitely unless side effects (drowsiness, dizziness, headache or weakness) develop. Butazolidin is a more powerful drug and must be taken under careful supervision because it may cause waterlogging, a skin rash, vomiting or other unpleasant reactions.

—:—

HEAT IS USUALLY preferred to cold packs but recent studies indicate that massaging the involved joints with ice cubes helps some victims. No item of diet has any special beneficial effect on arthritis. Walking should be restricted if the joints of the lower extremities are very painful. An arthritic joint can be exercised too much as well as too little. The right amount in each case must be decided by a physician after carefully considering individual factors.

Q — I have heard that there is a plastic hip operation for arthritis. Can they guarantee the results? What do you think of the shots they give in the joints for arthritis?

A — There are several operations for arthritic joints. In selected cases, the results are often remarkable but in the practice of medicine and surgery the results can never be guaranteed. One of the chief reasons for this is that no doctor can guarantee the full co-operation of his patient.

—:—

INJECTIONS OF hydrocortisone into an arthritic joint often give complete relief. The injections must, however, be repeated at varying intervals.

Please send your questions and comments to Wayne Brandstadt, M.D., in care of The Review. While Dr. Brandstadt cannot answer individual letters, he will answer letters of general interest in future columns.

All-White Jury Picked In Evans' Trial For Murder

CLEVELAND, Ohio (AP) — An all-white jury has been picked to hear the first-degree murder case of Black Nationalist leader Fred "Ahmed" Evans.

After two weeks and two days, selection of a 12-member panel was completed finally Tuesday. The jury is made of seven men and five women.

Following selection of the third alternate, Common Pleas Judge George J. McMonagle will rule on a defense motion to move the trial out of Cuyahoga County. Hearings on the motion were conducted three weeks ago, but the judge put off his decision until after jury selection was completed.

pected, the first order of business for the jury will be to visit the Glenville area on Cleveland's East Side where a gun battle broke out last July 23 between police and a group of Black Nationalist snipers.

If the motion is denied as expected, the first order of business for the jury will be to visit the Glenville area on Cleveland's East Side where a gun battle broke out last July 23 between police and a group of Black Nationalist snipers.

Three police officers and a Negro civilian were slain in that battle. Altogether, 10 persons were shot to death in two nights of violence touched off by the Glenville gun battle.

Workshops Set For 4-H Group

LISBON — A series of workshops for older 4-H girls will be held from 7 to 9 p.m. April 22, May 6 and May 19 in the home economics room at David Anderson High School.

Mrs. Ann Riedel, Columbiana County extension agent for home economics, said tailoring will be offered at all three sessions, furniture refinishing April 22 and May 6 and food preservation May 19.

She will teach the tailoring workshops, while Mrs. Beulah Converse, home economics agent in Mahoning County, will give instruction in furniture refinishing and food preservation.

Mrs. Riedel said all sessions will be taught by the demonstration method so participants will not have to work on their projects at the workshops.

She said girls interested in the classes should notify the extension office, 113 S. Market St., not later than Friday.

The open church wedding will take place June 21 at 7:30 p.m. in the Centenary United Methodist Church of East Palestine. A reception will follow in the social rooms.

Youth Hurt In Fall From Moving Pickup

A youth was injured, but refused treatment, when he fell from the running board of a truck and rolled into a field Tuesday.

He is Ricky Allen Kiehl, 20, of Rochester, Pa.

The accident occurred at 8:30 p.m. on Route 154, about three miles east of Route 7.

Kiehl apparently was riding in the bed of a truck driven by William Boyd, 25, of Negley RD 1 and climbed onto the running board to confer with Boyd.

7 More Treated At City Hospital

A city man injured in a fall down steps Tuesday was treated at City Hospital along with seven others.

George Sfakis Jr. of 1210 Riverview St. suffered a contusion of the right elbow in the fall.

Also treated were Robert Baur of 1075 Rubicon St., a laceration of the right leg on a broken storm window; Daniel Johnston, son of William Johnston of New Cumberland RD 1, a laceration of the right hand on glass.

Pamela Bookman, daughter of Donald Bookman of John St., a contuusion of the left foot in a fall; Robert D. Smith of 833 Riverview St., an employe of the H. K. Porter Co., a left foot injury in a fall from a wall at work.

Charles Stine, son of Charles Stine of 608 Grant St., Newell, a fractured left ankle while jumping: Jennie Lyons of 807 Louise St., a contusion of the back of the head in a fall on stone steps, and Mrs. John Muschweck of the Simmons Rd., a contusion of the back in a fall at a laundromat.

One species of shark is a cannibal even before birth. Eggs of the sand tiger hatch within the uterus. The first baby hatched feeds on its weaker brothers and sisters as they emerge from other eggs. As there are two separate uteruses, two young sand tigers survive to be born. It is the only case of intra-utrine cannibalism in the animal world.

Without Consulting Congress

Nixon Hit On 'Back Off' For On-Spot A-Inspection

WASHINGTON (AP) — A Senate authority on atomic affairs says the Nixon administration should not have backed away from demands for on-the-scene inspection rights in a treaty limiting the production of nuclear material without first consulting Congress.

Sen. Henry M. Jackson, a Washington Democrat who heads the Senate-House atomic energy subcommittee on nuclear weapons, called the decision a "fundamental change in position that goes to the heart of the whole arms control problem."

The decision, revealed in Geneva Tuesday, drew measured support from two Republicans. Sens. Milton R. Young of South Dakota and George D. Aiken of Vermont said they thought technical advances have made ground inspection less necessary.

Adrian S. Fisher, U.S. delegate to the 71-nation disarmament conference, said the United States is willing to let the International Atomic Energy Agency police any agreement to halt the production of enriched uranium and plutonium, the core material of atomic weapons.

But Fisher made it clear that in another important disarmament question—a ban on underground nuclear tests—the United States is determined to stick to its insistence for on-site inspections.

For 13 years, the United States insisted that U.S. and Soviet representatives inspect each other's production sites after manufacturing is cut back. The Soviets have balked, maintaining such an arrangement would be an invitation to espionage.

Jackson said it was unfortunate the administration decision was not discussed with appropriate congressional committees.

"Perhaps inspection procedures by a third party can be worked out satisfactorily, but I don't think we can verify that the agreement is being carried out by national intelligence inspection alone."

Senior Play Set 2 Nights At Wellsville

A cast of nine will present the Wellsville Senior Class Play "See How They Run" Thursday and Friday night at 8:15 in the high school auditorium.

It includes Thomas Trainer, Janet Lewis, Don McCombs, Richard McIntosh, Cathy French, Sherry Roberts, Morton Hughes, Terry Ewing and Steve Crea.

Joseph Caporossi, high school faculty member, directs the play. Sue DeSenze is student director, Craig Russell is the set designer and Ed Bell stage manager and set construction captain.

The story centers around a series of mishaps and identification problems in an English vicarage in modern-day England. The imaginative set has a nine-step stairway, French windows and an antique fireplace.

Southern Local Band Boosters Select Officers

Mrs. George Pisarsky was named president of the Southern Local Band Boosters Tuesday night at the high school.

Other officers are: Mrs. L. O. Swearingen Jr., vice president; Mrs. John Huston, renamed secretary, and Mrs. Charles Crawford, treasurer.

Plans were made for the junior band party May 22 and for a buffet for senior band and members of the "Bubble Trouble" cast following the last performance on May 9.

The next meeting will be May 13.

Weirton Aides Assist West Virginia Study

WEIRTON — J. H. Harris, chairman of the Weirton Steel Division of the National Steel Corp., announced today that two employes of Weirton Steel have been assigned to the state of West Virginia for a 12-week period to work with the Governor's Management Task Force in studying methods to reduce cost and improve efficiency in the state government.

Glenn H. Fitch and John F. Strick will be members of a 50-man group that will study staff functions, general government, regulations and resources, roads, health and welfare and education.

Ballots' Examination Continues In Hancock

Hancock County commissioners continued today examination of ballots for the contested sheriff's race.

The examination began April 1 and is progressing slowly.

Tuesday's session was devoted to the inspection of ballots in Precinct 18, with no change recorded in the contested certification of Republican Ralph Patrick as sheriff. The election is being contested by Democrat Louis Smoleski.

Party OKs Some Measures

Czechs Put New Curbs On Anti-Soviet Writers

PRAGUE (AP) — Czechoslovakia's Communist leaders announced more restrictive measures Tuesday night to bring anti-Soviet journalists into line.

After an all-day meeting, the Communist party's 21-member presidium said it had approved "some political organization measures to strengthen the leading role of the party in the mass means of communication and to increase discipline in the party."

The announcement said the leaders, headed by First Secretary Alexander Dubcek, also decided to "call to task Communist journalists who in recent days have published matter at variance with party policy or permitted publication of such material."

One crackdown measure, disclosed unofficially, was the suspension of Listy, organ of the Czechoslovak Writers Union. The weekly recently criticized the party for joining the Soviet bloc boycott of the Yugoslav Communist party congress.

The writers' union also questioned the need for restoration of prepublication censorship, instituted April 2 as part of the price the Russian-occupied nation is paying for recent anti-Soviet demonstrations.

The wording of the presidium's communique indicated the Soviets were not satisfied with the April 2 restrictions.

"The basic sources of tension, consisting of anti-Socialist and anti-Soviet tendencies, have not been removed," the communique said.

The presidium also endorsed a statement by its executive committee last Saturday that the journalists' union was resisting the April 2 directive. The union was reported preparing a reply.

Rig Hits Parked Auto In Wellsville Mishap

Moderate damage resulted to an auto parked along Main St., Wellsville, Tuesday at 3 p. m. when it was struck by a semi-tractor trailer whose driver swerved to avoid hitting an oncoming car.

Henry T. Mont of Nashville, Tenn., told Wellsville police that he was driving east on Main St., when he pulled over to avoid striking an oncoming westbound auto, and hit a parked 1962 sedan owned by Lester Fowler, operator of the Wellsville Press a 518 Main St.

Blaze Damages Auto Of Salineville Driver

Minor damage resulted to an auto owned by a Salineville area man when a backfire through a carburetor ignited a fire Tuesday about 9:40 p.m. at 18th and Nevada Sts., Wellsville.

Ten members and a truck from the Wellsville Fire Department responded to the call when the flames broke out in the car owned by Walter Hogue of Salineville RD 1. There was no air cleaner on the car, Chief Robert Lewis said.

Meeting Set April 16

Chamber's Board Hears 'Spring Cleanup' Report

A city - wide cleanup campaign scheduled for May was reported by Arthur Doak during a meeting of the East Liverpool Area Chamber of Commerce board Tuesday afternoon.

Doak said a meeting will be held at the Ohio Power Co. office April 16 to discuss the project. All interested organizations are urged to attend the meeting.

Charles Averell, chairman of the Merchants Association, said the group will cooperate with the campaign.

A nominating committee was named to present a slate of 14 members for trustees to the board for approval next month. Out of the 14, seven will be elected.

Named to the committee by President George Shaw were Alvin T. Babb, chairman; James Jordan, Francis Lang, J. N. Nicely, William D. Ogilvie, John Pinney and Harold Sneddon.

The spring membership meeting is scheduled for April 30 at the East Liverpool Country Club. It was announced that a representative of the Chamber would attend the U. S. Chamber meeting in Washington, D. C. April 27-29.

A report was heard on legislative affairs and national issues. Richard Emmerling reported on business relations and Chamber of Commerce week observed in March.

Dr. Clarence Mayberry reported that the education committee will hold its annual dinner for the top 10 per cent of graduating classes of East Liverpool, Beaver Local, Oak Glen and South Side May 20.

Francis Lang reported highway construction developments and Chester Bridge replacement plans.

Averell said the Merchants Association will give prizes for the poster contest sponsored by the Citizens committee for passage of the school levy renewals. The next association meeting will be April 15.

Mike Turk, president of the Community Improvement Corporation, reported that an executive committee of the group had been held. Discussion was on the county airport and industrial prospects.

Richard Darrah, president of the Jaycees, reported that the home show will be held in the summer rather than in April as previously scheduled, and discussed other Jaycee activities.

Nixon's Brother Decides Against Post In Alaska

SEATTLE (AP) — Edward C. Nixon, the President's brother, has bowed out of a $30,000-a-year federal job in Alaska "for personal reasons."

Nixon, who had spent two days in Anchorage after being appointed chairman of the federal field committee for development planning in Alaska, said there Tuesday his decision not to accept the post "has nothing to do with the position here, the land or the people" and added:

"It doesn't seem it's going to work out. We have a problem that has arisen at home."

Nixon was appointed to the job last Friday.

In Washington, the Commerce Department said Nixon "informed the Secretary of Commerce that after discussing the matter further with his wife he had decided to decline the appointment."

Grass Blaze Quelled By Wellsville Firemen

A minor grass fire in Skyview Acres along Route 39 near Wellsville, was extinguished quickly by 11 men and a pumper from the Wellsville Volunteer Fire Department, Tuesday afternoon.

Children were blamed for the blaze which was discovered about 3:50 p.m. on the two empty lots owned by William Williams, Fire Chief Robert Lewis reported. It was extinguished about ten minutes later, he said.

Air Pollution War Goes On

NEW CUMBERLAND — The New Cumberland Air Pollution Committee was informed at a meeting Tuesday night that Edwin Flowers, West Virginia commissioner of welfare, has delivered a petition to the director of the National Air Pollution Division of the Department of Health, Education and Welfare seeking federal action against the Ohio Edison Co. plant at Toronto.

Mayor Arthur Watson told the committee he had sent a letter to Gov. Arch Moore critiiizing the action of the West Virginia Air Pollution Commission for its lack of initiative in pressing air pollution control and if the state commission feels it is unable to solve its problems it should seek federal aid.

A discussion was held on obtaining more publicity on the problem in New Cumberland.

It was decided to send a letter to Bruce Mansfield of Akron, president of Ohio Edison, demanding that the company use low sulphur coal with a low ash content and insisting it empty the electro - static precipitators at the Brilliant plant every hour instead of 24 hours.

A letter also will be sent to Prof. Benjamin Linsky of the department of engineering of the air pollution division of West Virginia University, asking him to help the group in gaining another qualfied speaker at a meeting in the near future.

Union Plan Aired During Wellsville Council Session

An explanation of benefits offered by union organization was given when the Wellsville Council and representatives of the Northeast Ohio Public Employes District Council 18 met Tuesday night in City Hall.

Lewis J. Campbell of Youngstown, district director, explained what the union plans organizing the office force, sewage and disposal plant workers, and street, water, fire and park employes. No action was taken.

Campbell will meet soon with employes to determine if they are still interested in joining the union, he said. A later meeting with Council, Campbell and the employes will be arranged, though no date has been set, Councilman Nunzio Lombardozzi said.

Safety Service director Fred Baldasare attended the meeting as well as all Councilmen except Glenn Mathess, second ward, and Brad Phillips, fourth ward.

Ohioan Millionth To Leave Viet To Rest, Recuperate

HONOLULU (AP) — Hawaii gave a red carpet welcome on Tuesday to the millionth man to leave Vietnam on rest and recuperation leave since the program began in 1965.

Army Staff Sgt. Lester R. Hudson of Gallipolis, Ohio, stepped off a chartered Pan American jet and rushed to his wife, Mary Lou, who greeted him with a kiss and a red carnation lei. A shiny Rolls Royce awaited nearby.

Hudson, 24, and counterparts from the other three services will be guests of four Honolulu hotels and will be given gifts from many Honolulu merchants, restaurants, night clubs and other organizations during their extended nine-day leave. The R-and-R leave is usually only six days, but the four honored men were given three additional days.

Local Police Play Role In County Cases

East Liverpool police cleared up an East Rochester burglary Tuesday night and early today discovered another at New Garden.

Last night they picked up two city youths, 12 and 15, reported missing yesterday by the County Welfare Department. The juveniles admitted entering the Robert Kibler home on Ridge Rd. near East Rochester.

Kibler notified the sheriff's office at 5:35 p. m. yesterday that someone took soft drinks, lollipops and candy bars from the house yesterday when no one was at home.

Deputy Robert Wellington said a ladder was used to reach an unlocked window upstairs. The house was ransacked. The boys are in detention at the County Jail in Lisbon while Juvenile Court officers investigate.

Patrolman Ronald Brooks of the East Liverpool Police Department found a door ajar at Frank's Ideal Market in New Garden at 2:15 a. m. today while delivering papers.

Deputies Wellington and Dave Brothers said the front door had been pried open. Several cartons of cigarettes were taken.

Limits Eyed On Plans For Tax Reforms

WASHINGTON (AP) — The administration reportedly has decided to make only limited recommendations for tax reforms to the House Ways and Means Committee which plans to start work on the matter right after the Easter recess.

The administration is understood to have told the committee that it needed more time to study tax problems.

Congressional sources said Treasury Department officials plan to make their limited suggestions April 15, the day after Congress returns from its recess and also the day after the Ways and Means Committee concludes hearing public witnesses on tax reform.

Word of the administration's position comes after Chairman Wilbur D. Mills, D-Ark., said the committee was prepared to receive Treasury recommendations but would not delay drafting of legislation if the administration chose not to testify promptly.

Aiken Gives Estimates Of Troop Pullout

WASHINGTON (AP) — George D. Aiken, the ranking minority member of the Senate-Foreign Relations Committee, says North Vietnam probably would withdraw 3,000 troops from the South if 50,000 American soldiers are brought home.

The Vermont Republican said in an interview an American withdrawal of that size is entirely probable this year.

Although no top official of the Nixon administration will talk publicly about unilateral troop withdrawal, there is plenty of behind-the-scenes discussion—some of it about returning a division force of up to 50,000 men.

The absence of a face-saving formula is the biggest barrier to disengagement of North Vietnamese and American troops and eventual settlement of the war, Aiken said.

Film Shown On Tax Filing

"Make No Mistakes About It," a film on the filing of income tax returns, was screened and narrated by Jack Allison, vice president and treasurer of the National Church Supply Co. at the Chester Kiwanis Club meeting Tuesday in City Hall.

Allison pointed out that one of the most common errors of the taxpayer is to forget to include the W-2 form, and urged that persons check and double-check their returns. Approximately 44,000 neglected to include the form with their completed returns last year, requiring them to be mailed back to the senders.

Four deductions most often misunderstood, he said, are those of doctor, medicine, contributions and interest paid out.

Richard Pillo, president, said the nominating committee for the coming year will be Robert Cooley, Thayer Allison, Russ Davis, John Boyd and Bill Bishop. Nominations from the floor may be made at the April 29 meeting, he pointed out. The balloting will be held in May.

A conference will be held April 30 for Districts 1-5 of West Virginia Kiwanis at Blackwater Falls, W. Va., Pillo announced.

It was reported that the Chester club ranked only one-point from first in the First District in all-round performance of duties as Kiwanians.

The group made a donation to the Cancer Fund.

Russ Davis, interclub relations chairman, said there will be a meeting with the East Liverpool chapter soon.

Boyd, chairman of the publicity committee, recommended that future issues of the club's weekly newspaper include information about the second annual Tri - State Pottery Festival in June. The publication is sent to the nine clubs in the state's First District, in addition to the Kiwanis National Magazine, and should make direct contact with about 500 West Virginians, he noted.

He also suggested that other local Kiwanis clubs adopt this plan to advertise the area and the festival to its fullest.

Lloyd Mansfield led singing. Twenty attended.

Army Enlistees Now May Select Language Class

A new option has been added to the list of guaranteed Army training courses, Sgt. Raymond Hilliard, area recruiter, has announced.

Qualified men and women may enlist with a written guarantee of training in one of approximately 30 foreign languages. Applicants may select the language in which they receive instruction, providing vacancies exist in the classes for that particular language.

In addition, the language school option may be combined with the Army's 120-day delay program. In this way high school seniors can be assured attendance at a language training course, but not leave for up to 120 days from the time they enlist.

Qualifications for the language school include a high school graduate. U.S. citizenship, excellent hearing and no speech impediments. Training is given at a defense language institute facility for a period of from 24 to 47 weeks.

Languages available include Arabic, Czech, German, Korean, Spanish, Thai and Vietnamese.

For complete details of the program, contact Sgt. Hilliard at the recruiting office at 130 E. 6th St.

Accused Satisfied With Defense

Both Sides Rest Case In Sirhan Murder Trial

LOS ANGELES (AP) — "Is this it?" asked Sirhan Bishara Sirhan, suddenly aware no one was going to the witness chair.

"This is it," answered Russell E. Parsons, one of the lawyers trying to save the jockey-sized, unrepentant assassin of Sen. Robert F. Kennedy from the gas chamber.

With the words, "We rest"—announced matter-of-factly by both prosecution and defense—testimony had ended in Sirhan's murder trial Tuesday after 90 witnesses and three months in court.

Sirhan pronounced himself satisfied with his defense.

David N. Fitts, a deputy district attorney, was to begin the state's closing argument today.

All the words of testimony were in: the minute discussions about Sirhan's mind before the deed, during the deed, after the deed, and about the deed itself —the ambush slaying last June 5 of a presidential aspirant. The words filled 8,366 pages of transcript.

When the jury gets the case, possibly Friday or Monday, it need not debate whether the defendent assassinated the New York senator. Sirhan himself said on the stand that he killed Kennedy. "I'm not proud, but I'm not sorry either," he said.

But the jury must decide whether Sirhan's mental state was such that he could "meaningfully and maturely" premediatate his action—the essential element to first-degree murder. If the answer is affirmative, the jury then chooses between life in prison for the 25-year-old Jordanian Aran or death in a cyanide-filled chamber at San Quentin. Alternatively, the jury of seven men and five women could convict Sirhan of second-degree murder, which carries a sentence of five years to life, or manslaughter—one to 15 years.

The state called its first witnesses Feb. 14, and for nine days there was testimony accounting for the movements of Sirhan and the senator and how they came together . . . his virulent hate of the senator, poured out in a barely coherent flood of words in his diary and confided to a friend.

The shooting itself as described by Kennedy intimates Jesse M. Unruh, Roosevelt Grier, Rafer Johnson, and George Plimpton, and the bus boy who cradled the young senator's head and pressed a rosary into his hands.

Then Sirhan's defenders took over. They brought up Sirhan's boyhood amid the horrors of war in Jerusalem. Sirhan's aged, nearly blind mother, Mary, talked about it. So did his brother Adel, who also told of changes in Sirhan after a fall from a horse three years ago.

For 3½ days Sirhan got the chance he pleaded for—to tell his story. He said he had loved Kennedy until he learned that the senator was a long-time supporter of Israel, that Kennedy promised if elected to honor a commitment to send 50 bombers to the Zionist nation. And then, said Sirhan, his love turned to hate.

Sirhan spoke of his experiments with the occult, of trying to stretch the power of his mind.

Friends and former employers testified next. They said they had seen Sirhan change.

On March 10 a parade of psychologists and psychiatrists began and it continued until Tuesday.

The eight testifying for the defense found Sirhan too mentally ill to be capable of first-degree murder. The psychiatrist for the state agreed Sirhan is sick—but not that sick.

Throughout the 35 days of testimony Sirhan tried at various times to fire his lawyers, to plead guilty, to correct witnesses.

Judge Grants Probation In 'Break' Case

LISBON — Judge Joel H. Sharp of Common Pleas Court granted probation Monday, subject to Juvenile Court approval, to a 21-year-old former Salem resident who escaped from the County Jail Aug. 5, 1967.

The court also set aside a sentence against a Pennsylvania man who died while his appeal from a traffic manslaughter conviction was pending in Seventh District Court of Appeals.

Probation for five years was granted Thomas W. Buckius, who escaped from jail while being held on order of Juvenile Court on a molesting charge.

Pennsylvania state police apprehended Buckius the next day as he rode a bicycle stolen at Lisbon. The defendant pleaded guilty to the escape from confinement indictment in September 1967 and subsequently was sent to Lima State Hospital.

Hospital authorities recently notified the court that Buckius "has improved to such a degree that he does not need longer hospitalization and his case can be referred back to the committing court with the recommendation that he be placed on an extended probation under good supervision."

Since Buckius has no home to which to go, Judge Sharp placed him in the County Home, where he is to work under the supervision of W. E. (Bill) Hiscox, acting superintendent.

Judge Sharp withdrew a $500 fine and six-month jail sentence imposed last year on Glenn C Garvin, 43, of Smiths Ferry RD 1, who was convicted last May 17 of the traffic death of Lawrence (Tennessee) Mathes, 62, formerly of East Liverpool.

Garvin, an Ohioville Borough farmer who lived alone, died March 18 at home after apparently strangling on food.

The traffic accident occurred Feb. 3 last year at the intersection of St. Clair Ave. and E. 6th St., East Liverpool. The victim was a pedestrian.

Two City Youths Bound To Jury

Two East End youths were bound to the current term of the Columbiana County Grand Jury this morning after they waived a preliminary hearing on burglary charges in Municipal Court.

Regis A. Jenrett, 18, and Richard Jenrett, 19, both of 1076 Mapletree St., have been charged with breaking into Wright's Bar at 505 Virginia Ave. last week and taking $34 in cash and nine fifths and six pints of wine.

During the hearing, the brothers' court - appointed attorneys, Jackman G. Vodrey and Joseph W. C. Cooper, entered "not guilty" pleas and asked that the youths be allowed to waive the preliminary hearing.

Municipal Judge Samuel M. Chertoff, in granting the waiver, ordered the $1,000 bonds continued. At the request of Asst. City Solicitor Robert Simpson, an intoxication charge filed against Richard Jenrett was dismissed.

Sudden Strike Hits Illinois Central RR

CHICAGO (AP) — The Illinois Central Railroad halted most freight and passenger service on its 14-state system today, in operation would be taken out several hours after the United Transportation Union hit the line with a sudden strike.

An Illinois Central spokesman said supervisors were trying to keep up shipments of food and other perishables. However, he said, two passenger trains still of service after completing their runs.

The strike, which was called to back a demand relating to the size of crews, began at 1030 p.m. CST Tuesday, according to a union spokesman.

M.S. Stuckey, general chairman of the union's I.C. system, said the union seeks to force the railroad to keep the number of men in its crews the same as that on other lines.

Pickets formed in front of various stations.

Stuckey said Illinois Central has been trying to reduce the size of the crews, which generally include a conductor and either two trainmen or two yardmen.

He said 4,000 of Illinois Central's 19,000 employes are in the union.

The strike will affect the entire system except a few lines covered by other contracts, Stuckey said.

A negotiating session Tuesday ended in failure. No further meetings are scheduled.

States serviced by the Illinois Central are Illinois, Indiana, Iowa, Minnesota, Wisconsin, Alabama, Kentucky, Louisiana, Mississippi, Missouri, Tennessee, Arkansas, Nebraska and South Dakota.

The striking union was formed Dec. 9 by the merger of four railway brotherhoods—the Railroad Trainmen, Locomotive Firemen and Enginemen, the Order of Railway Conductors and Brakemen, and the Switchmen's Union of North America.

Change Is Made In Barbecue Site

LISBON — Local Kiwanians will hold their annual chicken barbecue, on the square during the second annual Johnny Appleseed Festival Sept. 18-20.

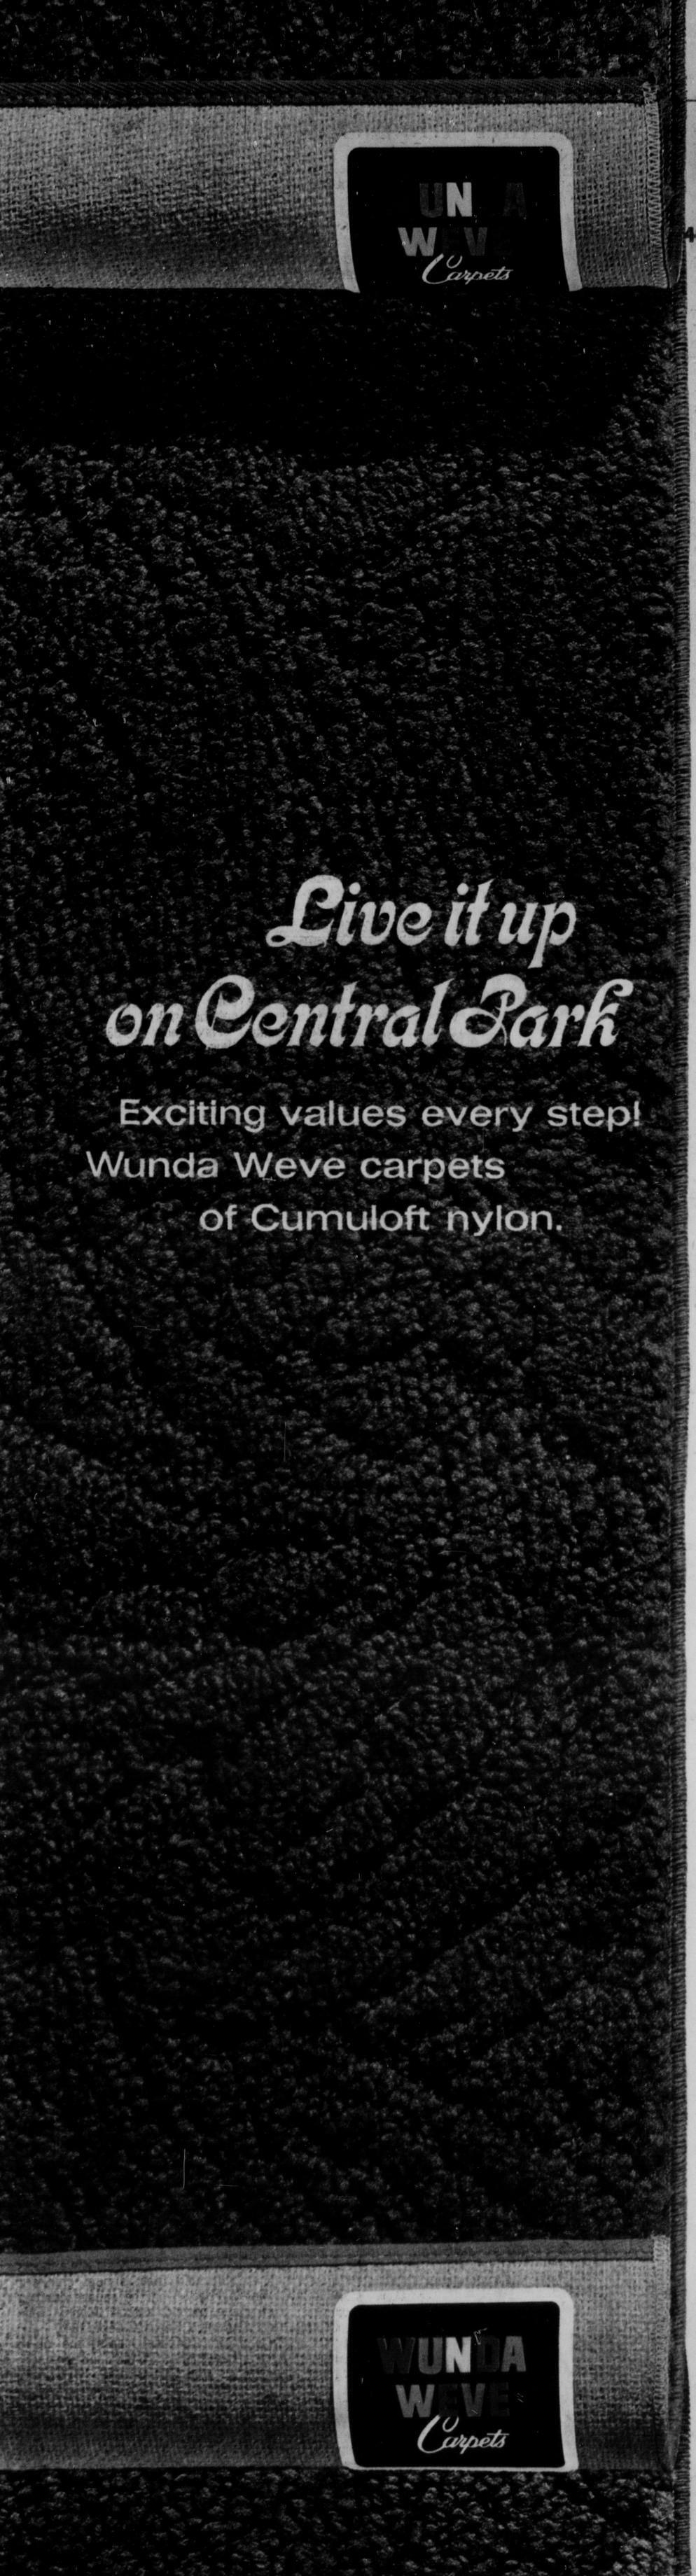

For several years, the club has sponsored the fund - raiser in mid-summer at Willow Grove Park. Directors disclosed the change this week.

They also announced the election of John Ebert to the board and said he will be chairman of a project to paint the bathhouse at the community swimming pool.

Dennis R. Wilson, a junior at David Anderson High School, will speak at the weekly luncheon Thursday noon in the First Christian Church.

Kiwanians were among his sponsors to the President's Classroom for Young Americans Feb. 22-March 1 in Washington, D.C. Dennis is a son of Mr. and Mrs. Thomas Wilson of 261 W. Sherman St.

Cornell P. Monda is program chairman. Henry Dawes, vice president, will preside.

A salesman for Mackall Motors on Pennsylvania Ave. reported a stone, pellet or B-B damaged a windshield of a 1969 auto either while it was parked on the firm's lot or during shipment.

Young Pastor Draws Pen Term For Riot

AKRON, Ohio (AP) — The 36-year-old pastor of Akron's United Baptist Church was sentenced to 1-to-3 years in the Ohio Penitentiary Tuesday after a jury found him guilty of inciting to riot.

The Rev. Billy Robinson, charged in connection with the Wooster Avenue civil disturbances in Akron last July, was the first Akron area person tried under a new law enacted by the State Legislature last year.

Abraham's grandson, Jacob, who was also called Israel, had 12 sons. The 12 tribes which later made up the Jewish people were the descendants of Israel's sons, hence the name Israelites.

The queen will represent the East Liverpool branch at the annual Campus Day May 10 at Kent.

Expansion Plan For Pittsburgh Airport Bared

PITTSBURGH (AP) — A $200 million expansion program planned for Greater Pittsburgh Airport emphasizes passenger convenience by providing an underground system that would carry baggage from parking areas to terminals and whisk travelers from waiting rooms to their flights.

The plan for the airport, which officials say has outgrown its capacity, was unveiled Tuesday by engineers and received an enthusiastic response from Allegheny County's three commissioners.

The program centers around a new, six-story terminal building connected by "Jet-way" cars to six passenger loading docks.

Also included are a 10,000 car parking garage and a four-level underground parking lot with space for 2,300 cars.

Engineers says the expansion could be completed by 1975, and will not interefere with an interium modernization program that will be finished in 1971.

The plans would enable the airport to handle 25 to 30 million passengers a year by the 21st Century. Presently it accomodates 5.6 million annually.

The county plans to finance the expansion through a bond issue and later be reimbursed by the airlines.

Carnival Plans Are Set By Club

Plans were completed for a booth at the Pleasant Heights Community Center's carnival when the Liverpool - Ruritan Club met Monday night at the center.

The carnival will be April 19.

Reports were given on the club's project of sponsoring a local girl in the City Hospital nurses' training program.

Participation in the Tri-State Pottery Festival also was discussed.

Plans also were made to attend a district meeting at Alliance.

Dinner arrangements were completed for the membership meeting Monday at the center.

Man Will Face Arraignment In Burglary Cases

LISBON — George Larry Hubbard, 25, of 808 Washington St., Wellsville, surrendered Tuesday to Sheriff Russell J. Van Fossan to answer to two burglary indictments returned by the January (1968) Grand Jury.

He is accused of burglaries June 19, 1967, at Wilbur Hays Service Station, Salineville RD 1, and Nov. 28, 1967, at the Shamrock Hardware and Lumber Co., 10th St., Wellsville.

Hubbard did not appear for arraignment Feb. 5 last year and the sheriff learned later he had gone to Texas, where he was convicted and sentenced for burglary. He returned to Wellsville after serving the sentence.

Tht sheriff took him before Common Pleas Court Judge Raymond S. Buzzard, who set bond at $1,000 on each count and, since Hubbard had no funds, appointed Donald Smith of East Liverpool as his lawyer.

Hubbard was taken to the County Jail and will be arraigned after talks with counsel.

Stephen Foster, composer of our best - loved plantation melodies, was born near Pittsburgh, Pa. in 1826.

apparently appeared to them in the darkness as huts.

"We let more than half of them pass by the first few armored tracks. Then when they were right in the center, all four of them opened fire."

Artillery and helicopter gunships joined the attack.

The Americans also took two prisoners, one of whom said his company was trying to link up with the 308th North Vietnamese Battalion.

The 9th Division troops are guarding the southwestern approaches to Saigon against an attack from five enemy battalions in the area totaling about 1,000 soldiers. If such an attack comes,

U. S. officers expect it to be coordinated with assaults from other directions.

Meanwhile, enemy gunners fired four 100-pound rockets into Saigon's northern fringes, wounding 10 Vietnamese civilians and two soldiers. One of the rockets caused minor damage to the Newport bridge, on the main highway to the big military bases at Bien Hoa and Long Binh, but traffic was not affected.

It was the first time rockets had been fired into the Saigon area since March 30 and the seventh shelling of the capital district since the Communist command launched its spring offensive 6½ weeks ago. The U.S. Command reported about 10 other rocket and mortar attacks on allied bases during the night; it said casualties and damage were light.

Fifty miles northwest of Saigon, South Vietnamese paratroopers guarding the southern approaches to Tay Ninh city reported killing 30 North Vietnamese in a fight, but six paratroopers were killed and 61 wounded.

The Viet Cong announced it had released three South Vietnamese soldiers captured during a firefight 30 miles northeast of Saigon on March 15. The Viet Cong radio said they were set free March 28 to show the "humanitarian policies" of the Viet Cong.

sult of the negotiations all city employes have benefitted and the city is still financially solvent. "We share with Council an acute concern for the Wellsville taxpayer and hope that its concern continues for the taxpayer as well as for city employes."

"Naturally, we expect Council to quickly pass appropriate legislation to give effect to its offer to the Police Department as contained in Council's public statement," Telzrow concluded.

Chief John Hephner and rookie Patrolman James Boyle have been on the job, with the exception of March 28-30 when Boyle became "ill."

The Big Four's chief delegates at the United Nations held their second weekly meeting Tuesday on the Middle East situation, and afterward Lord Caradon of Britain told newsmen progress had been made.

Caradon gave no details, but informed sources said the four ambassadors set up a second-level study group to search for common ground in the states positions of Israel, Egypt and Jordan on how to settle the Middle East conflict.

Workers Return To Metals Plants

BRILLIANT — Members of Local 65 of the United Plant Guard Workers of the Ohio Ferro-Alloy plant here and at the Powhatan plant returned to work Tuesday afternoon following end of a strike Monday for higher pay.

Representatives met Tuesday with company officials who agreed upon a substantial raise and additional benefits in the new contract.

Nine guards from the two plants formed a picket line in front of the Powhatan plant when negotiations on an increase in pay and the added beneifts collapsed.

The strike affected 700 employes of the two plants.

Most scientists are convinced life began in the water.

Negotiations Continue In Nine-Day Dispute

WEIRTON — Negotiations are continuing today as workers affiliated with the Ohio Valley Builders Exchange continued their nine - day strike.

Truck drivers, yard employes and teamsters went on strike at midnight March 31 following the expiration of their three-year contract.

The number of workers involved in the dispute has been estimated at between 80 and 100, with pickets on duty 24 hours a day.

The men are employed at the Weirton Lumber Co., the Cove Valley Lumber Co. and the Scott Lumber Co.

Beaver Local's Rex Campbell is on the baseball squad at Youngstown and will battle letterman sophomore Bill Kozak of Struthers for the catching position.

Also on the roster is Bob Poholsky of Ellwood City. He pitched the Wolverines to the WPIAL title in 1962, then attended Marietta. After a stint in the Marines, he's at Youngstown.

YOUNGSTOWN Ursuline's Tom Tamburino, a football and basketball star, has accepted a football scholarship to West Virginia. He is a defensive end.

TWO STEUBENVILLE Central basketball stars, Ray Szypulski and Mike Berarducci, are headed for Malone College in Canton. Szypulski graduated a year ago and didn't go to college, while Berarducci is a current senior.

HAP PALMER has recovered enough from his gunshot wound to be able to play baseball for Steubenville Central in a few weeks. The lanky redhead was a mainstay on the East Liverpool Colt League All-Stars last summer.

TERRY STRONG of Weirton, standout end, has enrolled at Ohio State on a football scholarship.

ATHLETIC DIRECTOR Bob McNea reports that East Liverpool has scheduled eight football games for next season, with the other two posing problems. He notes that the basketball schedule is almost complete.

MARK RALPH of Industry, a sophomore at Ashland College, is a member of the golf team there.

HEADPIN LANES is sponsoring a team in the Women's International Bowling Congress' tournament at San Diego, Calif. Mabel Abdalla will captain the squad, which is scheduled to bowl April 15.

HITTING will be back in baseball this year, if the Giants are any indication. They averaged 8 runs a game and batted .306 in exhibition play.

THE SEATTLE PILOT radio network has stations as far away as Alaska, Nevada and North Dakota. Former Indian announcer Jimmy Dudley will broadcast the games.

Expansion Teams Beat Mets, Astros

By MIKE RECHT
Associated Press Sports Writer

The Montreal Expos and San Diego Padres wasted little time striking a blow for the National League's expansion clubs-for and against them.

The Expos and Padres made their debuts Tuesday in the league's latest expansion with glorious victories, but, lo and behold, the victims were the league's first expansion teams—the New York Mets and Houston Astros.

The Expos swung first in the afternoon, flooring New York 11-10, leaving the Mets the only expansion club still looking for an opening day victory—after-eight years. The Padres followed at night with a 2-1 decision over the Astros, who won their first game ever in 1962 and since have had trouble recovering their momentum.

In other games the Chicago Cubs and Ernie Banks outhomered Philadelphia 7-6 in 11 innings. Felix Millan slugged his first gland slam homer as Atlanta whomped San Francisco 10-2, and Pittsburgh struggled 14 innings to subdue St. Louis 6-2.

Montreal really unloaded against the Mets' Tom Seaver, Cal Koonce, Al Jackson and Ron Taylor as pitcher Dan McGinn, Rusty Staub and finally Jose Laboy walloped homers.

Laboy, a minor league player for 10 years, unloaded with two on in the eighth inning for a decisive 11-6 lead before a disappointed crowd of 44,541 in New York.

The Mets, last with the least, made it close with four runs in the ninth, three on rookie Duffy Dyer's pinch homer. New York outhit Montreal, 15-12, and to add to the insult, the winning pitcher was former Met Don Shaw.

"It's the darndest opening day game I've ever seen," said Expos' manager Gene Mauch. "Both clubs were keyed up. Both were loosey goosey with those bats."

The Mets also supplied San Diego with a winning pitcher—Dick Selma, who hurled a five-hitter, struck out 12 and had two of the Padres' four hits.

San Diego didn't even have a hit until Ed Spiezio homered with one out in the fifth to tie the game 1-1. The following inning, Wilson hit Roberto Pena with a pitch and one out later Ollie Brown doubled him home before the crowd of 23,370 in San Diego.

"We're not such a bad ball club," Selma said. "We've got better hitting than the Mets ever had."

To which Brown added, chuckling, "we might go undefeated."

In Chicago, Willie Smith's two-run pinch homer brought the Cubs victory in the 11th inning, but it was effervescent Ernie Banks who got them that far.

Ageless Ernie, 38 years young, stroked the 475th and 476th homers of his 17-year career for Chicago's first five runs, outdueling rookie Don Money of the Phillies, who hit his first two homers for four runs, the second with two on in the ninth. It was Money who doubled in another run to put the Phillies briefly ahead in the 11th.

Millan's blast, only his fourth homer in the majors, followed an intentional walk in the sixth inning and put the Braves ahead 7-2, clinching their second victory over the Giants in as many days.

The Braves hammered 16 hits while Phil Niekro gave up only eight hits, including a homer by Willie McCovey, in going the distance.

Pinch-hitter Manny Sanguillen singled in Pittsburgh's two tie-breaking runs and Matty Alou drove in two more, all with two out, to beat the league's defending champions.

Bob Gibson went the first nine innings for the Cardinals, but gave up a homer to Willie Stargell and a run-scoring hit by Roberto Clemente.

FLYING FLOOD. Curt Flood of St. Louis slides safely into home as Jerry May of the Pirates tries to make the tag. Umpire Al Barlick calls the play. Flood scored from first on a double by Vada Pinson. Pittsburgh won 6-2 in 14 innings at St. Louis last night. (UPI Telephoto)

Masters Hurls Oak Glen Win

By TURK PIERCE
Review Sports Editor

Gary Masters, senior lefthander, spun a five - hitter and pitched Oak Glen to a 3-1 win over Beaver Local in the session baseball opener for both schools yesterday at Newell.

Masters walked no one and struck out eight. The only run off him was unearned.

Showing good control, the Golden Bear hurler used only 88 pitches over seven innings and went to three balls on a batter only three times.

Terry Boyd paced the attack for Larry Canterbury's forces with three hits, including a triple. Pat Clutter added two hits, including a double. Rick Sheppard, who didn't start, collected two hits for the Beavers.

Sophomore Bob Robinson took the loss for Beaver Local, being touched for two runs in two innings. Bob Flint finished up, allowing just one more run. The Beavers made only two errors, but each led to a run.

Robinson got off to a shaky start when Boyd and Clutter singled and Vic Reed was hit by a pitch to load the bases with none out in the first. Steve Murray forced Boyd at home, but third baseman Gary Klembara fumbled Lee Huff's grounder, allowing Clutter to score. Robinson got the next two hitters without further damage, however.

The Beavers of Nevitt Stockdale tied the game in the second when Lew Brown singled, stole second, took third on an error and scored on a fielder's choice. With two out in the bottom of the second Boyd's slicing drive got past Brown for a triple and Clutter hit a long drive to right center for a double, driving in what proved to be the winning run. An insurance run was added in the third when Murray was safe on an error, took second on a wild pitch and scored on a hit by Craig Whittington.

The losers threatened in the fifth when Sheppard led off with a pinch - hit single and took second on an error. Snortstop Boyd made a nice play to throw out Dubberly, but Mike Smith was safe when Masters fumbled his dribbler. With Flint up, Smith broke for second before Masters pitched, and was hung up. When Sheppard broke for home he was out at the plate and Flint took a third strike to end the inning.

Aliquippa In Section 6 In Realignment

In a drastic move yesterday, the WPIAL split Section 3 in its basketball realignment.

Aliquippa and Ambridge were separated from the league and will compete in Section 6 with Midland, Monaca, Beaver, Rochester, Hopewell and New Brighton. Seneca Valley, formerly of Section 6, was assigned to Section 3, joining Farrell, Sharon, Butler, Ellwood City, New Castle and Beaver Falls.

Freedom, formerly in Section 6, drops to Class B and joins Section 18, formerly Section 17. South Side Beaver, Western Beaver, Center, Carnegie, Coraopolis and West Allegheny, along with Freedom and Neville, are now in Section 18.

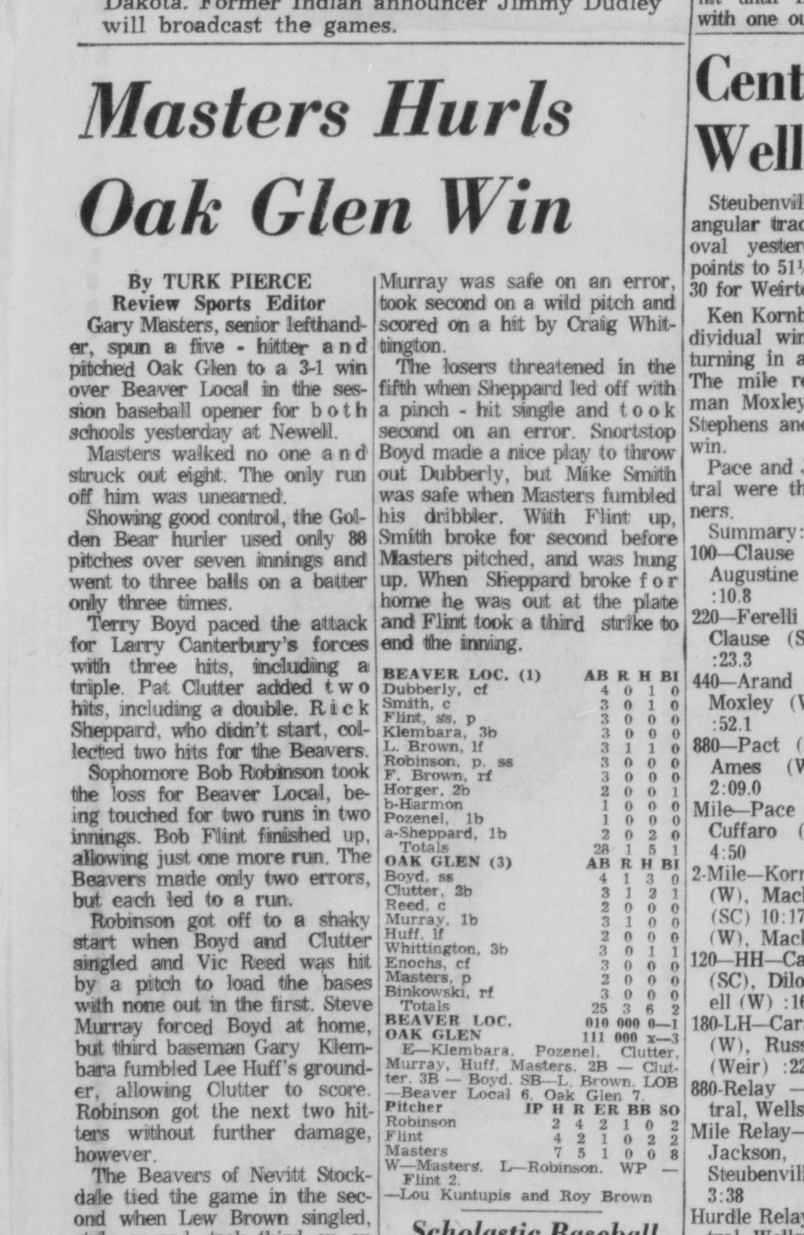

The New York Mets last season turned in eight shutouts in games where they used two or more pitchers.

Boardman Nips East Liverpool Nine 5-4

Cunningham Drives In Three

East Liverpool high opened its baseball season by losing a heartbreaker 5-4 at Boardman yesterday.

The Spartans won with two out in the last of the seventh when Ken Clark walked, stole second and scored on a single by Bruce Beard. East Liverpool had tied the game in the top half of the inning when John Haney singled, and was forced by Rick Schuck. Jim Massey walked and with two out Dan Cunningham singled to tie the score.

Bill Montgomery went the whole way for the Potters, taking the loss. He was a bit wild, allowing five walks and a hit batsman, and three of the walks came in to score. Boardman collected 10 hits, including three doubles. Jeff Pelley led the way with three hits, including a double. East Liverpool had eight hits, all singles, with Cunningham, Jim Musuraca, Haney and Massey all getting two.

Boardman opened the scoring in the second when Clark walked, stole second and scored on a hit by Pelley. The Potters went ahead in the third when Schuck walked, Massey singled, Kim Kemple advanced the runners with an infield out and Cunningham singled for two runs.

Boardman retaliated with three runs in the bottom of the third. Kim Grant walked and Greg Crowley singled him to third. Grant was out trying to score on Bud Joyce's grounder, but a wild pitch moved the runners up and Clark plated both with a single. Clark scored on a double by Butch Beard.

East Liverpool narrowed the gap in the fourth when Musuraca singled, stole second and scored on a hit by Haney.

Jack Hay, who came on in the top of the seventh and gave up Cunningham's game - tying hit, ws the winning pitcher.

Tigers, McLain Beat Indians

By HERSCHEL NISSENSON
Associated Press Sports Writer

Early or late, expansion is great and the American League's two new clubs used opposing formulas Tuesday to win their opening games by identical scores.

The Seattle Pilots struck early, erupting for four runs in the first inning and holding off the California Angels 4-3 in a night game at Anaheim. The Kansas City Royals scored on Joe Keough's bases-loaded single in the 12th and nipped the Minnesota Twins 4-3.

In another night contest, Oakland whipped the Chicago White Sox 5-2, while world champion Detroit trimmed Cleveland 6-2 and Boston edged Baltimore 5-4 in 12 innings during the afternoon. The New York Yankees and Washington were not scheduled.

Manager Joe Schultz of the Pilots, asked for comment on the surprising expansion victories, said "It goes to show the owners did their job" by making some good players available. Seattle's Tommy harper led off against Jim McGlothlin with a double and Mike Hegan homered. Tommy Davis' single, a hit batsman, a walk and Gerry McNertney's single added two more runs.

The Angels scored in the second on three singles, on Jim Fregosi's homer in the fifth and on two walks, a sacrifice and an infield out in the ninth.

But they ran themselves out of a possible big inning in the second. Aurelio Rodriguez and Tom Satriano opened with hits. Hegan crashed into the right field wall and was knocked cold trying to catch Bobby Knoop's drive, but Knoop passed Satriano on the basepaths and was called out. Hegan suffered a sprained left wrist and bruised hip.

The Royals tied Minnesota 3-3 with two runs in the bottom of the sixth but couldn't win it until the 12th before 17,688 fans who welcomed baseball back to Kansas City after a one-year absence.

Harmon Killebrew's error opened the door for two unearned runs in the sixth. Joe Foy began the winning rally in the 12th with a one-out infield hit and a passed ball and two intentional walks around a wild pitch filled the bases.

Rookie Manager Billy Martin pulled in his outfield but Keough drilled the ball over right fielder Tony Oliva's head, Lou Piniella, acquired last week from Seattle, paced the Royals with a double and three singles. Graig Nettles homered for the Twins.

"I'd have to say this is my biggest thrill as a manager," said Kansas City's Joe Gordon. "The big thrill I got out of it was the way the guys were all pulling for each other. I'll tell you this—I'd have been real disappointed if we'd lost. The guys had battled so hard all day."

Denny McLain held Cleveland to three hits and Al Kaline walloped a two-run homer as Detroit opened defense of its 1968 flag. McLain, who was treated Monday for an inflamed pitching shoulder, blanked the Indians over the last seven innings after yielding a homer to Larry Brown in the first and another run in the second.

Norm Cash's two-run double off Luis Tiant tied the game in the third and Kaline connected two innings later. A record Detroit opening day crowd of 53,572 was on hand.

A sacrifice fly by pinch hitter Dalton Jones delivered the winning run as the Red Sox downed the Orioles before 36,100 in Baltimore.

Boston's Tony Conigliaro and Baltimore's Frank Robinson traded two-run homers in the 10th. It was Conigliaro's first since Aug. 8, 1967, 10 days before he was beaned by a pitch that threatened to end his career. Mark Belanger also homered for the Orioles.

Seventeen of 20 American League baseball writers voted for Stan Bahnsen of the New York Yankees as 1968 rookie of the year. The pitcher won 17 games for the Yankees.

Tim Mellon Wins Three Events

Beavers Top Lisbon, Set 2 New School Marks

Beaver Local set two new school records while whipping Lisbon 80-47 in a track meet at Beaver Local yesterday.

Tim Mellon, Ron Downard, Dave Doak and Jim Bowersock broke their own record, set last year, in the 880 relay with a 1:34.6 clocking. Tom Aeschbacker ran a 4:45.6 mile for another record, even though he didn't win the race.

Mellon, in addition to helping set the relay record, won both hurdles events and the high jump. Bowersock took the 220 and long jump.

The meet was the opener for the Beavers of Larry Knight, while Lisbon is 1-2.

HINTS FROM HELOISE

Hose Problem Solved

DEAR HELOISE: Well, I really learned something this weekend that I'm almost too ashamed to write you about. But maybe there are a few other slow thinkers in the crowd who would appeciate this:

Heloise

In a rush to buy some stockings for my daughter and myself, I decided to take the medium length since they were out of the short size. And just guess what that saleslady told me?

"Honey, if they're too long, just turn the tops UNDER."

Imagine. Why hadn't I been doing that all this time? Don't most of us turn 'em over instead? She said it would give a much smoother line, and believe you me, it most certainly does.

DUM DUM.

That's a terrific one, gal. And here's another secret. . . .

Ever tried wearing your girdle wrongside out? Those little supporter knobs won't leave a bump showing through your straight skirt! Try it and see.

If your girdle has removable supporters, you only need turn those supporters backwards. Works.

HELOISE.

DEAR HELOISE: I found a new use for empty thread spools.

They are dandy for the zippers I remove from old dresses.

I wind my zipper around the spool and secure it with a rubber band.

You can also mark the length on the end of the spool, and fit them neatly into your sewing box or drawer.

BONNIE ANDERSON.

DEAR HELOISE: I thought flower lovers would like to know that you can put the little plastic wires from bread wrappers to good use in making stems for dried flowers.

Sometimes, when picking flowers, the stems are broken off short. So while they are still pliable, just wind them around the wire and they will stand upright in your vase very nicely.

MRS.R. F. CASSIDY.

Dear Heloise: Have you ever had a hard time getting clamp-suspenders to stay hooked to thin material, such as little girl's cotton slacks or skirts?

I sew a very small button on the band of the garment so the clamp has something to grab onto.

PAT KELLEY.

DEAR HELOISE: My garbage man had passed me up on occasion, but this time my cans were running over. I called and raised my voice to high heaven. They came promptly.

I was so relieved that I took a felt ink-marker and wrote THANK YOU in large letters on the lid of the can.

If we can yell at the top of our lungs when they miss us a few times, we can at least say thanks for being on the job most of the time.

MRS. L.M.C.

DEAR HELOISE: Did you know that you can preserve the small markings on your yardstick (and those markings do wear off if you use the stick a great deal) by putting a coat of clear varnish over the entire length and width of it?

SUSAN.

DEAR HELOISE: Sometimes we get good ideas from our very youngest children:

My seven-year-old was fixing cheese sandwiches for her school lunch. She put the soft broad on the counter and proceeded to butter the cheese instead of the bread.

It works!

When bread is very fresh, it will tear, and she had learned from experience that it is easier to butter the more solid slice of bread.

This also works with bologna, salami, and most types of lunchmeats.

CHEO'S MOTHER.

Shaw Selected As Lecturer By Lisbon Grange

LISBON — Clifford Shaw was elected lecturer, replacing Mrs. James Lawrence who resigned, during Monday night's meeting of the Lisbon Grange.

He also reported on the legislative conference he attended in Columbus last month.

Graydon Welling, master, conducted the business session when a reminder was given of the April 18 meeting and square dance of the county grange youth at Guilford Grange.

The charter was draped in memory of Edna Taber, wife of the past national master, and for Lawrence Armstrong, one of the Lisbon Grange's 50-year mtmbers.

The group voted donations for the Cancer Society and Red Cross.

Lunch was sold by members of the Juvenile Grange.

Tickets for the Demeter Club banquet May 26 at 7:30 at the Bayard Grange may be obtained from Mrs. Welling, with reservations due by May 15.

The Lisbon Grange will receive the traveling flag from the Guilford Grange at the May 5 meeting and on May 9 will present it to the Bayard Grange.

Scranton Named To Intelsat Post

WASHINGTON (AP) — William W. Scranton, former governor of Pennsylvania, has been appointed U.S. representative, with the personal rank of Ambassador, to the Intelsat conference.

The International Telecommunications Satellite Consortium is made up of 67 nations. Last month its first stssion was concluded in an attempt to draft agreement on a globbal commercial satellite system.

Scranton, named to his new post by President Nixon Monday, has been the Chief Executive's emissary before.

During the transition between the November elections and the inauguration, Scranton went on a Middle East fact-finding tour for Nixon.

Intelsat is due to reconvene in Washington November 18.

Lukens Talks To U.S. Ambassador In Soul

SEOUL (AP) — Rep. Donald E. Lukens, R - Ohio, met with William Porter, American ambassador to Seoul, at the embassy here Wednesday.

Lukens arrived Tuesday from Taipei for a three day visit as part of his Asian tour. He is a member of the House Science and Astronautic Committee.

District Meeting Set By Auxiliary Of W.Va. Legion

Mrs. Twyla Finley of Chester, statewide president of the American Legion Auxiliary, Department of West Virginia, will attend the organization's annual First District spring conference Sunday at the Mercantile Bank Building in Moundsville.

Activities will get under way at 9:30 a.m., with registration and a coffee hour. A morning session is scheduled at 11, with a luncheon break at noon. The afternoon session is scheduled for 1:15.

Reservations are to be made by Thursday with Mrs. Ruth Wood of 117 Pine Ave., Moundsville.

Presiding will be Mrs. John (Thelma) Merriman of Chester, the district's president.

The First District includes 21 individual units with a total of 2,189 members.

Its territory embraces the communities of Wheeling, Moundsville, McMechen, Weirton, Grafton, Fairmont, Cameron, New Martinsville, Wellsburg, Mannington, Follansbee, Benwood, Pine Grove, Paden City, Newell, Hundred, Chester, Smithfield and Lawrenceville.

Three Inducted By Legion Post

Three new members were inducted into Lawrenceville American Legion Post 163 Monday night. They are Carl Pierson, John Miler and John Wilson.

The group approved a donation to the cancer society as a memorial tribute to Mrs. Iva McMillen, who died recently. Another donation was approved to the Lawrenceville Athletic Association.

The post will sponsor a child to "King For a Day" ceremonies at Charleston. Delegates to the district convention at Wheeling May 18 are Lawrence Mikeals, Charles Huffman, Donald Van Dyke, Dean Nlnamaker, Kenny Brewer and Clarence Clendenning.

Prayer was offered by Chaplain Kenny Brewer. Comdr. Mikeals was in charge.

Hone Will Speak At Banquet For Wellsville Post

J. P. (Pat) Hone, department adjutant, will be guest speaker during the 50th anniversary banquet of the Wellsville American Legion post April 19 at 6:30 p.m.

Plans for the event were completed during a meeting Monday night conducted by Comdr. Kenneth Hoover.

The theme will be "God and Country and Law and Order." Tickets will be on sale at the home.

Jerry Deitch of East Liverpool and Kenny Riddle of Wellsville were enrolled as members. Bill Jackson's band will play for the dance Saturday from 10 p.m. to 1 a.m.

The regular weekly meeting on Monday has been cancelled due to the session of the Melvin Memorial Committee, to which all interested organizations are invited.

3 Good Reasons to Save at Diversified:

1

5¾% interest paid on one year term certificates. A minimum deposit of $1000 is required, thereafter in increments of $1000. When held for one year these certificates pay the area's highest rate — 5¾%.

2

5½% interest paid on investor's passbook savings. A minimum deposit of $500 is required. When held for one year this plan pays 5½% compounded quarterly and earned daily. Money may be withdrawn at any time and still earns 5¼%.

3

5¼% on regular passbook savings. Interest is compounded quarterly and earned daily. Which means you can deposit your money today, take it out tomorrow and still get one day's interest. Savings earn from the day of deposit, and withdrawals are penalized only for the amount of the withdrawal and for the number of days remaining in the quarter.

On The TV Beat

By Cecil Smith

Daniel Boone To Meet Ex-Slave

Daniel Boone is the only successful series in television to be set in the era of the American Revolution, a much more interesting period, I think, than the tired post-Civil War era of the Westerns.

Cecil Smith

"But there's a lotta people in networks and advertising agencies prejudiced against any show earlier than the Civil War," says Fess Parker.

The reason is obvious. That was the era of slavery, a historical fact TV prefers to ignore.

BUT BOONE must face up squarely to the slavery issue this coming season. Rosey Grier, the gigantic, black ex-Rams tackle, will be a regular member of the cast, signed for a dozen shows.

"He'll play an escaped slave," said Barney Rosenzweig, the bearded young producer of the program. "He escaped to the Indians who accepted him into the tribe. Even though Boone is a friend of the Indians, Rosey will be suspicious of him — why should he help whitey?"

We were standing on a bluff above a stream gurgling with springtime freshness at the Malibu Canyon ranch of 20th Century-Fox. After last winter's rains, the hills are covered with such a velvety green fuzz they seem almost too lovely to be real — like a picture post card.

BELOW on the bank of the stream a lanky fugitive in buckskins is scrambling for safety. Bloodhounds bay behind him, and grimy mountainmen follow with their long rifles. The fugitive plunges into the brambles of a fallen oak. Diector Jerry Juran calls: "Cut!"

A trainer fills a three-cornered hat with dog food, which the bloodhounds gulp down, and Juran says: "Now let the dogs smell the hat." The fugitive, who is Jimmy Dean sticks his head out of the brambles and yells: "Whyn't you let 'em smell the script and see what they do?"

"We got so many singers on this show, we ought to do an operetta," says Parker.

SINCE SINGER Ed Ames left the series two years ago, singer Dean has made a number of appearances, singer John Davidson is scheduled for several shows next season and Grier made his leap from football to show business via his singing on a highly successful local show here.

Fess is a singer who's currently assembling a night club act, just, he says, "to see what happens."

He's beginning his sixth year as Daniel Boone, filming 13 programs this spring after which he will take a long vacation before the show resumes shooting in October.

He may hit the night club trail during the summer layoff. It's mostly for fun because Fess is an astute businessman who has invested his TV earnings wisely and now is engaged in plans to build a massive $20 million amusement park, Frontierworld, in Boone County, Ky.

FESS CAME to fame as another early folk-hero, Davy Crockett. Few people realize this was not a series but a three-part Disney film. However, there are thousands who know Fess better from those three hours of Crockett than from his 117 episodes of Boone.

He bridges a generation. Kids who used to wear coonskin caps and sing about Crockett, "king of the wild frontier," are now parents of kids who are avid followers of Daniel Boone.

Fess, a big, easygoing man in his buckskins, enjoys the series, flying his Cherokee 180 down from his home in Santa Barbara daily to work. When they're working on location at the ranch, he sometimes brings one of the children along — today, 7-year-old Eli, his golfing son, "who has a natural swing his Daddy never had."

DUSTY JIMMY DEAN escapes the bloodhounds and climbs the hill and Fess tells him: "I was down your way to see your hog farm at Plainview, Tex. Nice people down there, but what an awful country. You ought to pay us to let you work here."

"Ain't that country awful?" said Jimmy. "Why you can stand belly-deep in mud and the dust will flow in your eye!"

Which is a line someone probably said to the real Daniel Boone.

WORLD ALMANAC FACTS

Samuel Pepys ascended Barking Steeple, Sept. 5, 1966, ". . . and there saw the saddest sight of desolation that I ever saw." London's Great Fire raged for five days and razed 13,200 houses, 89 churches and made 200,000 homeless. The catastrophe is commemorated by a 202-foot-high column because it is 202 feet from where the fire started in Pudding Lane.

Trucker Pays Penalty For Charges Of Ice

A West Virginia truck driver was fined on two charges filed by the Interstate Commerce Commission in Municipal Court today.

Edward R. Williams of Buckhannon was ordered to pay $10 and costs for driving without lights on his trailer and $50 and costs for failure to have the proper ICC registration to operate in Ohio.

The charges, lodged by W. K. Leishman of the ICC, resulted after the rig was stopped Tuesday about 7:30 p.m. on Route 7, three-tenths of a mile west of here.

Leishman told the judge the company which owns the rig, Alkire Trucking, is not authorized to operate in Ohio.

Williams said he had been to Cleveland and was returning to West Virginia when stopped.

Ronald J. Woomer of 322 W. 5th St. was fined $10 and costs for "peeling tires." He was arrested yesterday about 6:25 p.m. at E. 5th and Washington Sts.

David H. Martin of 366 McKee St. was ordered to pay $15 and costs for speeding on St. Clair Ave. about 9:44 p.m. yesterday. He was clocked by police at 50 miles an hour in a 35-mile zone.

Kenneth A. Hickman of 338 Haywood St. was fined $10 and costs for running a traffic light at W. 8th and Lisbon Sts. last Thursday about 9:09 a.m. Patrolman Karl W. Samples, who filed the charge, appeared in court to describe the arrest. Hickman had pleaded not guilty.

Ruth Stewart of 115 Kountz Ave., Wellsville, was fined $15 and costs for doing 65 miles an hour in a 50-mile zone about 10:25 p.m. last Wednesday on Route 7.

Jerry Gunn Jr. of Pleasant Valley Rd., Wellsville, was fined $25 and costs for failure to have his vehicle under control. He was involved in an accident on W. 8th St. March 30 about 3:17 a.m. at the intersection with Shadyside Ave. His auto hit a utility pole and turned over. He had been in an area hospital for treatment since then.

The case of John E. Myler of the Marshall Apartments was continued a second time.

Judge Chertoff set April 15 as the next date for a hearing for the man charged with "failure to exercise care when starting from park." The charge was lodged by Ohio highway patrolmen on Route 7 March 16 about 12:30 p.m.

Myler told the judge this morning he has been unable to obtain an attorney, but expects to retain one within a couple of days.

Roy Fetty of Dresden Ave. was ordered sent to the County Jail after being fined $100 and costs on an intoxication charge yesterday about 12:05 p.m. at 3rd and Market Sts.

Add lots of chopped fresh dill to sour cream and serve as a dressing for sliced cucumbers. Great with fish!

At the close of World War I, the United States had almost one million drug addicts. During Prohibition there were twice as many federal convictions for drug offenses as for liquor violations.

Sisco Gives Up In North Dakota; Will Be Returned

William Sisco, a former East Liverpool resident who escaped from the Beaver County jail last Wednesday night, has given himself up in Bismarck, N.D.

Bismarck Sheriff John Barnes told Beaver County Sheriff John Hineman Jr. by phone that Sisco walked into the police station and voluntarily surrendered. Barnes said Sisco informed him he would waive extradition and return to the Beaver County jail.

Since he is a fugitive fleeing from confinement under an issued warrant, he is in the custody of the FBI, according to Bernard Cashdollar, county detective.

Barnes told Hineman he had been busy fighting floods in North Dakota and had not had time to interrogate Sisco, but added he would question him as soon as he had a chance. Sisco probably will be returned to the Beaver County jail by authorities sometime this week.

Club Hears Talk On Lumbering

LISBON — The Columbiana County Board of Realtors heard a talk on lumbering Tuesday night by Clarence Konen of the Hammond Lumber Co. of Massillon.

Thirty - one attended the monthly dinner meting of the Cambridge Inn north of here. Bruce R. Herron of Salem, president, was in charge.

Discussing the west coast timberlands, Konen said the government owns about 65 per cent of the timber and the rest is owned by five big companies.

He said Japanese lumber interests underbid U. S. companies for timbering rights on government-owned land and have the logs in lumber form when their sawmill ships reach the home islands.

Konen said the nation will need 36 million new homes in the next 10 years and predicted the majority of them will be prefabricated.

Konen was accompanied by Richard Beatty of the Massillon firm.

Man Bound To Jury

LISBON — Robert McKenzie, 46, of S. Lincoln Ave. Ext. was bound over to the Grand Jury Tuesday on a charge of sodomy filed Friday night by village police. McKenzie pleaded not guilty before Judge J. L. MacDonald in Southwest Court and waived preliminary hearing. The defendant's bond of $1,000 was continued.

Named To New Post

PITTSBURGH — John F. Devaney has been named assistant vice president of the Aluminum Division of the National Steel Corp.

The United States opposed opium traffic as early as 1833 and in 1881 outlawed such participation with China. Heroin was introduced in 1898 as a substitute for opium and originally was believed to be non addictive.

Reaction

(Continued from Page 1)

there were inferences that he believed were not particularly factual.

He reiterated this morning that some of the statements in the report were just not true.

The initial reaction to the report by the East Liverpool Teachers Association board of directors was favorable. The board, which met Tuesday night, said the report would have had more meaning to the general public had it dealt more with specifics than generalities.

A general meeting of the whole ELTA has been set for Monday at 3:30 p. m. at East Junior High School.

James Martin, spokesman for the ELTA board, said the board is planning to make immediate changes suggested in the PRR report, including revision of by-laws and the constitution.

—:—

BROWN SAID he does not plan to call a special meeting of the board to consider the report. The next meeting of the board is set for April 21.

He criticized the means of delivering the report. 'The OEA had their pamphlet delivered to Supt. Blair at his home at 1 a.m. by a representative. Even though this document is extremely important, I am sure this kind of timing could be avoided."

"The PRR group has in a short time come up with many recommendations to solve the school problems. However, it is said to err is human, and even this dedicated group, requested by the ELTA from the Parent OEA, could be wrong in some of the recommendations."

"I do commend them," Brown said, "For their urging passage of the two proposed levy renewals." He said he has asked board members to study the report and make decisions so voting on the recommendations can be done as early as possible.

—:—

THOMAS RODFONG, board member, said he was pleased with the report criticism of the Nov. 22 failure of some teachers to report to classes at the high school. He said he believed the report was "very good overall."

"I just can't believe certain statements made, and would like to see some proof to substantiate these for example, grades being changed without teachers knowledge."

"Most of the recommendations have already been discussed and action taken on some of them by the board. I anticipate action will be taken on the other recommendations.

"As to the statement that Robert McNea (I assume it referred to McNea) has the authority and power to hire and fire coaches, this is ridiculus. There is no truth to this statement at all."

—:—

"THE RIGHT of the football coach — and all coaches — is to interview a prospective new coach, but they do not have the final say. If after Supt. Blair or Assistant Supt. Carl Pelini interview an applicant and they decide he would not make a good teacher, he is not hired simply because he is a coach.

"If by firing they are referring to Chan, this is false. He was not fired because McNea might have wanted this done. The administration can confirm this."

"As far as most of their recommendations go, they are good, but some I disagree with and some I just can't believe.

William Blair, board member, said he agreed with the recommendation for board members to disassociate themselves from direct administration. "This does not mean to assume an attitude of complacency toward the administration and concur with all recommendations, but to contribute conscientiously to the overall program."

"I still feel strongly that the division of athletic director and coach posts is an absolute necessity.

"If previous commitments were made relating to the athletic director's position, I hope that these were made with the complete understanding and approval of all concerned and in the best interest of the school. However, this does not mean that the policy relative to the position would continue indefinitely regardless of it's effect on the total school environment. "The report infers that the athletic director's job is not being handled conscientously. I do not agree with this and feel that the individual involved has done a commendable job under the circumstances. Accusations have been made by staff members and several incidences have developed during this past year that are contributing to a very poor educational environment for the youngsters of our community. This condition cannot continue to exist if we are to fulfill our educational obligation in East Liverpool.

—:—

"THE PROBLEMS that have developed, which appear to center around the athletic director's job, are not the result of any one individual but are a combination of irrational actions on the part of many; starting with the Board of Education and going straight through the system. People have to work together toward a common goal and if this cannot be achieved, some personnel and-or position changes have to be made.

"The make - up of the present Athletic Board, in my opinion, is completely satisfactory. This group now includes the high school principal, athletic director, superintendent of schools, assistant superintendent and three board members. I do not agree with the P. R. R. recommendation.

"It should be made quite clear that board funds have not been spent on athletics. If various athletic programs being conducted are financially successful, the money should be recycled by the Athletic Board on a frugal and conscientous basis for the over - all improvement of the school's athletic programs.

A monthly financial summary is presented at the Athletic Board meetings and these reports are available to press and radio.

I believe that many of the statements made in the report were ambiguous and left too much to the imagination. One statement contained in the report read as follows: "Much controversy centers on the athletic department. Persons actively involved in athletics must be held responsible for their actions" and I might add handled accordingly if these actions are not in line with responsible professional conduct.

—:—

"ANOTHER statement read: 'Much testimony was presented that the athletic director has assumed responsibilities which should rest in the hands of the administration and Board, specifically the hiring and firing of coaches.' During my term on the board, I have not been aware of any hiring or firing having been done by anyone other than the board. Our coaches have, however, become actively involved in periodically resigning from their respective positions. This type of action could possibly be construed as hiring and firing.

The most timely recommendation presented in the report and also the most important area of interest to our entire school district at this time, read in part as follows: "The citizens of East Liverpool must pass the 12 mill renewal levy in the May primary.' This has to be foremost in all of our minds, and I urge each voting citizen in the school district to vote for this renewal."

George Ward, board member, works in Minerva and has not been reached for comment.

Harry McConville, board member who works for the Internal Revenue Service, is in Salem, Hanoverton and surrounding communities today, and has made no statement at this time.

National Steel Gets Interest In Company

PITTSBURGH — George A. Stinson, president of the National Steel Corp., and Roger M. Wheeler, president of the American Magnesium Co., have announced jointly that the two corporations have entered into an agreement under which National Steel will acquire a 30 per cent interest in American Magnesium.

Midland Schools Eye Distributive Program

Dr. Charles Henderson, superintendent of Midland public schools, was authorized to investigate a distributive education program for the high school during a meeting of the school board Tuesday.

If the project is initiated, participating students would attend school a half day and work for local merchants the remainder of the day. Western Beaver High School and South Side High School already have such a program.

Sam Rosatone, maintenance supervisor, reported the drafting room remodeling is completed and an inspection will be made. He said the stockroom located off the gym has been painted and roof repairs will be completed as soon as weather permits.

James Cerasi, board member, reported he had talked with Mr. and Mrs. Tom Wood, whose son Timmy is receiving home instruction. They told him they had taken Timmy to Philadelphia for a checkup, along with the records prepared by his Midland teachers. The officials at the hospital commented no other school "had prepared such complete records and given such help" as the Midland system.

Dr. Henderson announced an exchange band program with Western Beaver High School. Mdland will be the host school April 30 and Western Beaver April 22. Costs of transportation for the Midland students will be paid by the Concert and Cultural Committee.

The Rod and Gun Club, sponsored by Ed Olkowski and Melvin Laing was granted permission for a field day at Raccoon State Park April 16. Members will have a guided tour of the park and receive instructions on trout fishing. They will make the trip at their own expense.

A request of the Serbian Athletic Association for use of the old gym for practice in preparation for a national tournament was granted. A request for use of the gym in the fall was tabled until a schedule can be made.

A $50 donation was made to WQED.

The resignation of Mrs. Katherine Rile, kindergarden teacher at 1st St. School, was accepted, effective at the end of the present school term. She cited illness.

Mrs. Greta Riezner was added to the substitute list. A request by Mrs. Ruth Frye to receive her summer pay at the end of the term was granted. She will visit Europe.

A letter of commendation was received for Lawrence Novak who served on an evaluation committee at Grove City schools. A letter of thanks for use of the gym and facilities was read from Robert Pillar, coach at Presentation Catholic School.

The secertary was authorized to forward a letter of congratulations to the junior high basketball team for its performance.

The budget request by the Athletic Board will be returned to the committee and Joel Carr, principal, for further study. The budget was $3,000 over the anticipated figure. An application for assistant baseball coach will be studied.

Dr. Henderson said Carr attended an emergency meeting concerning the reshuffling of teams for the WPIAL basketball schedule. Under the present schedule, Ambridge and Aliquippa would be in the same section as Midland.

Bills totaled $17,888. ESEA bills were $87.50.

The next meeting will be May 13.

Don't Tap Water Lines Too Soon, Residents Told

Industry residents who will receive water as a result of the new project were asked not to tap in on the mainline until notified.

Donald Haswell, manager of the Industry Municipal Authority, said at a meeting Tuesday, residents may lay service lines through their property, but are asked not to connect them until notification. The main lines must be cleaned and checked before they are released to the authority. Haswell said the project is 90 per cent complete.

The Engle Rd. lines are completed and work is being finished on the erection of a second tank in that area. Residents and the Western Beaver High School should receive water about May 1. A booster must be built on the Barclay Hill section. Residents of that area will receive water the middle of June.

Bills paid included: Schneider Co., $31,384; Gengerella Brothers, $2,631; Michael Baker Engineers, $4,209, and Miles P. Brown Co., $23,016. The next meeting will be May 13.

The biggest Scotch drinking area? It's in New York City, according to a survey conducted by Barton Distilling Company. Following New York, in order, are Chicago, Los Angeles, Washington, D.C., and Detroit.

Follansbee Cited For Community Betterment Bid

CHARLESTON, W. Va. (AP) — The state Chamber of Commerce has selected 20 West Virginia communities in 18 counties, as winners and runners-up in the 1968 Community Betterment Contest.

Martinsburg, Follansbee, Mannington, Franklin and Helvetia were honored with $1,000 first - prize awards in their population categories.

The State Chamber of Commerce conducts the contest each year as an incentive to encourage economic growth through community self - improvement and the emergence of leadership.

In the 10,000 and over population division, Martinsburg won top honors, followed by Clarksburg, Jackson County and St. Albans.

Follansbee, winners in the 3,000 - 10,000 category were trailed in the voting by Welch, St. Marys and Vienna.

Division III, 1,000 - 3,000, saw Mannington walk off with first place with Gassaway second, Anmoore third and Bramwell fourth.

The Pendleton County town of Franklin took first prize in the 500-1,000 division. Richmond District was second, Sutton third, and Kermit fourth.

Helvia, in Randolph County, took top prize in the 0-500 category followed by Winfield, Leon and Kanawha Drive.

First prize winners received $1,000; second - place finishers, $500; third-place, $300; and fourth, $100.

2 IN MEMORIAM

In loving memory of our son and brother, EDWARD WAYNE SHEETS, JR.:

Near a shady wall
A rose once grew,
Budded and blossomed
In God's free light,
Watered and fed by morning dew—
Shedding it's sweetness
By day and night.
As it grew and blossomed
Fair and tall,
Slowly rising to loftier heights,
It came to a crevice in the wall
Through which there shown a beam of light.
Onward it crept with added strength,
With never a thought of fear or pride.
It followed the light through the crevices length
And unfolded itself on the other side.
The light, the dew, the broadening view
Were found the same as they were before.
And it lost itself in beauty's view—
Breathing its fragrance more and more.
Shall claim a death—
Cause us to grief
And make our courage faint and fail.
Nay let us faith and hope receive,
The rose still grows beyond the wall
Scattering fragrance far and wide.
Just as it did in days of yore.
Just as it did on the other side.
Just as it will forevermore.

Sadly missed by Mother, Dad, Sisters and Brothers

Junior Editors Quiz on ELEPHANTS

QUESTION: *How did the elephant get his trunk can he breathe through it?*

* * *

ANSWER: Far in the dimness of the past, an animal about half the size of an elephant lived in Egypt browsing on ground plants and roots. We call it Moeritherium (1). "Moe" left descendants which grew larger, with teeth developing into useful grubbing tusks and with long flexible snouts (2). Later, such animals appeared in America; (3) shows what an early American elephant looked like. As they became larger, it was difficult for these elephant ancestors to reach down to the ground for food. With their long trunks, they very sensibly began to reach up, where juicy tree bark, twigs and leaves were awaiting them. Their tusks grew much longer, so that if they wanted to grub for roots, they could do that too. Such changes produced the hairy mastodons which once lived in America and then became extinct, as well as the true elephants of Asia and Africa (4). We breathe and smell through nostrils in our noses. The elephant uses nostrils in the end of his trunk for the same purposes. The trunk has many other uses, a few of which we suggest.

(Dianne Weaver of Phenix City, Ala., wins a prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)

Today In History

By The Associated Press

Today is Wednesday, April 9, the 99th day of 1969. There are 266 days left in the year.

On this date in 1865, Confederate Gen. Robert E. Lee surrendered to Gen. Ulysses S. Grant at Appomattox Court House, Va.

In 1682, the French explorer, La Salle, reached the Gulf of Mexico after traveling the length of the Mississippi River.

In 1939, the Negro singer, Marian Anderson, gave a recital at the Lincoln Memorial in Washington after being barred from Constitutional Hall.

In 1940, Germany invaded Norway and Denmark.

In 1942, American and Filipino forces on Bataan, the Philipines, were overwhelmed by the Japanese after three months of resistance.

In 1945, German troops in the Netherlands were trapped as Canadian troops cut off all escape routes.

In 1963, President John F. Kennedy signd a proclamation making Sir Winston Churchill an honorary American citizen.

Floods Chase Hundreds In Three States

By The Associated Press

Rivers fed with melting snows have flooded areas of three Upper Midwest states, taking the life of a second Minnesotan and forcing hundreds to evacuate their homes.

Students joined other volunteers at Sioux City, Iowa, to rush construction of a sandbag dike for protection against the rising Big Sioux River.

This was the flood situation today in Minnesota, Iowa and South Dakota:

—Minnesota: The state counted its second flood drowning victim Tuesday when Bernard Knudson, 60, of Kinbrae, fell into Heron Lake while poling ice from the supports of a railroad trestle. Earlier, Thomas Bieraugel, 18, of New Ulm, drowned while canoeing on a flooded river.

Many highways in the state were covered with water and some were closed. Officials evacuated 35 families at Dawson on Lac Qui Parle River where water was 7½ feet above flood stage; 14 families were taken out of Windom and another 200 were expected to leave; 7 were evacuated at Jackson.

—Iowa: 350 persons were evacuated at Cherokee on the Little Soux River and another 6 families at Akron. The Big Sioux River was expected to crest at a record 15 feet above flood stage at Sioux City on Thursday.

—South Dakota: The weather bureau reported a record flood crest swirling down the Big Sioux in the southeastern part of the state. Most of the town of Renner and parts of Dell Rapids were evacuated Tuesday night.

In Wisconsin the flood threat was eased as snow in the Northwoods melted slower than anticipated. Levee and sandbag work continued along the Mississippi itself where cresting will threaten several towns later this month.

Gov. Warren P. Knowles toured the Mississippi Tuesday and said he was "pleased and delighted" with preparations. Officials said the La Crosse area alone is investing $185,000 in levee work that could prevent $12 million damage.

In Sioux City, Iowa, high school and college coeds worked alongside Navy veterans Tuesday night as floodlights illuminated the dark swirling waters of the Big Sioux.

"We're here to help. So what if we're girls," said a student nurse from St. Vincent's Academy of Nursing.

"It's kind of fun, but I'm getting tired," said a Riverside High School girl from Sioux City.

One of her male classmates said he "was about bushed. I've been filling and throwing these damn sandbags for about 12 hours."

However he voiced the opinion of most of the students who were building a three-foot sandbag dike in the north edge of the city when he said he would stay all night "if they need me."

Some students returned from Easter vacation early in order to help with the dike, which protects an essentially low income area of the city.

Egyptian And Israeli Guns Again Duel Across Canal

U.N. Cease-Fire Stilled First Clash Along Waterway

By The Associated Press

Egypt said a second artillery duel flared across the Suez Canal late Tuesday, nine hours after a U.N. cease-fire stilled Egyptian and Israeli guns along the waterway.

The first duel lasted five hours; an Egyptian communique estimated Israeli losses at 40 killed and wounded, but the Israelis said four of their soldiers were wounded.

An Egyptian communique said the Israelis began firing across the canal again at 10:45 p.m., and the duel continued for an hour and a half.

"The enemy concentrated his fire at the Suez port of Taufik and south of Bitter Lake," Cairo Radio reported. "The Israelis tried to resume fighting in view of their huge losses in earlier clashes, but our forces responded immediately and silenced the enemy positions. There were no casualties among our forces."

The broadcast said fires were raging at Mousa Oasis, from where the Israelis allegedly began firing.

The Suez hostilities were preceded Tuesday by a Jordanian rocket attack on Elath, Israel's gateway through the Gulf of Aqaba to East Africa and the Far East, and a retaliatory air raid by Israeli jets on Aqaba, Jordan's only port.

The fighting provided a gloomy backdrop for talks between President Nixon and King Hussein of Jordan, who began a three-day visit to Washington Tuesday. Hussein spoke about the "explosive situation" and warned that time is running out.

'As Soon As Possible'

Officers' Return Due At Wellsville

Full police protection once more appears near for the city of Wellsville.

This is the word from Atty. William J. Telzrow Jr., representing the officers in wage negotiations with Council.

Telzrow pointed out that Patrolman James McMahon reported for duty Tuesday at 4 p.m. and that the remainder of the men are expected to be back on the job "as soon as possible."

—:—

TELZROW, in a statement, said the first reaction of the police "was anger and a determination to strike back," but said that "after much soul - searching" the welfare of the residents of Wellsville was placed ahead of personal feelings.

He said police department representatives were "angered and disappointed" at Council's "reckless accusation" that they were engaged in irresponsible and dishonest activity in connection with wage negotiations.

"Council consistantly has recognized the fact that the police were underpaid and yet at the second meeting of the parties Council proposed a solution which could have resulted in less money for the policemen than they would receive for last year," the statement continued.

Telzrow declared that in view of the later 10 per cent raise "it is obvious that Council's first offer was not in good faith and it was at this point that we were forced to take our cause to the public, and we did release accurate information to the press."

Grand Jurors Launch Work On 50 Cases

13 Women, 2 Men Sworn In; 39 Due To Testify Today

LISBON — Thirteen women and two men comprise the Columbiana County Grand Jury sworn in this morning by Judge Raymond S. Buzzard in Common Pleas Court.

The panel began work immediately with Prosecuting Atty. J. Warren Bettis and Assistant Richard Clark. Thirty - nine witnesses have been called to testify in 10 cases today.

More than 40 cases will be considered. The prosecutor told the court the investigations will require about one week.

Judge Buzzard appointed as foreman Richard T. Speidel of Hanoverton RD 1, vice president of the Farmers National Bank of Salem. The other jurors are:

Iris J. Capehart, Ailene K. Galloway, Lucille Wright and Virginia I. Osborn of East Liverpool, Jean Crowell and Tamer L. Riddle of Lisbon, Olive Biery of Columbiana, Dorothy Thompson of East Palestine, Eileen Lowmiller of Minerva RD and Minnie Cope, Thelma Talbot, Virginia Limestahl and John H. Eddy of Salem.

Ilma Cartwright of East Palestine is the alternate.

Arson Eyed As Cause Of Barn Blaze

SUMMITVILLE — An arson investigation is under way in connection with the destruction of a Wayne Township barn by fire early this morning.

Flames broke out before midnight in the large 40-by-50-foot structure along Township Rd. 754 (Hull Rd.) about four miles east of here. The barn, located on what was known as the Norman Benner farm, is owned by Bill Davis of Sebring.

The blaze first was spotted by the family of Mr. and Mrs. Donald Smail and Joseph Smail, who reside in the house on the tract. Mrs. Smail said the whole interior of the barn was aflame at the time.

Franklin Township firemen were summoned at 12:10 a.m. and just prior to their arrival at 12:23, the roof of the structure collapsed, Constable Forrest Young said.

The department stood by, wetting down and saving a nearby garage, some pine trees and a corn crib.

Tops of some trees in a thick woods across the road ignited from aprks and the West Point Fire Department and the Forestry Service were called to assist. The Foresty Service sent a truck along with a plane which was used to observe if any other area of the deep woods caught fire. Firemen were able to wet down the trees to prevent any spread.

The barn contained about 600 bushel of oats, some 4,000 bales of hay, a hay mower conditioner and wagon, all owned by Joseph Hruby of Wayne Township and Steve Hruby of near Millport, brothers. There was some insurance coverage.

Davis owned some beef cattle which roamed in and out of the barn and which were fed at 5:30 p.m. yesterday. Davis said he would not know if any perished until he checked the herd later today.

Young, who remained at the scene until 6 a.m. today, said the blaze apparently was set deliberately.

Board Members React

OEA Report Gets Varied Responses

Reaction of school authorities and teachers to Tuesday's report on East Liverpool's faculty and administration dissension problems is mixed, but generally favorable and with indications that some action will be or has been taken on recommendations.

The Professional Rights and Responsibilities Commission of the Ohio Education Association submitted 19 recommendations stemming from a four - day investigation of the schools in February.

Board President Samuel Brown said, "I know the board will study and give much weight to each and every recommendation. This is a very important document — along with the elements of the Sebold report passed earlier — and all concerned should study them individually and collectively before arriving at decisions."

Supt. Paul Blair said Tuesday that he wanted to make an evaluation of the entire report. "I have noted that there are certain statements that I would question. There are also statements with which I agree. I feel there are helpful suggestions in the report which in time we will be able to implement."

—:—

BLAIR SAID this morning he had nothing further to comment at this time.

Assistant Supt. Carl Pellini said yesterday that basically it was an excellent report but that

Another Fire Strikes Plant At Laughlin's

Damage Estimated At $12,000 From Blaze Early Today

Damage was estimated at $12,000 from a smoldering - type blaze early this morning in the packing department at Plant 2 of the Homer Laughlin China Co. in Newell.

Fire Chief Earl Flesch said the blaze was only about 20 feet from where fire on March 23 caused an estimated $250,000 damage.

New empty cartons stored in the plant the past few days were destroyed by today's blaze.

Flesch said firemen again were hampered by heavy, dense smoke, but were able to locate the center of the blaze faster than the one last month.

Thirteen Newell volunteers answered the call at 7 and were on the scene for two hours.

Robert Wells, superintendent, said the plant was shut down today. Flesch said some smoke remained in the building, forcing a halt to the work.

Newell volunteers also were called Tuesday at 2:20 p. m. to extinguish a grass fire near Plant 8. Grass and brush were burned and a door on a utility shed was scorched, Flesch said.

Enemy Fooled By Silhouettes

Hail Of Machinegun Fire Kills 47 Reds In Vietnam

SAIGON (AP) — A company of North Vietnamese troops moving toward Saigon from the southwest apparently mistook the silhouettes of American armored cars for the huts of peasants and walked into a death trap.

Forty-seven of the estimated 75 enemy soldiers died Tuesday night under a hail of machinegun fire from the four armored personnel carriers, military spokesmen said.

No U.S. casualties were reported.

The North Vietnamese were moving through open rice paddies about 18 miles southwest of Saigon, apparently confident that they could escape detection because there was no moon.

The enemy troops passed by a listening post several hundred yards from the main body of the mechanized infantry company from the U.S. 9th Infantry Division. The outpost radioed to the main unit that about 75 enemy troops were moving toward the armored personnel carriers.

"They apparently figured that since there was no moon they wouldn't be caught," said a 9th Division officer. "The silhouettes of the armored tracks

Pupils Get The 'Gate'

MONROEVILLE, Pa. (AP) — When pupils returned to Gateway High School after Easter vacation they were met at the door by teachers who examined girls' hemlines and boys' sideburns.

Several of the 1,920 pupils were sent home Tuesday for wearing "microminiskirts" or sideburns "too long."

British Flight-Test Supersonic Airliner

BRISTOL, England (AP) — The British Concorde supersonic airliner, which is expected to cut flying time across the Atlantic in half, flew for the first time today and was judged excellent.

The maiden flight of the gleaming, droop-snout Concorde 002 flew 50 miles from the airfield of her British builder to a Royal Air Force base in 22 minutes. The identical French Concorde made its first flight five weeks ago.

Two Claimed By Sewer Gas At Lead Plant

MONACA — Sulphur dioxide poisoning has been blamed for Tuesday's deaths of two St. Joseph Lead Co. employes.

The bodies of John L. Kaufold Jr., 34, of 302 6th Ave., New Brighton, and James Lee Sheline, 21, of Park IV Apts., Beaver, were found at 3 p.m. in a sewer manhole on the company's grounds in Potter Township.

The men, technical trainees, were running full measure tests on sewage flow.

Ralph L. Riviere, Beaver County coroner, attributed the deaths to asphyxiation. A company spokesman said a full investigation will be conducted.

Institute Cites Guidelines

Use Of Artificial Heart Questioned In Karp's Case

WASHINGTON (AP) — The National Heart Institute wants to know whether guidelines fixed for federally financed research were violated by the use of an artificial heart in an attempt to save the life of Haskell Karp.

Kept alive by the mechanical substitute for 65 hours, Karp, 47, of Skokie, Ill., then received a human heart from a Massachusetts woman but died Tuesday in a Houston hospital after developing pneumonia and kidney failure.

The Institute has spent about $30 million of government funds developing artificial circulation devices since 1965.

A spokesman said Dr. Michael DeBakey was being asked to say whether the heart used on Karp resulted from research carried on under a program at Baylor University under DeBakey's direction.

If so, said Dr. Theodore Cooper, Institute director, its use was subject to the federal guidelines.

The surgery on Karp was performed by Dr. Denton A. Cooley. In a copyright story, the New York Daily News quoted him as saying:

"I don't have to clear my operations through them. The operations I do are designed to save a person's life.

"This was the purpose of my effort with Mr. Karp. He would have been dead Friday afternoon if I hadn't operated. It was a desperate effort to save his life."

Alexander Quits EOC Post, Attacks Nixon

WASHINGTON (AP) — Clifford L. Alexander Jr. resigned today as chairman of the Employment Opportunities Commission and denounced the Nixon administration's attitudes on enforcing equal job opportunities.

Alexander, 39, who held the job for two years, came under fire last month from Senate Republican Leader Everett M. Dirksen, who said the EOC chief had harassed firms.

In his resignation, Alexander noted Dirksen threatened to have him fired for "vigorous enforcement" of equal job opportunities and that the White House had announced he would be replaced.

Bill Seeks Broader Powers For Regents

COLUMBUS, Ohio (AP) — A bill introduced in the House Tuesday night would give broader powers to the Ohio Board of Regents in its control of state universities.

Reps. Mark C. Shinnerer R-49 Lakewood and Fred B. Hadley R-1 Pioneer, introduced the measure. Schinnerer said it is a substitute for his earlier bill which would have required university professors to work at least a 40-hour week, including 15 hours in classroom instruction.

ANN LANDERS

Low Forehead Dooms Girl

By Ann Landers

Dear Ann Landers: I'm a girl 16. I have no self-respect, no confidence, no future to look forward to. Why? Because I have a low forehead.

Three years ago a couple of my girl friends started to tell me how to wear my hair so my low forehead wouldn't be so noticeable. They suggested bangs, but it didn't help much.

I still felt like the ugliest girl in town, no matter where I went. I also felt like the dumbest, because people with low foreheads, according to the reading I've done, are slow learners and have low I.Q.'s.

The first thing I notice about a person is his forehead. The groovy kids always have high foreheads. The losers have low foreheads. Like mine.

Please tell me what to do about this lousy break in life. Am I doomed? — KID SISTER OF ZORBA.

-:-

Dear Kid: It is not true that people with high foreheads are more intelligent than people with low foreheads. This myth is in the same category as the theory that closely spaced eyes are a sign of sneakiness and a receding chin indicates weak character and a lack of initiative.

Since your low forehead is making you so miserable, I suggest that you discuss it with your parents and ask permission to go to a dermatologist. He might recommend a hair removal expert. It's possible to have your forehead "raised" by altering your hairline.

Billing Time

Dear Ann: My mother is in her mid-50s. She's in good health and works as a registered nurse. Dad works part-time. They get behind in their bills now and then but who doesn't?

The problem is this: I'm happily married to a nice guy. We are both 27. We have two preschoolers and only one income. There are many things we need, but we are careful and manage to get by okay.

My mother keeps telling me that, according to the law, children must support their parents. Last month she handed me two bills. One was a payment on their new TV. The other was an overdue repair bill from the garage. They have two cars.

I managed to pay the bills out of the money I put away for emergencies. My husband was mad and let me know it.

If Mom and Dad were old or sick and couldn't work, I'd happily take care of them, but they make more money than my husband and are causing trouble in our marriage. Please help me. — STRAPPED.

-:-

Dear Strapped: In some states the laws says children must feed and shelter parents if they are old and sick. I know of no law, however, that says children must pay garage bills and make TV payments for parents who have an income.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Midland Legion Picks Delegates

Delegates for the American Legion state convention were elected at a meeting of Midland Post 481 Monday.

They include: Pat Cody, executive committee; Paul Rice; Robert Dick, deputy commander, 26th district; Truman Rodfong, service officer, and Steve Crano, post commander, Joe Mulach, Woodrow Pflugh and Mark Pike were named alternates.

Following elections in June, the new commander also will attend the convention. In the event one of the delegates is elected as commander, one of the alternates will attend. The convention will be July 16-20 in Pittsburgh.

Don and Ron Prentice were named as managers of the Legion baseball team. Discussion was held on the annual Midland Invitational track meet May 7, sponsored by the Legion.

Donations were approved for the Western Beaver post - prom event, station WQED and the building program for Legion headquarters at Harrisburg. Crano and Dick attended the funeral of Tony Rica, department sergeant - at - arms, Monday in Harrisville.

All World War I veterans are urged to attend the 50th anniversary dinner Saturday at the post home. They will be honored and receive gifts. Reservations for the dinner still are being accepted.

The next meeting will be April 21 at the post.

Election Plans Being Made By 2-County Group

The Hancock - Brooke Mental Health Society is preparing for its election with the naming of a nominating committee.

Mrs. E. M Clubb Jr. is chairman, assisted by Mrs. W. V. Archer Jr. and Mrs. Lowell Austin.

The group's next meeting will be May 1.

During the last meeting, Mrs. Bernice Gist, guidance director, discussed the utilization by Brooke schools of the two-county mental health service.

Mrs. Gist explained that although students have been provided quality education, the Brooke schools could not finance psychological and psychiatric services for the emotionally disturbed and mentally ill students.

She stressed that for the past 2½ years "the service has provided invaluable service for these students and has served to help teachers and parents become better informed about mentally - disturbed children."

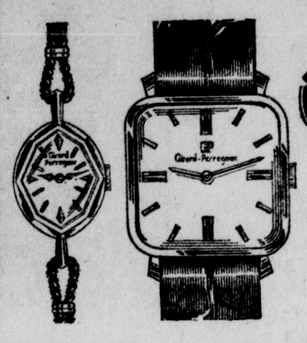

Mrs. Audrey Litman, president, announced that the board of directors for the service is awaiting information from the West Virginia State Department of Mental Health and the National Institute of Mental Health, Regional Health Center at Charlottsville, Va., regarding the mental health service continuing as a local facility to serve the residents of the two counties rather than being included in the proposed five-county Northern Panhandle Mental Health Center, Inc.

Mrs. Harold Borza, financial secretary, announced 61 memberships and recent donations received from the New Cumberland Elementary Parent-Teacher Association, Weirton Woman's Club, St. Elizabeth Guild, St. Thomas Church and the Chester Intermediate and Junior High schools Parent-Teacher Association.

King Gives Talk To Rotary Club

"I find dedication in our young people today, I like working with the Kent State branch and I like working with the community of East Liverpool," Richard Q. King, director of the branch, told fellow Rotary members during the noon luncheon Tuesday at the Travelers Hotel.

King was graduated from Steubenville High School and entered Muskingum College in 1942. He attended Oberlin College one year while in the service and following his discharge in 1945 went back to Muskingum.

He received his bachelor's degree from Muskingum and his master's degree from the Ohio State University.

In 1962, he was working for the Mansfield board of education, the Ohio State University branch in Mansfield and as an instructor at Ashland College.

King pointed out the Mansfield branch grew from 195 students to 1,152 and the the East Liverpool branch is also growing.

Carl Pelini, president, announced that the program being planned for April 29 will be based on "Law and Order".

The U.S. government established Sequoia National Park in 1890.

2 Priority Recommendations

Two key recommendations offered by the Professional Rights and Responsibilities commission in its study of the city schools apply to the citizens of this community.

The PRR group took the board of education, administrators and the East Liverpool Teachers Association to task on certain matters, and it pointed the way to changes in policy — some new, some offered before — which cannot help but be beneficial to the proper operation of the school system in the future.

But the community itself was urged first, to approve the renewal of the two school levies without which the education process in East Liverpool must eventually grind to a halt, and secondly, to evaluate the board members and at election time, choose candidates who have a total awareness of student needs and their own responsibilities.

"It is the prerogative of the community to decide if it wants board members dedicated to winning athletic contests and making money for the athletic department; or if it wants a board to set policy for a smoothly-operating, sound educational program. It must make its wishes clearly known."

Hopefully, the present board of education will consider the latest recommendations, which to us seem reasonable and logical, and adopt them. It is the board's full responsibility to revise the administrative and athletic structure and policies, and to follow the non-interference practices set by law.

But the citizens of East Liverpool must recognize their own duties in continuing to finance the school operations and in naming the board members to do the proper job in making sure the schools are operating as they should.

Citizens have to meet their first obligation May 6, and the second next November.

A Golden Opportunity

Now, perhaps more so than in any recent period, the Western powers, and the United States in particular, have an opportunity to move diplomatically in such a way as to achieve a detente in Europe.

Undoubtedly due to the growing power struggle within the Communist world between the Soviet Union and Red China, Soviet leaders are believed to be launching an effort to mollify European Reds and at the same time reduce the tensions between East and West.

The Communist proposal for an all-European parley aimed at the dissolution of the Warsaw Pact and the North Atlantic Treaty Organization is seen as part and parcel of this effort.

HOW BEST TO RESPOND to this Communist initiative is the puzzle perplexing the Western governments.

The fact that Russia is in trouble in many ways greatly strengthens the diplomatic hand of the Allies. Yet, if they make the wrong moves, they can scuttle any agreements before they are completed.

Diverse opinions exist as to whether Russia really wants expanded social and political ties between Western and Eastern European states.

Some leaders are convinced Russia is ready for greater contacts with the West. They point to the multiplying trade contacts such as the new agreement between the East German Chamber of Commerce and the confederation of British Industry, Hungary's adoption of the French process for color television, Polish contracts with Britain for industrial supplies valued at $9 million and talks between Italy and Russia on hte establishment of a Moscow-Rome air route.

Leaders of the opposite view contend that a powerful group in the Politburo opposes any increase in political or social ties with West Germany because of the effect on that nation's neighbors in East Europe.

They also argue that both the Russian army and police are opposed to any political moves that would tend to weaken the Soviet Union's control in Eastern Europe.

Communists themselves have described the current broad ideological offensive designed to pacify dissident European Communist parties as much softer in tone and content than previous policy declarations on Europe.

THEY CITE, AS AN EXAMPLE, the 1966 Warsaw Pact declaration which demanded dissolution of NATO and the 1967 declaration which demanded outright recognition of East Germany's Communist regime.

Neither demand is made in the current platform for a dialogue issued last month in Budapest, Hungary.

The obstinacy of Czechoslovakia in resisting complete subjugation to the Russian will and the defiance of Romania, supported by Yugoslavia, plus the disapproval expressed by Western Communist parties regarding Russia's suppression of Czechoslovakia also are believed partially responsible for forcing the Kremlin to adopt the low-key platform.

It appears a golden opportunity for Western diplomats to exercise the greatest diplomatic

The War On Cancer

Cancer continues to take its tragic toll of human lives despite large-scale efforts to find its Achilles heel. But the dread disease's reign of terror may be drawing to an end.

Medical science has attempted to destroy the cancer cells in many ways with varying degrees of success. The most acceptable methods currently being used include surgery, hormone therapy, drugs and radiation.

But all of these are hard on the patient and some produce adverse effects sometimes more dangerous than the cancerous tumor itself.

RECENT RESEARCH reports indicate, however, that two other techniques are being used experimentally with considerable success. The one method simply starves the cancer cells to death while the other heats it to death. Both seem to work.

The scientists plan to heat up the entire body with artificial fevers and at the same time use anticancer drugs for a double punch at the malignant cells. Cooperative research has disclosed that heating the blood supply to the arms and legs of patients to 107 degrees Fahrenheit causes the disappearance of cancers in some patients.

To starve the cancer cells, thus interfering with their growth and metabolism, researchers put a cancer patient on a special diet which denies the diseased cells vital nourishment.

As long as the patients adhered to the diet there was a reversal of the cancer cells' growth but when they abandoned the diet there was a recurrence of the malignancies.

Neither cancer-fighting concept, heat or starvation, is new. But modern scientists have obtained much more encouraging results with both methods than earlier medical scientists.

WE NOW KNOW how to produce fevers more efficiently and we also can do a better job of starving cells. For we have discovered the eight amino acids which are the vital building blocks of life, without which there can be no growth and reproduction of tissue.

There still are problems to be solved with both techniques but the advances being made are extremely encouraging. Scientists haven't defeated cancer yet but they certainly have it on the run.

Nifty Gadget

Call it automation, call it computerization or whatever you like, the result of an invention by a woman engineer is bound to be greeted happily by the women in America's kitchens.

And probably be efficiency-minded, economy-oriented males as well.

Mrs. Barbara W. Stephenson of Silver Spring, Md., an electronics engineer, has been granted a patent for a kitchen calculator. The device enables the cook, male or female, to convert any recipe to serve the actual number of diners present.

If a recipe calls for two and half cups of flour for five people but seven are expected for dinner, a pointer on the calculator will show that the necessary quantity will be three and a half cups. The nifty invention also can convert pounds to ounces and quarts to cups.

Mrs. Stephenson has tested a number of prototypes in her own kitchen and knows her calculator works. Now she is looking for a manufacturer.

Odds are good that millions of American housewives are hoping she finds one soon.

Happiness Is Music

Music in America is healthy.

Tastes run from classical to big-beat rock to Broadway show tunes. This adds unto a $2-billion a year business for the music industry.

The $2 billion is divided about equally between retail sales of records and combined sales of musical instruments, instrument accessories, instructional aids and sheet music.

All Americans do not like the same kind of music, but nearly everyone likes some kind and that is what makes people in the industry so happy.

Everybody knows about the deafening modern beat favored by the younger generation and the infatuation with electronically produced sounds but figures back up those who say interest is growing in other types of music, too.

Here are some recent statistics:

The number of symphony orchestras in the nation has tripled in 30 years and now stands at 1,500.

There are at least 1,000 opera-performing groups and their number is rising.

Americans spent $600 million in 1967 for theater, opera and concert admissions.

Another encouraging trend in the field is the attention music is getting in American education.

Formal music instruction for credit is standard in the education system. As a result there are more than 70,000 bands and orchestras in the nation's public and parochial schools while at least 500 colleges and universities have programs leading to a bachelor of music or higher.

At least in musical America there seems to be something for everybody including the performers, the listeners and the businessmen.

VICTOR RIESEL

HHH And Labor Look To '72'

NEW YORK — They were the losers. So last Tuesday they ate hamburgers in the second floor private dining room at "21," where you can't get past the door unless you have that Chateaubriand look. It wasn't the money. It was the principle.

Victor Riesel

There was enough concentated finance in the band of 50 to 60 lunchers to buy herds of Black Angus — for not the least of those at the hour-long closed door conference here were the Kennedy's Steve Smith, multimillionaire movie magnate Arthur Krim, ex-Ambassador Robert F. Wagner, and a smart sprinkling of the city's leading politicized manufacturers.

They were the old crowd with a new hurrah. They had come at the invitation of Professor Hubert H. Humphrey, who displayed a facile oratorical ability to lead his party, even after the deluge.

Representing the proletariat were ex-shortstop Lou Stulberg, president of the state's biggest union, the Ladies Garment Workers, and silver-haired powerhouse, sleepless Harry Van Arsdale, leader of the city's 1.2 million-member Central Labor Council.

THEY DID NOT COME to bury their party but "to unite" it. In the words of one guest at the off-the-record luncheon — one of the swiftest working parleys on record — they did not discuss Lyndon Johnson, nor was he represented, "because we talked of the future and not the past."

There were those who came away from the National Cathedral last Monday feeling there was bitterness between the two men of the old "team." Some noted that the former president had scarcely spoken to the former vice president at the funeral services for Gen. Eisenhower. They had merely nodded grimly to each other.

Behind closed doors at Club 21, Mr. Humphrey was gay, ebullient and knew all his guests by their first names — well, nearly all. The postelection melancholy has disappeared in the past few weeks. It was a cheery HHH who got up after the hamburgers had been downed. It was a new Humphrey. He spoke briefly. This was the beginning of the '70 and '72 campaigns. He pleaded for party unity, knowing well that the organization in this pivotal state has been ripped into jagged fragments.

What is the role now of the Democratic Party, he asked. What must it do to regain standing with the people in the coming national elections? He spoked of advocating good legislation; and of not fighting President Nixon merely for fighting's sake; and of being a tough opposition but still giving the new administration a chance to prove and show itself.

Then Mr. Humphrey introduced Democratic National Committee chairman Senator Fred Harris, who was there with acting treasurer Patrick J. O'Connor, a Minneapolis-Washington attorney and ally of the 1968 candidate

THE OKLAHOMAN said he had come to get ideas and was not pitching for funds, though this was the original money crowd which had solidified around Hubert Humphrey in the psychedelic days after Chicago. Mr. Harris added that he wanted to meet with the party's prominent personalities. He wanted to get to know them. He wanted to get "things" into motion so the party doesn't get into the campaigns at the very last minute.

"The idea is to perpetuate the liberal forces in the Democratic Party," averred Mr. Harris.

He too spoke of strong opposition to Mr. Nixon, but added that it would not hit out at the President merely to be in opposition. His listeners, really the liberal power structure of the "Eastern establishment," thought the Western senator had spoken "very constructively."

The lunchers were pros among pros. They read the cast of characters clearly. To many of them it appeared that, had there been any current ally of Lyndon Johnson at the table, he would have been the loneliest man in the paneled dining room.

THE TALK OF "liberal and constructive" legislation particularly pleased the influential labor men there. Mr. Stulberg, leader of almost 500,000 needle workers in garment shops across this nation, has his organizational heart set on raising the hourly minimum wage from $1.60 to $2. The Democrats could make this possible. After all, they control both houses. If the "party" pushed this through, President Nixon would be positioned. It would be the first tough confrontation. A veto would bring down on him the collective wrath of American labor, while to sign such a bill would antagonize his supporters — his power base in the Republican Party and in the electorate.

For Mr. Van Arsdale, an ever-effacing ally of AFL-CIO President George Meany, the shorter work week's the thing. Actually "Van," a national electrical brotherhood leader, is for a four-hour day. But for the moment, he'll compromise on a 35-hour statutory week at 40 hours pay.

And in New York, he wears George Meany's ample mantle. He and Mr. Stulberg are the labor leaders who helped Hubert Humphrey carry this often make-or-break state.

And they did not come to lunch merely to munch hamburgers. They came to tell Mr. Humphrey — as did most of the others — that he could be their leader — perhaps even their candidate — again. And they were not unaware that Steve Smith, who really has a Chateaubriand look, also was eating hamburger at the table.

This will be the pattern for similar "secret" sessions from coast to coast from now on.

DAVID LAWRENCE

Individual Rights Paradox

WASHINGTON — Does everybody — except those citizens who protest against labor-union rules — have an inherent right to be protected by the Constitution?

This question now is raised because of a decision just rendered by a 7-1 vote of the Supreme Court of the United States which upholds the imposition of fines on certain union members who desired to increase their machine production above the quotas prescribed by the labor union.

An existing statute on labor-management relations says a union cannot force an individual to engage in "concerted activities" ordered by a union. But the court this week declared, in effect, that workers who are already members of a union cannot depart from the rules fixed by the union.

THE DECISION HANDED DOWN by the Supreme Court flatly asserts that the National Labor Relations Board was justified in approving the right of a union to fine its members if they violate a union rule in accepting cash immediately from an employer for any work done in excess of a certain ceiling.

Justice White, in rendering the opinion of the court, pointed out that the rule was not really a means of setting production quotas and that disagreement arose as to whether extra work should be paid for immediately or should be used as a credit in case the individual didn't do as well in the future.

This controversy, the court indicated, is something on which the unions and employers should negotiate an agreement. The real issue in the current case was whether a bonus could be immediately paid and if the worker might accept it from the management.

Justice White expressed the court's view as follows:

"If the company wants to require more work of its employes, let it strike a better bargain. The labor laws as presently drawn will not do so for it."

The court said it considered the subject was a "legitimate" matter for negotiation with the employer by the union. The opinion didn't say that all union rules are valid, and contended that they must not impair the policy already defined in the laws passed by Congress, one of which specifically affirms that an individual has a "right to refrain from engaging in concerted activities."

It would appear, then, that the worker has the privilege of leaving the union if he doesn't like its rules. But, in this case, the protesting workers were apparently not free to resign from the union without being penalized.

For the union had the kind of contract with the employer which is known as an "agency-shop" agreement. It specifies that if workers cease to be members of the union, they must nevertheless pay the union a service fee.

The Supreme Court, in another important ruling in the so-called Allis-Chalmers case two years ago, held that unions were justified in imposing fines if any members decided to cross picket lines. The court said this wasn't any "restraint" within the meaning of the law.

The principle now is supplemented with a ruling that, if an individual works harder than ordered by the union — even though the employer doesn't forbid it — the union can penalize the employe.

WHILE THE SUPREME COURT doesn't often move away from basic individual rights, it is paradoxical to find that, when protesting citizens demonstrate and interfere with street traffic, thus impairing the rights of other citizens, the creation of a disturbance is merely classified as "free speech."

When an employe wishes to work more productively, however, and earn additional money under the system of so-called "free enterprise," the court says he must first get permission from the labor union.

Also, an employer who would like to give him a cash bonus is not privileged to do it because, according to the new ruling, this is something which requires the consent of the union.

So it's a difficult thing nowadays to say where constitutional rights begin or end. And many people may wonder what's become of the doctrine of individual initiative.

Another Phony Bill Uncovered In Lisbon

LISBON — The local branch of the Farmers National Bank of Salem, which found two counterfeit $20 bills Friday in deposits from Isaly Dairy and Golden Star Dairyland, found another Monday in receipts from Dan's Tavern.

Women employes checking the deposits found the phonys before the depositors left the bank.

All three bills were from the same engraving and carried serial number L72466027A. Manager Twing Hiscox said the bills will be sent to the Treasury Department.

The Firestone Bank found a bogus $20 last Thursday.

Toledo U. Eyes Plan For Dome Over Bowl

TOLEDO, Ohio (AP) — The University of Toledo still is considering a proposal to build a dome over the Glass Bowl so that the stadium could be used for basketball and other sports.

The plan was among recommendations made to the board of trustees by a consulting firm hired to propose ways of improving the school's athletic facilities. A special university committee will screen the firm's recommendations before any decisions are reached.

New Officers Selected During Quota Meeting

Mrs. Juanita Clendenning was elevated to the presidency of the Quota Club during its meeting Tuesday night with Miss Gladys DeBolt of W. 4th St.

Other officers named are: Mrs. Jean Stoddard, first vice president; Mrs. John Hayes, second vice president; Mrs. Margaret Locke, recording secretary; Mrs. Marie Hays, corresponding secretary, and Mrs. Ethel Webb, treasurer.

The slate was presented by the nominating committee—Mrs. Marie Hays, Miss Phyllis Crook and Miss Mildred McGregor.

—:—

INSTALLATION will take place during the birthday anniversary dinner May 27 at the Country Club.

Miss Selma Ladzinske, president, introduced Mrs. Lilyan Miller of Akron, governor of the 6th District, who conducted the annual inspection.

Along with several reports from international, Mrs. Miller listed her objectives for the district clubs centered along service areas. She encouraged personal projects and total involvement of membership. She said her personal awards will be presented in the large and small club categories.

Gifts were presented Mrs. Miller and Mrs. Madeline Camera, secretary - treasurer of District 6.

The club allocated $100 for the Thomas Dixon Memorial Fund at Westgate School.

After Miss Crook reported on requests of Dr. William Weidner, who conducts the local speech and hearing clinic at Westgate School, the club allocated $43 for needed equipment and materials.

—:—

THE CLUB will be represented at the meeting of the Civic Improvement Committee April 16 in the conference rooms of the Ohio Valley Gas Co. Plans will be mapped up for the annual spring cleanup.

Miss DeBolt distributed material on Ohio's parks and recreation areas.

Refreshments were served 20 at a buffet table covered with a green cloth overlaid with white embroidered organdy. A long nest of straw dotted with Easter novelties and centered with a basket formed the decorative note. Miss Ladzinske poured at the silver service.

Dr. Weidner will speak at the next session April 22 with Mrs. Mary Daily of Harding Ave.

City Trucker Unhurt When Coil Topples

A city man escaped injury Monday after his semi rig left the highway, toppling a 7-ton coil onto Route 68 west of Midland.

Thomas Hebron, 31, of 1106 Avondale Dr., told Ohioville police he swerved his rig into the ditch to avoid an oncoming car that was attempting to pass another.

As he tried to bring the truck back on the highway a chain broke, causing the coil to roll off. The coil was removed by a crane and placed on another truck to be taken back to the Crucible Steel Division of Colt Industries.

Ohioville Police Chief Bernard Zlatovich is continuing the investigation.

WORLD ALMANAC FACTS

The reason for right- or letf-handedness is unknown. Ten per cent of mankind is left-handed. In ancient times left-handedness was considered evil as shown by the Latin word for left-sinister. Wealthy Romans stationed slaves at doors to make sure guests entered with their right foot first, thereby avoiding bad luck associated with the left.

Turnpike Slated

FRANKFORT, Ky. (AP) — The Kentucky Turnpike Authority has approved construction of four new toll roads, extending 254 miles and costing an estimated $374 million.

Arrange cooked broccoli spears and sliced cooked chicken or turkey in a shallow baking dish; cover with undiluted condensed cream of chicken soup; sprinkle generously with grated cheese and paprika. Bake in a hot oven for about half an hour.

Promotion Work Planned For Economic Development

LISBON — An economic development promotion program is tentatively scheduled for May 19 in the Lisbon area for 100 leaders from Columbiana County communities.

The Economic Development Committee of the Regional Planning Commission decided to set up the meeting Monday night at the Courthouse. O. A. Naragon of Salem, chairman, was in charge.

J. L. Morrissey, RPC director, discussed the importance of the commission's regional plan and outlined the 13 segments of it and the value of each.

He said the economic study segment outlines a program to undergird the county as a unit. He cited the advantages of such a unit over the individual communities trying to compete against each other.

Morrissey discussed a program to increase the industrial economy, pointing out "we are losing industries that should be in Columbiana County so we can give opportunities to our 18-to-30-year-olds who are now going elsewhere to work."

Paul Brittain of East Palestine reviewed some experiences in other areas, particularly Beaver Falls, and said favorable progress resulted from them.

Morrissey said the present need is for "a little more political stability" and more "regional confidence in our villages and cities." "Ouly by forgetting our differences and planning ahead for the future can people stop this day-by-day uncertainty," he concluded.

Student Group Suspended After Kent U. Disorder

KENT, Ohio (AP)—Warrants were issued for five students and the Students for a Democratic Society chapter was suspended at Kent State University in the wake of a clash with university police by SDS demonstrators Tuesday.

A freshman, George D. Gibeault of North Randall, a Cleveland suburb, was arrested Tuesday night, university police reported.

The other four named in warrants were not identified immediately.

The warrants on charges of assault and battery apparently stemmed from an attempt by some 50 demonstrators to force their way past campus police guarding the administration building.

Dr. Robert E. Matson, vice president for student affairs, said the SDS chapter and seven students were suspended.

He accused the demonstrators of assault and battery against campus police and said they had disrupted an English class in Satterfield Hall.

Moore Aide Dies From Damage To Lungs In Fire

CHARLESTON (AP) — Conrad Hardman, special assistant to Gov. Arch Moore Jr., died this morning in a Charleston hospital from smoke damage to his lungs caused in a weekend apartment fire.

The 55-year-old Hardman died at 4:20 a.m., the hospital said.

Dr. John Hash said heavy black smoke produced from smoldering foam rubber furniture in Hardman's apartment coated the victim's lungs, preventing oxygen from reaching his brain.

Nixon Again Huddles With Security Unit

WASHINGTON (AP) — President Nixon called a second straight meeting of the National Security Council today as he prepared to send his ambassador to Saigon back to the war zone after two weeks of high-level discussions.

Purpose of Nixon's meeting with his top diplomatic, military and intelligence aides was not announced, but sessions of the council on successive days is somewhat unusual.

Press secretary Ronald L. Ziegler said before Tuesday's session that the rapid-fire meetings would consider two topics. He declined to say what they were.

Nixon met with Ellsworth Bunker, U. S. ambassador to Saigon, after Tuesday's session. Bunker will be returning to his post probably by the end of the week or early next week after a top-level review of Vietnam policy that began in California March 23.

Despite indications that Vietnam was one of the subjects before the council, the two meetings also came during a period of unusual foreign affairs activity in the capital.

Nixon met Tuesday with Jordan's Kig Hussein, a pro-Western Arab leader who fears another outbreak of war in the tense Middle East.

Hussein, in the United States for three days of talks, said on arrival he had no plan to settle the Arab-Israeli dispute, but did have some "ideas to put forth."

Foreign ministers of the North Atlantic Treaty Organization also began arriving today for the opening Thursday of a two-day conference.

Nixon hosted Hussein at a stag White House dinner Tuesday night. But in the midst of a day devoted mainly to foreign affairs he found time for an important domestic move—pumping $9 million into an interim program to help 20 riot ravaged cities clean up and repair damage.

The President also directed the Department of Housing and Urban Development to speed up more than $200 million in additional assistance for programs already approved or in the pipeline to assist these and other riot-torn communities.

Shafer Makes TV Plea For Income Tax

PHILADELPHIA (AP) — Gov. Shafer, in a statewide television appeal, has asked for a Pennsylvania income tax to help finance his record general fund budget this year.

"Either we are willing to pay for mental health, for education, for new industry and jobs, for the dozens of necessary things included in our budget, or we are not," Shafer said Tuesday night.

The governor pleaded his case in a half-hour program originating in the WFIL studios here.

Shafer, noting he was putting his 10-year political career on the line in supporting the tax, said additional tax sources were needed to finance his $2.52 billion budget. The proposed budget is a half billion dollars more than the current one.

Shafer's appeal drew fire from four state representatives —two Democrats and two Republicans—in a television interview in Scranton.

Reps. Kenneth Lee of Dushore, a former speaker of the House, and Paul G. Ruane, of Shamokin, the Republicans, and John Wansacz of Old Forge, and Franklin Curry of Sunbury, the Democrats, all voiced disapproval in the interview at WDAU-TV.

The representatives agreed there's fat in the budget that could be trimmed, so a state income tax would not be required. The four also said the House remained solidly opposed to Shafer's budget plans.

Midland Men Fined In Disorderly Case

Two Midland men were fined $10 each on a disorderly conduct charge at a hearing Tuesday before Justice of the Peace Steve Germusa.

Henry Kirby of Ohio Ave. and Joe Slappy of 4th St. allegedly were involved in a scuffle in the vicinity of 4th St. last week. Another charge against Kirby on violation of the Uniform Firearms Act was dropped.

Michael Gallagher, 18, of McKees Rocks will receive a hearing at 10 a.m. Saturday on charges of shooting with intent to kill. Gallagher was charged by Industry Patrolman Roy Hohnshell following a shooting in Industry in October 1967 in which Edward Stowers of Industry was wounded.

The DOCTOR Says

Don't Blame Vitamin E For Itching

Q — Taking vitamin E daily has given me such relief from the arthritis in my fingers but could this vitamin cause a severe itching on my arms? I am also taking Salutensin for high blood pressure.

Dr Brandstadt

A — Recent studies indicate that vitamin E eliminates the side effects fom taking the cortisonelike drugs. It would not cause your itching, but the Saluensin might.

Q — How long should I continue to take mephenesin and Butazolidin for arthritis? Which is better for arthritic pain—an infrared heat lamp or an ice can? Is cranberry juice of any value for arthritis? Will walking make my arthritis worse?

A — Have your physician work out the smallest maintenance dose of mephenesin that helps you, then continue to take it indefinitely unless side effects (drowsiness, dizziness, headache or weakness) develop. Butazolidin is a more powerful drug and must be taken under careful supervision because it may cause waterlogging, a skin rash, vomiting or other unpleasant reactions.

—:—

HEAT IS USUALLY preferred to cold packs but recent studies indicate that massaging the involved joints with ice cubes helps some victims. No item of diet has any special beneficial effect on arthritis. Walking should be restricted if the joints of the lower extremities are very painful. An arthritic joint can be exercised too much as well as too little. The right amount in each case must be decided by a physician after carefully considering individual factors.

Q — I have heard that there is a plastic hip operation for arthritis. Can they guarantee the results? What do you think of the shots they give in the joints for arthritis?

A — There are several operations for arthritic joints. In selected cases, the results are often remarkable but in the practice of medicine and surgery the results can never be guaranteed. One of the chief reasons for this is that no doctor can guarantee the full co-operation of his patient.

—:—

INJECTIONS OF hydrocortisone into an arthritic joint often give complete relief. The injections must, however, be repeated at varying intervals.

Please send your questions and comments to Wayne. Brandstadt, M.D., in care of The Review. While Dr. Brandstadt cannot answer individual letters, he will answer letters of general interest in future columns.

All-White Jury Picked In Evans' Trial For Murder

CLEVELAND, Ohio (AP) — An all-white jury has been picked to hear the first-degree murder case of Black Nationalist leader Fred "Ahmed" Evans.

After two weeks and two days, selection of a 12-member panel was completed finally Tuesday. The jury is made of seven men and five women.

Following selection of the third alternate, Common Pleas Judge George J. McMonagle will rule on a defense motion to move the trial out of Cuyahoga County. Hearings on the motion were conducted three weeks ago, but the judge put off his decision until after jury selection was completed.

pected, the first order of busi-

If the motion is denied as expected, the first order of business for the jury will be to visit the Glenville area on Cleveland's East Side where a gun battle broke out last July 23 between police and a group of Black Nationalist snipers.

Three police officers and a Negro civilian were slain in that battle. Altogether, 10 persons were shot to death in two nights of violence touched off by the Glenville gun battle.

Workshops Set For 4-H Group

LISBON — A series of workshops for older 4-H girls will be held from 7 to 9 p.m. April 22, May 6 and May 19 in the home economics room at David Anderson High School.

Mrs. Ann Riedel, Columbiana County extension agent for home economics, said tailoring will be offered at all three sessions, furniture refinishing April 22 and May 6 and food preservation May 19.

She will teach the tailoring workshops, while Mrs. Beulah Converse, home economics agent in Mahoning County, will give instruction in furniture refinishing and food preservation.

Mrs. Riedel said all sessions will be taught by the demonstration method so participants will not have to work on their projects at the workshops.

She said girls interested in the classes should notify the extension office, 113 S. Market St., not later than Friday.

In rural Malaya, time is traditionally expressed in picturesque phrases: "Many cocks crow" — 3:30 a.m.; "The flies get busy" — 8:30 a.m.; "Buffaloes wallow" — 11:30 a.m.; "The buffaloes return to the shed" — 6 p.m.; "The children are sleepy"—7:30 p. m.

Without Consulting Congress

Nixon Hit On 'Back Off' For On-Spot A-Inspection

WASHINGTON (AP) — A Senate authority on atomic affairs says the Nixon administration should not have backed away from demands for on-the-scene inspection rights in a treaty limiting the production of nuclear material without first consulting Congress.

Sen. Henry M. Jackson, a Washington Democrat who heads the Senate-House atomic energy subcommittee on nuclear weapons, called the decision a "fundamental change in position that goes to the heart of the whole arms control problem."

The decision, revealed in Geneva Tuesday, drew measured support from two Republicans. Sens. Milton R. Young of South Dakota and George D. Aiken of Vermont said they thought technical advances have made ground inspection less necessary.

Adrian S. Fisher, U.S. delegate to the 71-nation disarmament conference, said the United States is willing to let the International Atomic Energy Agency police any agreement to halt the production of enriched uranium and plutonium, the core material of atomic weapons.

But Fisher made it clear that in another important disarmament question—a ban on underground nuclear tests—the United States is determined to stick to its insistence for on-site inspections.

For 13 years, the United States insisted that U.S. and Soviet representatives inspect each other's production sites after manufacturing is cut back. The Soviets have balked, maintaining such an arrangement would be an invitation to espionage.

Jackson said it was unfortunate the administration decision was not discussed with appropriate congressional committees.

"Perhaps inspection procedures by a third party can be worked out satisfactorily, but I don't think we can verify that the agreement is being carried out by national intelligence inspection alone."

Senior Play Set 2 Nights At Wellsville

A cast of nine will present the Wellsville Senior Class Play "See How They Run" Thursday and Friday night at 8:15 in the high school auditorium.

It includes Thomas Trainer, Janet Lewis, Don McCombs, Richard McIntosh, Cathy French, Sherry Roberts, Morton Hughes, Terry Ewing and Steve Crea.

Joseph Caporossi, high school faculty member, directs the play. Sue DeSenze is student director, Craig Russell is the set designer and Ed Bell stage manager and set construction captain.

The story centers around a series of mishaps and identification problems in an English vicarage in modern-day England. The imaginative set has a nine-step stairway, French windows and an antique fireplace.

Southern Local Band Boosters Select Officers

Mrs. George Pisarsky was named president of the Southern Local Band Boosters Tuesday night at the high school.

Other officers are: Mrs. L. O. Swearingen Jr., vice president; Mrs. John Huston, renamed secretary, and Mrs. Charles Crawford, treasurer.

Plans were made for the junior band party May 22 and for a buffet for senior band and members of the "Bubble Trouble" cast following the last performance on May 9.

The next meeting will be May 13.

Weirton Aides Assist West Virginia Study

WEIRTON — J. H. Harris, chairman of the Weirton Steel Division of the National Steel Corp., announced today that two employes of Weirton Steel have been assigned to the state of West Virginia for a 12-week period to work with the Governor's Management Task Force in studying methods to reduce cost and improve efficiency in the state government.

Glenn H. Fitch and John F. Strick will be members of a 50-man group that will study staff functions, general government, regulations and resources, roads, health and welfare and education.

Ballots' Examination Continues In Hancock

Hancock County commissioners continued today examination of ballots for the contested sheriff's race.

The examination began April 1 and is progressing slowly.

Tuesday's session was devoted to the inspection of ballots in Precinct 18, with no change recorded in the contested certification of Republican Ralph Patrick as sheriff. The election is being contested by Democrat Louis Smoleski.

Party OKs Some Measures

Czechs Put New Curbs On Anti-Soviet Writers

PRAGUE (AP) — Czechoslovakia's Communist leaders announced more restrictive measures Tuesday night to bring anti-Soviet journalists into line.

After an all-day meeting, the Communist party's 21-member presidium said it had approved "some political organization measures to strengthen the leading role of the party in the mass means of communication and to increase discipline in the party."

The announcement said the leaders, headed by First Secretary Alexander Dubcek, also decided to "call to task Communist journalists who in recent days have published matter at variance with party policy or permitted publication of such material."

One crackdown measure, disclosed unofficially, was the suspension of Listy, organ of the Czechoslovak Writers Union. The weekly recently criticized the party for joining the Soviet bloc boycott of the Yugoslav Communist party congress.

The writers' union also questioned the need for restoration of prepublication censorship, instituted April 2 as part of the price the Russian-occupied nation is paying for recent anti-Soviet demonstrations.

The wording of the presidium's communique indicated the Soviets were not satisfied with the April 2 restrictions.

"The basic sources of tension, consisting of anti-Socialist and anti-Soviet tendencies, have not been removed," the communique said.

The presidium also endorsed a statement by its executive committee last Saturday that the journalists' union was resisting the April 2 directive. The union was reported preparing a reply.

Rig Hits Parked Auto In Wellsville Mishap

Moderate damage resulted to an auto parked along Main St., Wellsville, Tuesday at 3 p. m. when it was struck by a semi-tractor trailer whose driver swerved to avoid hitting an oncoming car.

Henry T. Mont of Nashville, Tenn., told Wellsville police that he was driving east on Main St., when he pulled over to avoid striking an oncoming westbound auto, and hit a parked 1962 sedan owned by Lester Fowler, operator of the Wellsville Press a 518 Main St.

Blaze Damages Auto Of Salineville Driver

Minor damage resulted to an auto owned by a Salineville area man when a backfire through a carburetor ignited a fire Tuesday about 9:40 p.m. at 18th and Nevada Sts., Wellsville.

Ten members and a truck from the Wellsville Fire Department responded to the call when the flames broke out in the car owned by Walter Hogue of Salineville RD 1. There was no air cleaner on the car, Chief Robert Lewis said.

Meeting Set April 16

Chamber's Board Hears 'Spring Cleanup' Report

A city - wide cleanup campaign scheduled for May was reported by Arthur Doak during a meeting of the East Liverpool Area Chamber of Commerce board Tuesday afternoon.

Doak said a meeting will be held at the Ohio Power Co. office April 16 to discuss the project. All interested organizations are urged to attend the meeting.

Charles Averell, chairman of the Merchants Association, said the group will cooperate with the campaign.

A nominating committee was named to present a slate of 14 members for trustees to the board for approval next month. Out of the 14, seven will be elected.

Named to the committee by President George Shaw were Alvin T. Babb, chairman; James Jordan, Francis Lang, J. N. Nicely, William D. Ogilvie, John Pinney and Harold Sneddon.

The spring membership meeting is scheduled for April 30 at the East Liverpool Country Club. It was announced that a representative of the Chamber would attend the U. S. Chamber meeting in Washington, D. C. April 27-29.

A report was heard on legislative affairs and national issues. Richard Emmerling reported on business relations and Chamber of Commerce week observed in March.

Dr. Clarence Mayberry reported that the education committee will hold its annual dinner for the top 10 per cent of graduating classes of East Liverpool, Beaver Local, Oak Glen and South Side May 20.

Francis Lang reported highway construction developments and Chester Bridge replacement plans.

Averell said the Merchants Association will give prizes for the poster contest sponsored by the Citizens committee for passage of the school levy renewals. The next association meeting will be April 15.

Mike Turk, president of the Community Improvement Corporation, reported that an executive committee of the group had been held. Discussion was on the county airport and industrial prospects.

Richard Darrah, president of the Jaycees, reported that the home show will be held in the summer rather than in April as previously scheduled, and discussed other Jaycee activities.

Nixon's Brother Decides Against Post In Alaska

SEATTLE (AP) — Edward C. Nixon, the President's brother, has bowed out of a $30,000-a-year federal job in Alaska "for personal reasons."

Nixon, who had spent two days in Anchorage after being appointed chairman of the federal field committee for development planning in Alaska, said there Tuesday his decision not to accept the post "has nothing to do with the position here, the land or the people" and added:

"It doesn't seem it's going to work out. We have a problem that has arisen at home."

Nixon was appointed to the job last Friday.

In Washington, the Commerce Department said Nixon "informed the Secretary of Commerce that after discussing the matter further with his wife he had decided to decline the appointment."

Grass Blaze Quelled By Wellsville Firemen

A minor grass fire in Skyview Acres along Route 39 near Wellsville, was extinguished quickly by 11 men and a pumper from the Wellsville Volunteer Fire Department, Tuesday afternoon.

Children were blamed for the blaze which was discovered about 3:50 p.m. on the two empty lots owned by William Williams, Fire Chief Robert Lewis reported. It was extinguished about ten minutes later, he said.

Air Pollution War Goes On

NEW CUMBERLAND — The New Cumberland Air Pollution Committee was informed at a meeting Tuesday night that Edwin Flowers, West Virginia commissioner of welfare, has delivered a petition to the director of the National Air Pollution Division of the Department of Health, Education and Welfare seeking federal action against the Ohio Edison Co. plant at Toronto.

Mayor Arthur Watson told the committee he had sent a letter to Gov. Arch Moore critiiizing the action of the West Virginia Air Pollution Commission for its lack of initiative in pressing air pollution control and if the state commission feels it is unable to solve its problems it should seek federal aid.

A discussion was held on obtaining more publicity on the problem in New Cumberland.

It was decided to send a letter to Bruce Mansfield of Akron, president of Ohio Edison, demanding that the company use low sulphur coal with a low ash content and insisting it empty the electro - static precipitators at the Brilliant plant every hour instead of 24 hours.

A letter also will be sent to Prof. Benjamin Linsky of the department of engineering of the air pollution division of West Virginia University, asking him to help the group in gaining another qualfied speaker at a meeting in the near future.

Union Plan Aired During Wellsville Council Session

An explanation of benefits offered by union organization was given when the Wellsville Council and representatives of the Northeast Ohio Public Employes District Council 18 met Tuesday night in City Hall.

Lewis J. Campbell of Youngstown, district director, explained what the union plans organizing the office force, sewage and disposal plant workers, and street, water, fire and park employes. No action was taken.

Campbell will meet soon with employes to determine if they are still interested in joining the union, he said. A later meeting with Council, Campbell and the employes will be arranged, though no date has been set, Councilman Nunzio Lombardozzi said.

Safety Service director Fred Baldasare attended the meeting as well as all Councilmen except Glenn Mathess, second ward, and Brad Phillips, fourth ward.

Ohioan Millionth To Leave Viet To Rest, Recuperate

HONOLULU (AP) — Hawaii gave a red carpet welcome on Tuesday to the millionth man to leave Vietnam on rest and recuperation leave since the program began in 1965.

Army Staff Sgt. Lester R. Hudson of Gallipolis, Ohio, stepped off a chartered Pan American jet and rushed to his wife, Mary Lou, who greeted him with a kiss and a red carnation lei. A shiny Rolls Royce awaited nearby.

Hudson, 24, and counterparts from the other three services will be guests of four Honolulu hotels and will be given gifts from many Honolulu merchants, restaurants, night clubs and other organizations during their extended nine-day leave. The R-and-R leave is usually only six days, but the four honored men were given three additional days.

Local Police Play Role In County Cases

East Liverpool police cleared up an East Rochester burglary Tuesday night and early today discovered another at New Garden.

Last night they picked up two city youths, 12 and 15, reported missing yesterday by the County Welfare Department. The juveniles admitted entering the Robert Kibler home on Ridge Rd. near East Rochester.

Kibler notified the sheriff's office at 5:35 p. m. yesterday that someone took soft drinks, lollipops and candy bars from the house yesterday when no one was at home.

Deputy Robert Wellington said a ladder was used to reach an unlocked window upstairs. The house was ransacked. The boys are in detention at the County Jail in Lisbon while Juvenile Court officers investigate.

Patrolman Ronald Brooks of the East Liverpool Police Department found a door ajar at Frank's Ideal Market in New Garden at 2:15 a. m. today while delivering papers.

Deputies Wellington and Dave Brothers said the front door had been pried open. Several cartons of cigarettes were taken.

Limits Eyed On Plans For Tax Reforms

WASHINGTON (AP) — The administration reportedly has decided to make only limited recommendations for tax reforms to the House Ways and Means Committee which plans to start work on the matter right after the Easter recess.

The administration is understood to have told the committee that it needed more time to study tax problems.

Congressional sources said Treasury Department officials plan to make their limited suggestions April 15, the day after Congress returns from its recess and also the day after the Ways and Means Committee concludes hearing public witnesses on tax reform.

Word of the administration's position comes after Chairman Wilbur D. Mills, D-Ark., said the committee was prepared to receive Treasury recommendations but would not delay drafting of legislation if the administration chose not to testify promptly.

Aiken Gives Estimates Of Troop Pullout

WASHINGTON (AP) — George D. Aiken, the ranking minority member of the Senate-Foreign Relations Committee, says North Vietnam probably would withdraw 3,000 troops from the South if 50,000 American soldiers are brought home.

The Vermont Republican said in an interview an American withdrawal of that size is entirely probable this year.

Although no top official of the Nixon administration will talk publicly about unilateral troop withdrawal, there is plenty of behind-the-scenes discussion—some of it about returning a division force of up to 50,000 men.

The absence of a face-saving formula is the biggest barrier to disengagement of North Vietnamese and American troops and eventual settlement of the war, Aiken said.

Film Shown On Tax Filing

"Make No Mistakes About It," a film on the filing of income tax returns, was screened and narrated by Jack Allison, vice president and treasurer of the National Church Supply Co. at the Chester Kiwanis Club meeting Tuesday in City Hall.

Allison pointed out that one of the most common errors of the taxpayer is to forget to include the W-2 form, and urged that persons check and double-check their returns. Approximately 44,000 neglected to include the form with their completed returns last year, requiring them to be mailed back to the senders.

Four deductions most often misunderstood, he said, are those of doctor, medicine, contributions and interest paid out.

Richard Pillo, president, said the nominating committee for the coming year will be Robert Cooley, Thayer Allison, Russ Davis, John Boyd and Bill Bishop. Nominations from the floor may be made at the April 29 meeting, he pointed out. The balloting will be held in May.

A conference will be held April 30 for Districts 1-5 of West Virginia Kiwanis at Blackwater Falls, W. Va., Pillo announced.

It was reported that the Chester club ranked only one-point from first in the First District in all-round performance of duties as Kiwanians.

The group made a donation to the Cancer Fund.

Russ Davis, interclub relations chairman, said there will be a meeting with the East Liverpool chapter soon.

Boyd, chairman of the publicity committee, recommended that future issues of the club's weekly newspaper include information about the second annual Tri - State Pottery Festival in June. The publication is sent to the nine clubs in the state's First District, in addition to the Kiwanis National Magazine, and should make direct contact with about 500 West Virginians, he noted.

He also suggested that other local Kiwanis clubs adopt this plan to advertise the area and the festival to its fullest.

Lloyd Mansfield led singing. Twenty attended.

Army Enlistees Now May Select Language Class

A new option has been added to the list of guaranteed Army training courses, Sgt. Raymond Hilliard, area recruiter, has announced.

Qualified men and women may enlist with a written guarantee of training in one of approximately 30 foreign languages. Applicants may select the language in which they receive instruction, providing vacancies exist in the classes for that particular language.

In addition, the language school option may be combined with the Army's 120-day delay program. In this way high school seniors can be assured attendance at a language training course, but not leave for up to 120 days from the time they enlist.

Qualifications for the language school include a high school graduate. U.S. citizenship, excellent hearing and no speech impediments. Training is given at a defense language institute facility for a period of from 24 to 47 weeks.

Languages available include Arabic, Czech, German, Korean, Spanish, Thai and Vietnamese.

For complete details of the program, contact Sgt. Hilliard at the recruiting office at 130 E. 6th St.

Accused Satisfied With Defense

Both Sides Rest Case In Sirhan Murder Trial

LOS ANGELES (AP) — "Is this it?" asked Sirhan Bishara Sirhan, suddenly aware no one was going to the witness chair.

"This is it," answered Russell E. Parsons, one of the lawyers trying to save the jockey-sized, unrepentant assassin of Sen. Robert F. Kennedy from the gas chamber.

With the words, "We rest"—announced matter-of-factly by both prosecution and defense—testimony had ended in Sirhan's murder trial Tuesday after 90 witnesses and three months in court.

Sirhan pronounced himself satisfied with his defense.

David N. Fitts, a deputy district attorney, was to begin the state's closing argument today.

All the words of testimony were in: the minute discussions about Sirhan's mind before the deed, during the deed, after the deed, and about the deed itself —the ambush slaying last June 5 of a presidential aspirant. The words filled 8,366 pages of transcript.

When the jury gets the case, possibly Friday or Monday, it need not debate whether the defendent assassinated the New York senator. Sirhan himself said on the stand that he killed Kennedy. "I'm not proud, but I'm not sorry either," he said.

But the jury must decide whether Sirhan's mental state was such that he could "meaningfully and maturely" premediatate his action—the essential element to first-degree murder. If the answer is affirmative, the jury then chooses between life in prison for the 25-year-old Jordanian Aran or death in a cyanide-filled chamber at San Quentin. Alternatively, the jury of seven men and five women could convict Sirhan of second-degree murder, which carries a sentence of five years to life, or manslaughter—one to 15 years.

The state called its first witnesses Feb. 14, and for nine days there was testimony accounting for the movements of Sirhan and the senator and how they came together . . . his virulent hate of the senator, poured out in a barely coherent flood of words in his diary and confided to a friend.

The shooting itself as described by Kennedy intimates Jesse M. Unruh, Roosevelt Grier, Rafer Johnson, and George Plimpton, and the bus boy who cradled the young senator's head and pressed a rosary into his hands.

Then Sirhan's defenders took over. They brought up Sirhan's boyhood amid the horrors of war in Jerusalem. Sirhan's aged, nearly blind mother, Mary, talked about it. So did his brother Adel, who also told of changes in Sirhan after a fall from a horse three years ago.

For 3½ days Sirhan got the chance he pleaded for—to tell his story. He said he had loved Kennedy until he learned that the senator was a long-time supporter of Israel, that Kennedy promised if elected to honor a commitment to send 50 bombers to the Zionist nation. And then, said Sirhan, his love turned to hate.

Sirhan spoke of his experiments with the occult, of trying to stretch the power of his mind.

Friends and former employers testified next. They said they had seen Sirhan change.

On March 10 a parade of psychologists and psychiatrists began and it continued until Tuesday.

The eight testifying for the defense found Sirhan too mentally ill to be capable of first-degree murder. The psychiatrist for the state agreed Sirhan is sick—but not that sick.

Throughout the 35 days of testimony Sirhan tried at various times to fire his lawyers, to plead guilty, to correct witnesses.

Judge Grants Probation In 'Break' Case

LISBON — Judge Joel H. Sharp of Common Pleas Court granted probation Monday, subject to Juvenile Court approval, to a 21-year-old former Salem resident who escaped from the County Jail Aug. 5, 1967.

The court also set aside a sentence against a Pennsylvania man who died while his appeal from a traffic manslaughter conviction was pending in Seventh District Court of Appeals.

Probation for five years was granted Thomas W. Buckius, who escaped from jail while being held on order of Juvenile Court on a molesting charge.

Pennsylvania state police apprehended Buckius the next day as he rode a bicycle stolen at Lisbon. The defendant pleaded guilty to the escape from confinement indictment in September 1967 and subsequently was sent to Lima State Hospital.

Hospital authorities recently notified the court that Buckius "has improved to such a degree that he does not need longer hospitalization and his case can be referred back to the committing court with the recommendation that he be placed on an extended probation under good supervision."

Since Buckius has no home to which to go, Judge Sharp placed him in the County Home, where he is to work under the supervision of W. E. (Bill) Hiscox, acting superintendent.

Judge Sharp withdrew a $500 fine and six-month jail sentence imposed last year on Glenn C. Garvin, 43, of Smiths Ferry RD 1, who was convicted last May 17 of the traffic death of Lawrence (Tennessee) Mathes, 62, formerly of East Liverpool.

Garvin, an Ohioville Borough farmer who lived alone, died March 18 at home after apparently strangling on food.

The traffic accident occurred Feb. 3 last year at the intersection of St. Clair Ave. and E. 6th St., East Liverpool. The victim was a pedestrian.

Two City Youths Bound To Jury

Two East End youths were bound to the current term of the Columbiana County Grand Jury this morning after they waived a preliminary hearing on burglary charges in Municipal Court.

Regis A. Jenrett, 18, and Richard Jenrett, 19, both of 1076 Mapletree St., have been charged with breaking into Wright's Bar at 505 Virginia Ave. last week and taking $34 in cash and nine fifths and six pints of wine.

During the hearing, the brothers' court - appointed attorneys, Jackman G. Vodrey and Joseph W. C. Cooper, entered "not guilty" pleas and asked that the youths be allowed to waive the preliminary hearing.

Municipal Judge Samuel M. Chertoff, in granting the waiver, ordered the $1,000 bonds continued. At the request of Asst. City Solicitor Robert Simpson, an intoxication charge filed against Richard Jenrett was dismissed.

Sudden Strike Hits Illinois Central RR

CHICAGO (AP) — The Illinois Central Railroad halted most freight and passenger service on its 14-state system today, in operation would be taken out several hours after the United Transportation Union hit the line with a sudden strike.

An Illinois Central spokesman said supervisors were trying to keep up shipments of food and other perishables. However, he said, two passenger trains still of service after completing their runs.

The strike, which was called to back a demand relating to the size of crews, began at 1030 p.m. CST Tuesday, according to a union spokesman.

M.S. Stuckey, general chairman of the union's I.C. system, said the union seeks to force the railroad to keep the number of men in its crews the same as that on other lines.

Pickets formed in front of various stations.

Stuckey said Illinois Central has been trying to reduce the size of the crews, which generally include a conductor and either two trainmen or two yardmen.

He said 4,000 of Illinois Central's 19,000 employes are in the union.

The strike will affect the entire system except a few lines covered by other contracts, Stuckey said.

A negotiating session Tuesday ended in failure. No further meetings are scheduled.

States serviced by the Illinois Central are Illinois, Indiana, Iowa, Minnesota, Wisconsin, Alabama, Kentucky, Louisiana, Mississippi, Missouri, Tennessee, Arkansas, Nebraska and South Dakota.

The striking union was formed Dec. 9 by the merger of four railway brotherhoods—the Railroad Trainmen, Locomotive Firemen and Enginemen, the Order of Railway Conductors and Brakemen, and the Switchmen's Union of North America.

Change Is Made In Barbecue Site

LISBON — Local Kiwanians will hold their annual chicken barbecue, on the square during the second annual Johnny Appleseed Festival Sept. 18-20.

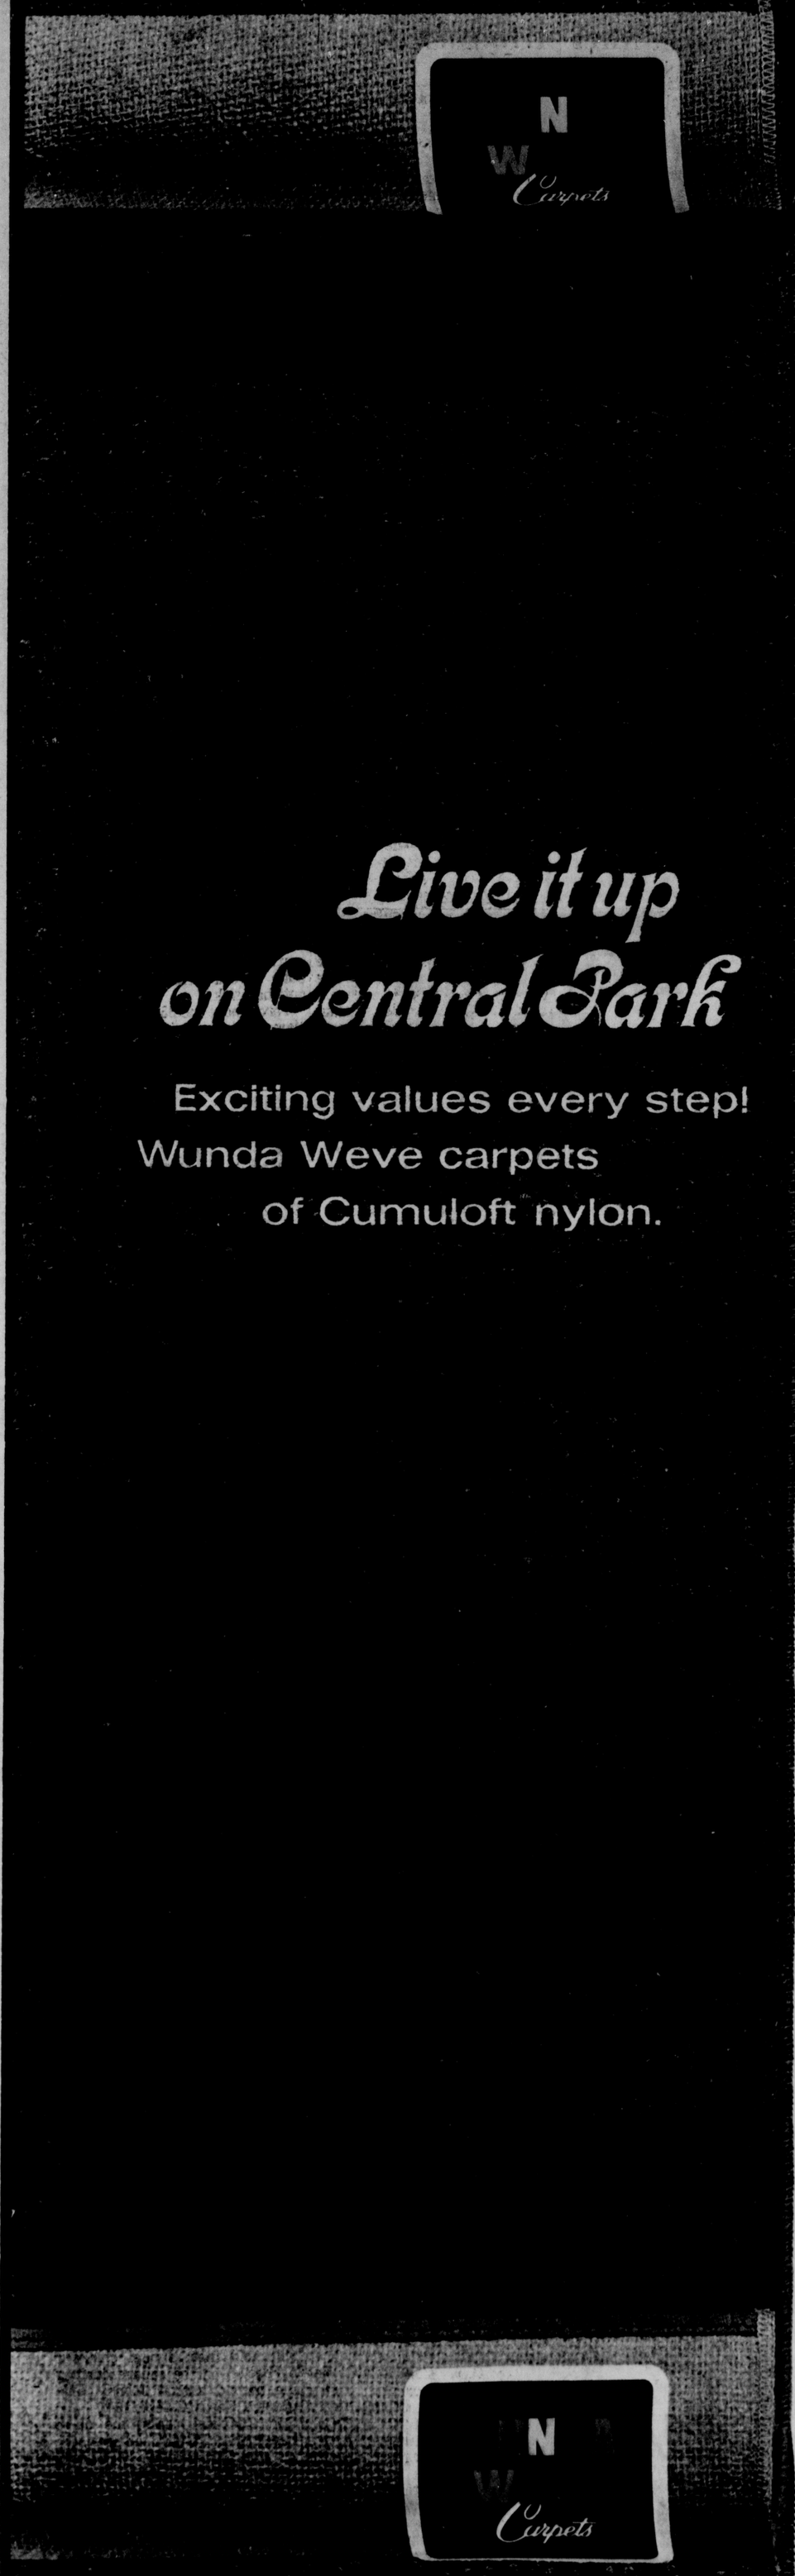

For several years, the club has sponsored the fund - raiser in mid-summer at Willow Grove Park. Directors disclosed the change this week.

They also announced the election of John Ebert to the board and said he will be chairman of a project to paint the bathhouse at the community swimming pool.

Dennis R. Wilson, a junior at David Anderson High School, will speak at the weekly luncheon Thursday noon in the First Christian Church.

Kiwanians were among his sponsors to the President's Classroom for Young Americans Feb. 22-March 1 in Washington, D.C. Dennis is a son of Mr. and Mrs. Thomas Wilson of 261 W. Sherman St.

Cornell P. Monda is program chairman. Henry Dawes, vice president, will preside.

Thefts, Damage Reported Here

Two thefts and an apparent act of vandalism were reported to police Tuesday afternoon.

Ward Tappan, manager of the Broadway lot of Mike Turk Motors, told Patrolman Ronald Brookes that a 12-volt battery was stolen from a 1969 sedan parked on the company's Walnut St. storage lot. He said the theft was discovered by Bill Grafton, an employe.

Michael Jones of 903 Avondale St. reported a stereo tape recorder and speaker was taken from his auto while it was parked on a lot near the Moose Lodge. The theft occurred between 2:45 and 3:07 p.m., he said.

A salesman for Mackall Motors on Pennsylvania Ave. reported a stone, pellet or B-B damaged a windshield of a 1969 auto either while it was parked on the firm's lot or during shipment.

Eight To Vie For Queen At Kent Branch

Eight students from the East Liverpool branch of Kent State University will vie for the title of Campus Day Queen, with the crowning set during a dance here Saturday night.

Contestants will be elected by balloting today and Thursday, with the queen to be announced Saturday when she receives her crown.

Competing are Sally Anderson, Nancy Doland, Karen Shoff, Deneane Thomas and Carol Weber of East Liverpool, Debbie Corsello of Wellsville and Lynette Hughes and Vicki Smith of Toronto.

The dance, sponsored by the Student Government, will be from 8:30 to midnight. The queen will be crowned at 10:30. Music will be provided by Ralph Widger, Arl Green and Bob Duffy.

Tickets are available from any Student Government member.

The queen will represent the East Liverpool branch at the annual Campus Day May 10 at Kent.

Expansion Plan For Pittsburgh Airport Bared

PITTSBURGH (AP) — A $200 million expansion program planned for Greater Pittsburgh Airport emphasizes passenger convenience by providing an underground system that would carry baggage from parking areas to terminals and whisk travelers from waiting rooms to their flights.

The plan for the airport, which officials say has outgrown its capacity, was unveiled Tuesday by engineers and received an enthusiastic response from Allegheny County's three commissioners.

The program centers around a new, six-story terminal building connected by "Jet-way" cars to six passenger loading docks.

Also included are a 10,000 car parking garage and a four-level underground parking lot with space for 2,300 cars.

Engineers says the expansion could be completed by 1975, and will not interefere with an interium modernization program that will be finished in 1971.

The plans would enable the airport to handle 25 to 30 million passengers a year by the 21st Century. Presently it accomodates 5.6 million annually.

The county plans to finance the expansion through a bond issue and later be reimbursed by the airlines.

Young Pastor Draws Pen Term For Riot

AKRON, Ohio (AP) — The 36-year-old pastor of Akron's United Baptist Church was sentenced to 1-to-3 years in the Ohio Penitentiary Tuesday after a jury found him guilty of inciting to riot.

The Rev. Billy Robinson, charged in connection with the Wooster Avenue civil disturbances in Akron last July, was the first Akron area person tried under a new law enacted by the State Legislature last year.

Abraham's grandson, Jacob, who was also called Israel, had 12 sons. The 12 tribes which later made up the Jewish people were the descendants of Israel's sons, hence the name Israelites.

Carnival Plans Are Set By Club

Plans were completed for a booth at the Pleasant Heights Community Center's carnival when the Liverpool - Ruritan Club met Monday night at the center.

The carnival will be April 19.

Reports were given on the club's project of sponsoring a local girl in the City Hospital nurses' training program.

Participation in the Tri-State Pottery Festival also was discussed.

Plans also were made to attend a district meeting at Alliance.

Dinner arrangements were completed for the membership meeting Monday at the center.

Man Will Face Arraignment In Burglary Cases

LISBON — George Larry Hubbard, 25, of 808 Washington St., Wellsville, surrendered Tuesday to Sheriff Russell J. Van Fossan to answer to two burglary indictments returned by the January (1968) Grand Jury.

He is accused of burglaries June 19, 1967, at Wilbur Hays Service Station, Salineville RD 1, and Nov. 28, 1967, at the Shamrock Hardware and Lumber Co., 10th St., Wellsville.

Hubbard did not appear for arraignment Feb. 5 last year and the sheriff learned later he had gone to Texas, where he was convicted and sentenced for burglary. He returned to Wellsville after serving the sentence.

Tht sheriff took him before Common Pleas Court Judge Raymond S. Buzzard, who set bond at $1,000 on each count and, since Hubbard had no funds, appointed Donald Smith of East Liverpool as his lawyer.

Hubbard was taken to the County Jail and will be arraigned after talks with counsel.

Stephen Foster, composer of our best - loved plantation melodies, was born near Pittsburgh, Pa. in 1826.

apparently appeared to them in the darkness as huts.

"We let more than half of them pass by the first few armored tracks. Then when they were right in the center, all four of them opened fire."

Artillery and helicopter gunships joined the attack.

The Americans also took two prisoners, one of whom said his company was trying to link up with the 308th North Vietnamese Battalion.

The 9th Division troops are guarding the southwestern approaches to Saigon against an attack from five enemy battalions in the area totaling about 1,000 soldiers. If such an attack comes,

U. S. officers expect it to be coordinated with assaults from other directions.

Meanwhile, enemy gunners fired four 100-pound rockets into Saigon's northern fringes, wounding 10 Vietnamese civilians and two soldiers. One of the rockets caused minor damage to the Newport bridge, on the main highway to the big military bases at Bien Hoa and Long Binh, but traffic was not affected.

It was the first time rockets had been fired into the Saigon area since March 30 and the seventh shelling of the capital district since the Communist command launched its spring offensive 6½ weeks ago. The U.S. Command reported about 10 other rocket and mortar attacks on allied bases during the night; it said casualties and damage were light.

Fifty miles northwest of Saigon, South Vietnamese paratroopers guarding the southern approaches to Tay Ninh city reported killing 30 North Vietnamese in a fight, but six paratroopers were killed and 61 wounded.

The Viet Cong announced it had released three South Vietnamese soldiers captured during a firefight 30 miles northeast of Saigon on March 15. The Viet Cong radio said they were set free March 28 to show the "humanitarian policies" of the Viet Cong.

"Naturally, we expect Council to quickly pass appropriate legislation to give effect to its offer to the Police Department as contained in Council's public statement," Telzrow concluded.

The Big Four's chief delegates at the United Nations held their second weekly meeting Tuesday on the Middle East situation, and afterward Lord Caradon of Britain told newsmen progress had been made.

Caradon gave no details, but informed sources said the four ambassadors set up a second-level study group to search for common ground in the states positions of Israel, Egypt and Jordan on how to settle the Middle East conflict.

Workers Return To Metals Plants

BRILLIANT — Members of Local 65 of the United Plant Guard Workers of the Ohio Ferro-Alloy plant here and at the Powhatan plant returned to work Tuesday afternoon following end of a strike Monday for higher pay.

Representatives met Tuesday with company officials who agreed upon a substantial raise and additional benefits in the new contract.

Nine guards from the two plants formed a picket line in front of the Powhatan plant when negotiations on an increase in pay and the added beneifts collapsed.

The strike affected 700 employes of the two plants.

Negotiations Continue In Nine-Day Dispute

WEIRTON — Negotiations are continuing today as workers affiliated with the Ohio Valley Builders Exchange continued their nine - day strike.

Truck drivers, yard employes and teamsters went on strike at midnight March 31 following the expiration of their three-year contract.

The number of workers involved in the dispute has been estimated at between 80 and 100, with pickets on duty 24 hours a day.

The men are employed at the Weirton Lumber Co., the Cove Valley Lumber Co. and the Scott Lumber Co.

Beaver Local's Rex Campbell is on the baseball squad at Youngstown and will battle letterman sophomore Bill Kozak of Struthers for the catching position.

Also on the roster is Bob Poholsky of Ellwood City. He pitched the Wolverines to the WPIAL title in 1962, then attended Marietta. After a stint in the Marines, he's at Youngstown.

YOUNGSTOWN Ursuline's Tom Tamburino, a football and basketball star, has accepted a football scholarship to West Virginia. He is a defensive end.

TWO STEUBENVILLE Central basketball stars, Ray Szypulski and Mike Berarducci, are headed for Malone College in Canton. Szypulski graduated a year ago and didn't go to college, while Berarducci is a current senior.

HAP PALMER has recovered enough from his gunshot wound to be able to play baseball for Steubenville Central in a few weeks. The lanky redhead was a mainstay on the East Liverpool Colt League All-Stars last summer.

TERRY STRONG of Weirton, standout end, has enrolled at Ohio State on a football scholarship.

ATHLETIC DIRECTOR Bob McNea reports that East Liverpool has scheduled eight football games for next season, with the other two posing problems. He notes that the basketball schedule is almost complete.

MARK RALPH of Industry, a sophomore at Ashland College, is a member of the golf team there.

HEADPIN LANES is sponsoring a team in the Women's International Bowling Congress' tournament at San Diego, Calif. Mabel Abdalla will captain the squad, which is scheduled to bowl April 15.

HITTING will be back in baseball this year, if the Giants are any indication. They averaged 8 runs a game and batted .306 in exhibition play.

THE SEATTLE PILOT radio network has stations as far away as Alaska, Nevada and North Dakota. Former Indian announcer Jimmy Dudley will broadcast the games.

Expansion Teams Beat Mets, Astros

By MIKE RECHT
Associated Press Sports Writer

The Montreal Expos and San Diego Padres wasted little time striking a blow for the National League's expansion clubs-for and against them.

The Expos and Padres made their debuts Tuesday in the league's latest expansion with glorious victories, but, lo and behold, the victims were the league's first expansion teams—the New York Mets and Houston Astros.

The Expos swung first in the afternoon, flooring New York 11-10, leaving the Mets the only expansion club still looking for an opening day victory—after-eight years. The Padres followed at night with a 2-1 decision over the Astros, who won their first game ever in 1962 and since have had trouble recovering their momentum.

In other games the Chicago Cubs and Ernie Banks outhomered Philadelphia 7-6 in 11 innings. Felix Millan slugged his first gland slam homer as Atlanta whomped San Francisco 10-2, and Pittsburgh struggled 14 innings to subdue St. Louis 6-2.

Montreal really unloaded against the Mets' Tom Seaver, Cal Koonce, Al Jackson and Ron Taylor as pitcher Dan McGinn, Rusty Staub and finally Jose Laboy walloped homers.

Laboy, a minor league player for 10 years, unloaded with two on in the eighth inning for a decisive 11-6 lead before a disappointed crowd of 44,541 in New York.

The Mets, last with the least, made it close with four runs in the ninth, three on rookie Duffy Dyer's pinch homer. New York outhit Montreal, 15-12, and to add to the insult, the winning pitcher was former Met Don Shaw.

"It's the darndest opening day game I've ever seen," said Expos' manager Gene Mauch. "Both clubs were keyed up. Both were loosey goosey with those bats."

The Mets also supplied San Diego with a winning pitcher—Dick Selma, who hurled a five-hitter, struck out 12 and had two of the Padres' four hits.

San Diego didn't even have a hit until Ed Spiezio homered with one out in the fifth to tie the game 1-1. The following inning, Wilson hit Roberto Pena with a pitch and one out later Ollie Brown doubled him home before the crowd of 23,370 in San Diego.

"We're not such a bad ball club," Selma said. "We've got better hitting than the Mets ever had."

To which Brown added, chuckling, "we might go undefeated."

In Chicago, Willie Smith's two-run pinch homer brought the Cubs victory in the 11th inning, but it was effervescent Ernie Banks who got them that far.

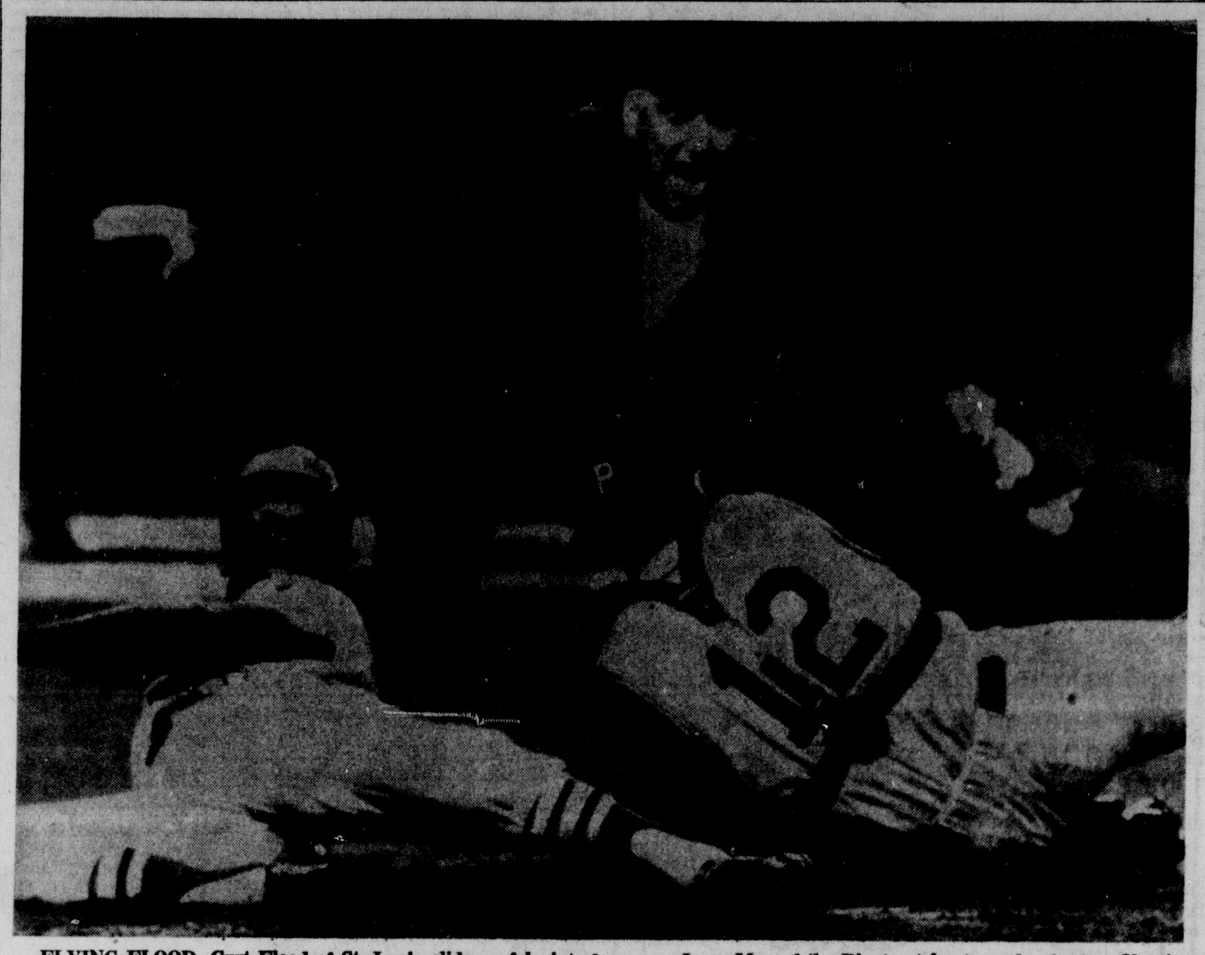

Ageless Ernie, 38 years young, stroked the 475th and 476th homers of his 17-year career for Chicago's first five runs, outdueling rookie Don Money of the Phillies, who hit his first two homers for four runs, the second with two on in the ninth. It was Money who doubled in another run to put the Phillies briefly ahead in the 11th.

Millan's blast, only his fourth homer in the majors, followed an intentional walk in the sixth inning and put the Braves ahead 7-2, clinching their second victory over the Giants in as many days.

The Braves hammered 16 hits while Phil Niekro gave up only eight hits, including a homer by Willie McCovey, in going the distance.

Pinch-hitter Manny Sanguillen singled in Pittsburgh's two tie-breaking runs and Matty Alou drove in two more, all with two out, to beat the league's defending champions.

Bob Gibson went the first nine innings for the Cardinals, but gave up a homer to Willie Stargell and a run-scoring hit by Roberto Clemente.

FLYING FLOOD. Curt Flood of St. Louis slides safely into home as Jerry May of the Pirates tries to make the tag. Umpire Al Barlick calls the play. Flood scored from first on a double by Vada Pinson. Pittsburgh won 6-2 in 14 innings at St. Louis last night. (UPI Telephoto)

Aliquippa In Section 6 In Realignment

In a drastic move yesterday, the WPIAL split Section 3 in its basketball realignment.

Aliquippa and Ambridge were separated from the league and will compete in Section 6 with Midland, Monaca, Beaver, Rochester, Hopewell and New Brighton. Seneca Valley, formerly of Section 6, was assigned to Section 3, joining Farrell, Sharon, Butler, Ellwood City, New Castle and Beaver Falls.

Freedom, formerly in Section 6, drops to Class B and joins Section 18, formerly Section 17. South Side Beaver, Western Beaver, Center, Carnegie, Coraopolis and West Alleghe-ny, along with Freedom and Neville, are now in Section 18.

The New York Mets last season turned in eight shutouts in games where they used two or more pitchers.

Masters Hurls Oak Glen Win

By TURK PIERCE
Review Sports Editor

Gary Masters, senior lefthander, spun a five - hitter and pitched Oak Glen to a 3-1 win over Beaver Local in the session baseball opener for both schools yesterday at Newell.

Masters walked no one and struck out eight. The only run off him was unearned.

Showing good control, the Golden Bear hurler used only 88 pitches over seven innings and went to three balls on a batter only three times.

Terry Boyd paced the attack for Larry Canterbury's forces with three hits, including a triple. Pat Clutter added two hits, including a double. Rick Sheppard, who didn't start, collected two hits for the Beavers.

Sophomore Bob Robinson took the loss for Beaver Local, being touched for two runs in two innings. Bob Flint finished up, allowing just one more run. The Beavers made only two errors, but each led to a run.

Robinson got off to a shaky start when Boyd and Clutter singled and Vic Reed was hit by a pitch to load the bases with none out in the first. Steve Murray forced Boyd at home, but third baseman Gary Klembara fumbled Lee Huff's grounder, allowing Clutter to score. Robinson got the next two hitters without further damage, however.

The Beavers of Nevitt Stockdale tied the game in the second when Lew Brown singled, stole second, took third on an error and scored on a fielder's choice. With two out in the bottom of the second Boyd's slicing drive got past Brown for a triple and Clutter hit a long drive to right center for a double, driving in what proved to be the winning run. An insurance run was added in the third when Murray was safe on an error, took second on a wild pitch and scored on a hit by Craig Whittington.

The losers threatened in the fifth when Sheppard led off with a pinch - hit single and took second on an error. Snortstop Boyd made a nice play to throw out Dubberly, but Mike Smith was safe when Masters fumbled his dribbler. With Flint up, Smith broke for second before Masters pitched, and was hung up. When Sheppard broke for home he was out at the plate and Flint took a third strike to end the inning.

Boardman Nips East Liverpool Nine 5-4

Cunningham Drives In Three

East Liverpool high opened its baseball season by losing a heartbreaker 5-4 at Boardman yesterday.

The Spartans won with two out in the last of the seventh when Ken Clark walked, stole second and scored on a single by Bruce Beard. East Liverpool had tied the game in the top half of the inning when John Haney singled, and was forced by Rick Schuck. Jim Massey walked and with two out Dan Cunningham singled to tie the score.

Bill Montgomery went the whole way for the Potters, taking the loss. He was a bit wild, allowing five walks and a hit batsman, and three of the walks came in to score. Boardman collected 10 hits, including three doubles. Jeff Pelley led the way with three hits, including a double. East Liverpool had eight hits, all singles, with Cunningham, Jim Musuraca, Haney and Massey all getting two.

Boardman opened the scoring in the second when Clark walked, stole second and scored on a hit by Pelley. The Potters went ahead in the third when Schuck walked, Massey singled, Kim Kemple advanced the runners with an infield out and Cunningham singled for two runs.

Boardman retaliated with three runs in the bottom of the third. Kim Grant walked and Greg Crowley singled him to third. Grant was out trying to score on Bud Joyce's grounder, but a wild pitch moved the runners up and Clark plated both with a single. Clark scored on a double by Butch Beard.

East Liverpool narrowed the gap in the fourth when Musuraca singled, stole second and scored on a hit by Haney.

Jack Hay, who came on in the top of the seventh and gave up Cunningham's game - tying hit, ws the winning pitcher.

Tigers, McLain Beat Indians

By HERSCHEL NISSENSON
Associated Press Sports Writer

Early or late, expansion is great and the American League's two new clubs used opposing formulas Tuesday to win their opening games by identical scores.

The Seattle Pilots struck early, erupting for four runs in the first inning and holding off the California Angels 4-3 in a night game at Anaheim. The Kansas City Royals scored on Joe Keough's bases-loaded single in the 12th and nipped the Minnesota Twins 4-3.

In another night contest, Oakland whipped the Chicago White Sox 5-2, while world champion Detroit trimmed Cleveland 6-2 and Boston edged Baltimore 5-4 in 12 innings during the afternoon. The New York Yankees and Washington were not scheduled.

Manager Joe Schultz of the Pilots, asked for comment on the surprising expansion victories, said "It goes to show the owners did their job" by making some good players available. Seattle's Tommy harper led off against Jim McGlothlin with a double and Mike Hegan homered. Tommy Davis' single, a hit batsman, a walk and Gerry McNertney's single added two more runs.

The Angels scored in the second on three singles, on Jim Fregosi's homer in the fifth and on two walks, a sacrifice and an infield out in the ninth.

But they ran themselves out of a possible big inning in the second. Aurelio Rodriguez and Tom Satriano opened with hits. Hegan crashed into the right field wall and was knocked cold trying to catch Bobby Knoop's drive, but Knoop passed Satriano on the basepaths and was called out. Hegan suffered a sprained left wrist and bruised hip.

The Royals tied Minnesota 3-3 with two runs in the bottom of the sixth but couldn't win it until the 12th before 17,688 fans who welcomed baseball back to Kansas City after a one-year absence.

Harmon Killebrew's error opened the door for two unearned runs in the sixth. Joe Foy began the winning rally in the 12th with a one-out infield hit and a passed ball and two intentional walks around a wild pitch filled the bases.

Rookie Manager Billy Martin pulled in his outfield but Keough drilled the ball over right fielder Tony Oliva's head. Lou Piniella, acquired last week from Seattle, paced the Royals with a double and three singles. Graig Nettles homered for the Twins.

"I'd have to say this is my biggest thrill as a manager," said Kansas City's Joe Gordon. "The big thrill I got out of it was the way the guys were all pulling for each other. I'll tell you this—I'd have been real disappointed if we'd lost. The guys had battled so hard all day."

Denny McLain held Cleveland to three hits and Al Kaline walloped a two-run homer as Detroit opened defense of its 1968 flag. McLain, who was treated Monday for an inflamed pitching shoulder, blanked the Indians over the last seven innings after yielding a homer to Larry Brown in the first and another run in the second.

Norm Cash's two-run double off Luis Tiant tied the game in the third and Kaline connected two innings later. A record Detroit opening day crowd of 53,572 was on hand.

A sacrifice fly by pinch hitter Dalton Jones delivered the winning run as the Red Sox downed the Orioles before 36,100 in Baltimore.

Boston's Tony Conigliaro and Baltimore's Frank Robinson traded two-run homers in the 10th. It was Conigliaro's first since Aug. 8, 1967, 10 days before he was beaned by a pitch that threatened to end his career. Mark Belanger also homered for the Orioles.

Seventeen of 20 American League baseball writers voted for Stan Bahnsen of the New York Yankees as 1968 rookie of the year. The pitcher won 17 games for the Yankees.

HINTS FROM HELOISE

Hose Problem Solved

DEAR HELOISE: Well, I really learned something this weekend that I'm almost too ashamed to write you about. But maybe there are a few other slow thinkers in the crowd who would appeciate this:

Heloise

In a rush to buy some stockings for my daughter and myself, I decided to take the medium length since they were out of the short size. And just guess what that saleslady told me?

"Honey, if they're too long, just turn the tops UNDER."

Imagine. Why hadn't I been doing that all this time? Don't most of us turn 'em over instead? She said it would give a much smoother line, and believe you me, it most certainly does.

DUM DUM.

That's a terrific one, gal. And here's another secret. . . .

Ever tried wearing your girdle wrongside out? Those little supporter knobs won't leave a bump showing through your straight skirt! Try it and see.

If your girdle has removable supporters, you only need turn those supporters backwards. Works.

HELOISE.

DEAR HELOISE: I found a new use for empty thread spools.

They are dandy for the zippers I remove from old dresses.

I wind my zipper around the spool and secure it with a rubber band.

You can also mark the length on the end of the spool, and fit them neatly into your sewing box or drawer.

BONNIE ANDERSON.

DEAR HELOISE: I thought flower lovers would like to know that you can put the little plastic wires from bread wrappers to good use in making stems for dried flowers.

Sometimes, when picking flowers, the stems are broken off short. So while they are still pliable, just wind them around the wire and they will stand upright in your vase very nicely.

MRS.R. F. CASSIDY.

Dear Heloise: Have you ever had a hard time getting clamp-suspenders to stay hooked to thin material, such as little girl's cotton slacks or skirts?

I sew a very small button on the band of the garment so the clamp has something to grab onto.

PAT KELLEY.

DEAR HELOISE: My garbage man had passed me up on occasion, but this time my cans were running over. I called and raised my voice to high heaven. They came promptly.

I was so relieved that I took a felt ink-marker and wrote THANK YOU in large letters on the lid of the can.

If we can yell at the top of our lungs when they miss us a few times, we can at least say thanks for being on the job most of the time.

MRS. L.M.C.

DEAR HELOISE: Did you know that you can preserve the small markings on your yardstick (and those markings do wear off if you use the stick a great deal) by putting a coat of clear varnish over the entire length and width of it?

SUSAN.

DEAR HELOISE: Sometimes we get good ideas from our very youngest children:

My seven-year-old was fixing cheese sandwiches for her school lunch. She put the soft broad on the counter and proceeded to butter the cheese instead of the bread.

It works!

When bread is very fresh, it will tear, and she had learned from experience that it is easier to butter the more solid slice of bread.

This also works with bologna, salami, and most types of lunchmeats.

CHEO'S MOTHER.

District Meeting Set By Auxiliary Of W.Va. Legion

Mrs. Twyla Finley of Chester, statewide president of the American Legion Auxiliary, Department of West Virginia, will attend the organization's annual First District spring conference Sunday at the Mercantile Bank Building in Moundsville.

Activities will get under way at 9:30 a.m., with registration and a coffee hour. A morning session is scheduled at 11, with a luncheon break at noon. The afternoon session is scheduled for 1:15.

Reservations are to be made by Thursday with Mrs. Ruth Wood of 117 Pine Ave., Moundsville.

Presiding will be Mrs. John (Thelma) Merriman of Chester, the district's president.

The First District includes 21 individual units with a total of 2,189 members.

Its territory embraces the communities of Wheeling, Moundsville, McMechen, Weirton, Grafton, Fairmont, Cameron, New Martinsville, Wellsburg, Mannington, Follansbee, Benwood, Pine Grove, Paden City, Newell, Hundred, Chester, Smithfield and Lawrenceville.

Three Inducted By Legion Post

Three new members were inducted into Lawrenceville American Legion Post 163 Monday night. They are Carl Pierson, John Miler and John Wilson.

The group approved a donation to the cancer society as a memorial tribute to Mrs. Iva McMillen, who died recently. Another donation was approved to the Lawrenceville Athletic Association.

The post will sponsor a child to "King For a Day" ceremonies at Charleston. Delegates to the district convention at Wheeling May 18 are Lawrence Mikeals, Charles Huffman, Donald Van Dyke, Dean Nlnamaker, Kenny Brewer and Clarence Clendenning.

Prayer was offered by Chaplain Kenny Brewer. Comdr. Mikeals was in charge.

Hone Will Speak At Banquet For Wellsville Post

J. P. (Pat) Hone, department adjutant, will be guest speaker during the 50th anniversary banquet of the Wellsville American Legion post April 19 at 6:30 p.m.

Plans for the event were completed during a meeting Monday night conducted by Comdr. Kenneth Hoover.

The theme will be "God and Country and Law and Order." Tickets will be on sale at the home.

Jerry Deitch of East Liverpool and Kenny Riddle of Wellsville were enrolled as members. Bill Jackson's band will play for the dance Saturday from 10 p.m. to 1 a.m.

The regular weekly meeting on Monday has been cancelled due to the session of the Melvin Memorial Committee, to which all interested organizations are invited.

Shaw Selected As Lecturer By Lisbon Grange

LISBON — Clifford Shaw was elected lecturer, replacing Mrs. James Lawrence who resigned, during Monday night's meeting of the Lisbon Grange.

He also reported on the legislative conference he attended in Columbus last month.

Graydon Welling, master, conducted the business session when a reminder was given of the April 18 meeting and square dance of the county grange youth at Guilford Grange.

The charter was draped in memory of Edna Taber, wife of the past national master, and for Lawrence Armstrong, one of the Lisbon Grange's 50-year mtmbers.

The group voted donations for the Cancer Society and Red Cross.

Lunch was sold by members of the Juvenile Grange.

Tickets for the Demeter Club banquet May 26 at 7:30 at the Bayard Grange may be obtained from Mrs. Welling, with reservations due by May 15.

The Lisbon Grange will receive the traveling flag from the Guilford Grange at the May 5 meeting and on May 9 will present it to the Bayard Grange.

Scranton Named To Intelsat Post

WASHINGTON (AP) — William W. Scranton, former governor of Pennsylvania, has been appointed U.S. representative, with the personal rank of Ambassador, to the Intelsat conference.

The International Telecommunications Satellite Consortium is made up of 67 nations. Last month its first stssion was concluded in an attempt to draft agreement on a globbal commercial satellite system.

Scranton, named to his new post by President Nixon Monday, has been the Chief Executive's emissary before.

During the transition between the November elections and the inauguration, Scranton went on a Middle East fact-finding tour for Nixon.

Intelsat is due to reconvene in Washington November 18.

Lukens Talks To U.S. Ambassador In Soul

SEOUL (AP) — Rep. Donald E. Lukens, R - Ohio, met with William Porter, American ambassador to Seoul, at the embassy here Wednesday.

Lukens arrived Tuesday from Taipei for a three day visit as part of his Asian tour. He is a member of the House Science and Astronautic Committee.

3 Good Reasons to Save at Diversified:

1

5¾% interest paid on one year term certificates. A minimum deposit of $1000 is required, thereafter in increments of $1000. When held for one year these certificates pay the area's highest rate — 5¾%.

2

5½% interest paid on investor's passbook savings. A minimum deposit of $500 is required. When held for one year this plan pays 5½% compounded quarterly and earned daily. Money may be withdrawn at any time and still earns 5¼%.

3

5¼% on regular passbook savings. Interest is compounded quarterly and earned daily. Which means you can deposit your money today, take it out tomorrow and still get one day's interest. Savings earn from the day of deposit, and withdrawals are penalized only for the amount of the withdrawal and for the number of days remaining in the quarter.

On The TV Beat

By Cecil Smith

Daniel Boone To Meet Ex-Slave

Daniel Boone is the only successful series in television to be set in the era of the American Revolution, a much more interesting period, I think, than the tired post-Civil War era of the Westerns.

Cecil Smith

"But there's a lotta people in networks and advertising agencies prejudiced against any show earlier than the Civil War," says Fess Parker.

The reason is obvious. That was the era of slavery, a historical fact TV prefers to ignore.

BUT BOONE must face up squarely to the slavery issue this coming season. Rosey Grier, the gigantic, black ex-Rams tackle, will be a regular member of the cast, signed for a dozen shows.

"He'll play an escaped slave," said Barney Rosenzweig, the bearded young producer of the program. "He escaped to the Indians who accepted him into the tribe. Even though Boone is a friend of the Indians, Rosey will be suspicious of him — why should he help whitey?"

We were standing on a bluff above a stream gurgling with springtime freshness at the Malibu Canyon ranch of 20th Century-Fox. After last winter's rains, the hills are covered with such a velvety green fuzz they seem almost too lovely to be real — like a picture post card.

BELOW on the bank of the stream a lanky fugitive in buckskins is scrambling for safety. Bloodhounds bay behind him, and grimy mountainmen follow with their long rifles. The fugitive plunges into the brambles of a fallen oak. Director Jerry Juran calls: "Cut!"

A trainer fills a three-cornered hat with dog food, which the bloodhounds gulp down, and Juran says: "Now let the dogs smell the hat." The fugitive, who is Jimmy Dean sticks his head out of the brambles and yells: "Whyn't you let 'em smell the script and see what they do?"

"We got so many singers on this show, we ought to do an operetta," says Parker.

SINCE SINGER Ed Ames left the series two years ago, singer Dean has made a number of appearances, singer John Davidson is scheduled for several shows next season and Grier made his leap from football to show business via his singing on a highly successful local show here.

Fess is a singer who's currently assembling a night club act, just, he says, "to see what happens."

He's beginning his sixth year as Daniel Boone, filming 13 programs this spring after which he will take a long vacation before the show resumes shooting in October.

He may hit the night club trail during the summer layoff. It's mostly for fun because Fess is an astute businessman who has invested his TV earnings wisely and now is engaged in plans to build a massive $20 million amusement park, Frontierworld, in Boone County, Ky.

FESS CAME to fame as another early folk-hero, Davy Crockett. Few people realize this was not a series but a three-part Disney film. However, there are thousands who know Fess better from those three hours of Crockett than from his 117 episodes of Boone.

He bridges a generation. Kids who used to wear coonskin caps and sing about Crockett, "king of the wild frontier," are now parents of kids who are avid followers of Daniel Boone.

Fess, a big, easygoing man in his buckskins, enjoys the series, flying his Cherokee 180 down from his home in Santa Barbara daily to work. When they're working on location at the ranch, he sometimes brings one of the children along — today, 7-year-old Eli, his golfing son, "who has a natural swing his Daddy never had."

DUSTY JIMMY DEAN escapes the bloodhounds and climbs the hill and Fess tells him: "I was down your way to see your hog farm at Plainview, Tex. Nice people down there, but what an awful country. You ought to pay us to let you work here."

"Ain't that country awful?" said Jimmy. "Why you can stand belly-deep in mud and the dust will flow in your eye!"

Which is a line someone probably said to the real Daniel Boone.

WORLD ALMANAC FACTS

Samuel Pepys ascended Barking Steeple, Sept. 5, 1966, ". . . and there saw the saddest sight of desolation that I ever saw." London's Great Fire raged for five days and razed 13,200 houses, 89 churches and made 200,000 homeless. The catastrophe is commemorated by a 202-foot-high column because it is 202 feet from where the fire started in Pudding Lane.

Trucker Pays Penalty For Charges Of Ice

A West Virginia truck driver was fined on two charges filed by the Interstate Commerce Commission in Municipal Court today.

Edward R. Williams of Buckhannon was ordered to pay $10 and costs for driving without lights on his trailer and $50 and costs for failure to have the proper ICC registration to operate in Ohio.

The charges, lodged by W. K. Leishman of the ICC, resulted after the rig was stopped Tuesday about 7:30 p.m. on Route 7, three-tenths of a mile west of here.

Leishman told the judge the company which owns the rig, Alkire Trucking, is not authorized to operate in Ohio.

Williams said he had been to Cleveland and was returning to West Virginia when stopped.

Ronald J. Woomer of 322 W. 5th St. was fined $10 and costs for "peeling tires." He was arrested yesterday about 6:25 p.m. at E. 5th and Washington Sts.

David H. Martin of 366 McKee St. was ordered to pay $15 and costs for speeding on St. Clair Ave. about 9:44 p.m. yesterday. He was clocked by police at 50 miles an hour in a 35-mile zone.

Kenneth A. Hickman of 338 Haywood St. was fined $10 and costs for running a traffic light at W. 8th and Lisbon Sts. last Thursday about 9:09 a.m. Patrolman Karl W. Samples, who filed the charge, appeared in court to describe the arrest. Hickman had pleaded not guilty.

Ruth Stewart of 115 Kountz Ave., Wellsville, was fined $15 and costs for doing 65 miles an hour in a 50-mile zone about 10:25 p.m. last Wednesday on Route 7.

Jerry Gaun Jr. of Pleasant Valley Rd., Wellsville, was fined $25 and costs for failure to have his vehicle under control. He was involved in an accident on W. 8th St. March 30 about 3:17 a.m. at the intersection with Shadyside Ave. His auto hit a utility pole and turned over. He had been in an area hospital for treatment since then.

The case of John E. Myler of the Marshall Apartments was continued a second time.

Judge Chertoff set April 15 as the next date for a hearing for the man charged with "failure to exercise care when starting from park." The charge was lodged by Ohio highway patrolmen on Route 7 March 16 about 12:30 p.m.

Myler told the judge this morning he has been unable to obtain an attorney, but expects to retain one within a couple of days.

Roy Fetty of Dresden Ave. was ordered sent to the County Jail after being fined $100 and costs on an intoxication charge yesterday about 12:05 p.m. at 3rd and Market Sts.

Add lots of chopped fresh dill to sour cream and serve as a dressing for sliced cucumbers. Great with fish!

At the close of World War I, the United States had almost one million drug addicts. During Prohibition there were twice as many federal convictions for drug offenses as for liquor violations.

Sisco Gives Up In North Dakota; Will Be Returned

William Sisco, a former East Liverpool resident who escaped from the Beaver County jail last Wednesday night, has given himself up in Bismarck, N.D.

Bismarck Sheriff John Barnes told Beaver County Sheriff John Hineman Jr. by phone that Sisco walked into the police station and voluntarily surrendered. Barnes said Sisco informed him he would waive extradition and return to the Beaver County jail.

Since he is a fugitive fleeing from confinement under an issued warrant, he is in the custody of the FBI, according to Bernard Cashdollar, county detective.

Barnes told Hineman he had been busy fighting floods in North Dakota and had not had time to interrogate Sisco, but added he would question him as soon as he had a chance. Sisco probably will be returned to the Beaver County jail by authorities sometime this week.

Club Hears Talk On Lumbering

LISBON — The Columbiana County Board of Realtors heard a talk on lumbering Tuesday night by Clarence Konen of the Hammond Lumber Co. of Massillon.

Thirty - one attended the monthly dinner meting of the Cambridge Inn north of here. Bruce R. Herron of Salem, president, was in charge.

Discussing the west coast timberlands, Konen said the government owns about 65 per cent of the timber and the rest is owned by five big companies.

He said Japanese lumber interests underbid U. S. companies for timbering rights on government-owned land and have the logs in lumber form when their sawmill ships reach the home islands.

Konen said the nation will need 36 million new homes in the next 10 years and predicted the majority of them will be prefabricated.

Konen was accompanied by Richard Beatty of the Massillon firm.

Man Bound To Jury

LISBON — Robert McKenzie, 46, of S. Lincoln Ave. Ext. was bound over to the Grand Jury Tuesday on a charge of sodomy filed Friday night by village police. McKenzie pleaded not guilty before Judge J. L. MacDonald in Southwest Court and waived preliminary hearing. The defendant's bond of $1,000 was continued.

Reaction

(Continued from Page 1)

there were inferences that he believed were not particularly factual.

He reiterated this morning that some of the statements in the report were just not true.

The initial reaction to the report by the East Liverpool Teachers Association board of directors was favorable. The board, which met Tuesday night, said the report would have had more meaning to the general public had it dealt more with specifics than generalities.

A general meeting of the whole ELTA has been set for Monday at 3:30 p. m. at East Junior High School.

James Martin, spokesman for the ELTA board, said the board is planning to make immediate changes suggested in the PRR report, including revision of by-laws and the constitution.

—:—

BROWN SAID he does not plan to call a special meeting of the board to consider the report. The next meeting of the board is set for April 21.

He criticized the means of delivering the report. 'The OEA had their pamphlet delivered to Supt. Blair at his home at 1 a.m. by a representative. Even though this document is extremely important, I am sure this kind of timing could be avoided."

"The PRR group has in a short time come up with many recommendations to solve the school problems. However, it is said to err is human, and even this dedicated group, requested by the ELTA from the Parent OEA, could be wrong in some of the recommendations."

"I do commend them," Brown said, "For their urging passage of the two proposed levy renewals." He said he has asked board members to study the report and make decisions so voting on the recommendations can be done as early as possible.

—:—

THOMAS RODFONG, board member, said he was pleased with the report criticism of the Nov. 22 failure of some teachers to report to classes at the high school. He said he believed the report was "very good overall."

"I just can't believe certain statements made, and would like to see some proof to substantiate these for example, grades being changed without teachers knowledge."

"Most of the recommendations have already been discussed and action taken on some of them by the board. I anticipate action will be taken on the other recommendations.

"As to the statement that Robert McNea (I assume it referred to McNea) has the authority and power to hire and fire coaches, this is ridiculus. There is no truth to this statement at all."

—:—

"THE RIGHT of the football coach — and all coaches — is to interview a prospective new coach, but they do not have the final say. If after Supt. Blair or Assistant Supt. Carl Pelini interview an applicant and they decide he would not make a good teacher, he is not hired simply because he is a coach.

"If by firing they are referring to Chan, this is false. He was not fired because McNea might have wanted this done. The administration can confirm this."

"As far as most of their recommendations go, they are good, but some I disagree with and some I just can't believe.

William Blair, board member, said he agreed with the recommendation for board members to disassociate themselves from direct administration. "This does not mean to assume an attitude of complacency toward the administration and concur with all recommendations, but to contribute conscientiously to the overall program."

"I still feel strongly that the division of athletic director and coach posts is an absolute necessity.

"If previous commitments were made relating to the athletic director's position, I hope that these were made with the complete understanding and approval of all concerned and in the best interest of the school. However, this does not mean that the policy relative to the position would continue indefinitely regardless of it's effect on the total school environment. "The report infers that the athletic director's job is not being handled conscientiously. I do not agree with this and feel that the individual involved has done a commendable job under the circumstances. Accusations have been made by staff members and several incidences have developed during this past year that are contributing to a very poor educational environment for the youngsters of our community. This condition cannot continue to exist if we are to fulfill our educational obligation in East Liverpool.

—:—

"THE PROBLEMS that have developed, which appear to center around the athletic director's job, are not the result of any one individual but are a combination of irrational actions on the part of many; starting with the Board of Education and going straight through the system. People have to work together toward a common goal and if this cannot be achieved, some personnel and-or position changes have to be made.

"The make - up of the present Athletic Board, in my opinion, is completely satisfactory. This group now includes the high school principal, athletic director, superintendent of schools, assistant superintendent and three board members. I do not agree with the P. R. R. recommendation.

"It should be made quite clear that board funds have not been spent on athletics. If various athletic programs being conducted are financially successful, the money should be recycled by the Athletic Board on a frugal and conscientous basis for the over - all improvement of the school's athletic programs.

A monthly financial summary is presented at the Athletic Board meetings and these reports are available to press and radio.

I believe that many of the statements made in the report were ambiguous and left too much to the imagination. One statement contained in the report read as follows: "Much controversy centers on the athletic department. Persons actively involved in athletics must be held responsible for their actions" and I might add handled accordingly if these actions are not in line with responsible professional conduct.

—:—

"ANOTHER statement read: 'Much testimony was presented that the athletic director has assumed responsibilities which should rest in the hands of the administration and Board, specifically the niring and firing of coaches.' During my term on the board, I have not been aware of any hiring or firing having been done by anyone other than the board. Our coaches have, however, become actively involved in periodically resigning from their respective positions. This type of action could possibly be construed as hiring and firing.

The most timely recommendation presented in the report and also the most important area of interest to our entire school district at this time, read in part as follows: "The citizens of East Liverpool must pass the 12 mill renewal levy in the May primary.' This has to be foremost in all of our minds, and I urge each voting citizen in the school district to vote for this renewal."

George Ward, board member, works in Minerva and has not been reached for comment.

Harry McConville, board member who works for the Internal Revenue Service, is in Salem, Hanoverton and surrounding communities today, and has made no statement at this time.

National Steel Gets Interest In Company

PITTSBURGH — George A. Stinson, president of the National Steel Corp., and Roger M. Wheeler, president of the American Magnesium Co., have announced jointly that the two corporations have entered into an agreement under which National Steel will acquire a 30 per cent interest in American Magnesium.

Midland Schools Eye Distributive Program

Dr. Charles Henderson, superintendent of Midland public schools, was authorized to investigate a distributive education program for the high school during a meeting of the school board Tuesday.

If the project is initiated, participating students would attend school a half day and work for local merchants the remainder of the day. Western Beaver High School and South Side High School already have such a program.

Sam Rosatone, maintenance supervisor, reported the drafting room remodeling is completed and an inspection will be made. He said the stockroom located off the gym has been painted and roof repairs will be completed as soon as weather permits.

James Cerasi, board member, reported he had talked with Mr. and Mrs. Tom Wood, whose son Timmy is receiving home instruction. They told him they had taken Timmy to Philadelphia for a checkup, along with the records prepared by his Midland teachers. The officials at the hospital commented no other school "had prepared such complete records and given such help" as the Midland system.

Dr. Henderson announced an exchange band program with Western Beaver High School. Mdland will be the host school April 30 and Western Beaver April 22. Costs of transportation for the Midland students will be paid by the Concert and Cultural Committee.

The Rod and Gun Club, sponsored by Ed Olkowski and Melvin Laing was granted permission for a field day at Raccoon State Park April 16. Members will have a guided tour of the park and receive instructions on trout fishing. They will make the trip at their own expense.

A request of the Serbian Athletic Association for use of the old gym for practice in preparation for a national tournament was granted. A request for use of the gym in the fall was tabled until a schedule can be made.

A $50 donation was made to WQED.

The resignation of Mrs. Katherine Rile, kindergarden teacher at 1st St. School, was accepted, effective at the end of the present school term. She cited illness.

Mrs. Greta Riezner was added to the substitute list. A request by Mrs. Ruth Frye to receive her summer pay at the end of the term was granted. She will visit Europe.

A letter of commendation was received for Lawrence Novak who served on an evaluation committee at Grove City schools. A letter of thanks for use of the gym and facilities was read from Robert Pillar, coach at Presentation Catholic School.

The secertary was authorized to forward a letter of congratulations to the junior high basketball team for its performance.

The budget request by the Athletic Board will be returned to the committee and Joel Carr, principal, for further study. The budget was $3,000 over the anticipated figure. An application for assistant baseball coach will be studied.

Dr. Henderson said Carr attended an emergency meeting concerning the reshuffling of teams for the WPIAL basketball schedule. Under the present schedule, Ambridge and Aliquippa would be in the same section as Midland.

Bills totaled $17,888. ESEA bills were $87.50.

The next meeting will be May 13.

Don't Tap Water Lines Too Soon, Residents Told

Industry residents who will receive water as a result of the new project were asked not to tap in on the mainline until notified.

Donald Haswell, manager of the Industry Municipal Authority, said at a meeting Tuesday, residents may lay service lines through their property, but are asked not to connect them until notification. The main lines must be cleaned and checked before they are released to the authority. Haswell said the project is 90 per cent complete.

The Engle Rd. lines are completed and work is being finished on the erection of a second tank in that area. Residents and the Western Beaver High School should receive water about May 1. A booster must be built on the Barclay Hill section. Residents of that area will receive water the middle of June.

Bills paid included: Schneider Co., $31,384; Gengerella Brothers, $2,631; Michael Baker Engineers, $4,209, and Miles P. Brown Co., $23,016. The next meeting will be May 13.

The biggest Scotch drinking area? It's in New York City, according to a survey conducted by Barton Distilling Company. Following New York, in order, are Chicago, Los Angeles, Washington, D.C., and Detroit.

Follansbee Cited For Community Betterment Bid

CHARLESTON, W. Va. (AP) — The state Chamber of Commerce has selected 20 West Virginia communities in 18 counties, as winners and runners-up in the 1968 Community Betterment Contest.

Martinsburg, Follansbee, Mannington, Franklin and Helvetia were honored with $1,000 first - prize awards in their population categories.

The State Chamber of Commerce conducts the contest each year as an incentive to encourage economic growth through community self - improvement and the emergence of leadership.

In the 10,000 and over population division, Martinsburg won top honors, followed by Clarksburg, Jackson County and St. Albans.

Follansbee, winners in the 3,000 - 10,000 category were trailed in the voting by Welch, St. Marys and Vienna.

Division III, 1,000 - 3,000, saw Mannington walk off with first place with Gassaway second, Anmoore third and Bramwell fourth.

The Pendletor County town of Franklin took first prize in the 500-1,000 division. Richmond District was second, Sutton third, and Kermit fourth.

Helvia, in Randolph County, took top prize in the 0-500 category followed by Winfield, Leon and Kanawha Drive.

First prize winners received $1,000; second - place finishers, $500; third-place, $300; and fourth, $100.

2 IN MEMORIAM

In loving memory of our son and brother, EDWARD WAYNE SHEETS, JR.:

Near a shady wall
A rose once grew,
Budded and blossomed
In God's free light,
Watered and fed by morning dew—
Shedding it's sweetness
By day and night.
As it grew and blossomed
Fair and tall,
Slowly rising to loftier heights,
It came to a crevice in the wall
Through which there shown a beam of light.
Onward it crept with added strength,
With never a thought of fear or pride.
It followed the light through the crevices length
And unfolded itself on the other side.
The light, the dew, the broadening view
Were found the same as they were before.
And it lost itself in beauty's view—
Breathing its fragrance more and more.
Shall claim a death—
Cause us to grief
And make our courage faint and fail
Nay let us faith and hope receive.
The rose still grows beyond the wall
Scattering fragrance far and wide.
Just as it did in days of yore.
Just as it did on the other side.
Just as it will forevermore.

Sadly missed by Mother, Dad, Sisters and Brothers

Today In History

By The Associated Press

Today is Wednesday, April 9, the 99th day of 1969. There are 266 days left in the year.

On this date in 1865, Confederate Gen. Robert E. Lee surrendered to Gen. Ulysses S. Grant at Appomattox Court House, Va.

In 1682, the French explorer, La Salle, reached the Gulf of Mexico after traveling the length of the Mississippi River.

In 1939, the Negro singer, Marian Anderson, gave a recital at the Lincoln Memorial in Washington after being barred from Constitutional Hall.

In 1940, Germany invaded Norway and Denmark.

In 1942, American and Filipino forces on Bataan, the Philipines, were overwhelmed by the Japanese after three months of resistance.

In 1945, German troops in the Netherlands were trapped as Canadian troops cut off all escape routes.

In 1963, President John F. Kennedy signd a proclamation making Sir Winston Churchill an honorary American citizen.

Ten years ago — There was a revolt in northern Iraq.

Junior Editors Quiz on ELEPHANTS

QUESTION: *How did the elephant get his trunk and can he breathe through it?*

* * *

ANSWER: Far in the dimness of the past, an animal about half the size of an elephant lived in Egypt browsing on ground plants and roots. We call it Moeritherium (1). "Moe" left descendants which grew larger, with teeth developing into useful grubbing tusks and with long flexible snouts (2). Later, such animals appeared in America; (3) shows what an early American elephant looked like. As they became larger, it was difficult for these elephant ancestors to reach down to the ground for food. With their long trunks, they very sensibly began to reach up, where juicy tree bark, twigs and leaves were awaiting them. Their tusks grew much longer, so that if they wanted to grub for roots, they could do that too. Such changes produced the hairy mastodons which once lived in America and then became extinct, as well as the true elephants of Asia and Africa (4). We breathe and smell through nostrils in our noses. The elephant uses nostrils in the end of his trunk for the same purposes. The trunk has many other uses, a few of which we suggest.
